Strike all after the enacting clause and insert the following:

**SECTION 1. SHORT TITLE.**

This Act may be cited as the “Shareholder Political Transparency Act of 2021”.

**SEC. 2. FINDINGS.**

Congress finds that—

- (1) corporations make significant political contributions and expenditures that directly or indirectly influence the election of candidates and support or oppose political causes;
- (2) decisions to use corporate funds for political contributions and expenditures are usually made by corporate boards and executives, rather than shareholders;
- (3) corporations, acting through boards and executives, are obligated to conduct business for the best interests of their owners, the shareholders;
- (4) historically, shareholders have not had a way to know, or to influence, the political activities of corporations they own;
- (5) shareholders and the public have a right to know how corporate managers are spending company funds to make political contributions and expenditures benefitting candidates, political parties, and political causes; and
- (6) corporations should be accountable to shareholders in making political contributions or expenditures affecting Federal governance and public policy.

**SEC. 3. REPORTING REQUIREMENTS.**

Section 13 of the Securities Exchange Act of 1934 (15 U.S.C. 78m) is amended by adding at the end the following:

“(s) REPORTING REQUIREMENTS RELATING TO CERTAIN POLITICAL EXPENDITURES.—

“(1) DEFINITIONS.—In this subsection:

“(A) EXPENDITURE FOR POLITICAL ACTIVITIES.—The term ‘expenditure for political activities’—

“(i) means—

“(I) an independent expenditure (as defined in section 301(17) of the Federal Election Campaign Act of 1971 (52 U.S.C. 30101(17)));

“(II) an electioneering communication (as defined in section 304(f)(3) of that Act (52 U.S.C. 30104(f)(3))) and any other public communication (as defined in section 301(22) of that Act (52 U.S.C. 30101(22))) that would be an electioneering communication if it were a broadcast, cable, or satellite communication; or

“(III) dues or other payments to trade associations or organizations described in section 501(c) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of that Code that are, or could reasonably be anticipated to be, used or transferred to another association or organization for the purposes described in subclause (I) or (II); and

“(ii) does not include—

“(I) direct lobbying efforts through registered lobbyists employed or hired by the issuer;

“(II) communications by an issuer to its shareholders and executive or administrative personnel and their families; or

“(III) the establishment and administration of contributions to a separate segregated fund to be utilized for political purposes by a corporation.

“(B) ISSUER.—The term ‘issuer’ does not include an investment company registered under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8).

“(2) QUARTERLY REPORTS.—

“(A) REPORTS REQUIRED.—Not later than 180 days after the date of enactment of this subsection, the Commission shall amend the reporting rules under this section to require each issuer with a class of equity securities registered under section 12 of this title to submit to the Commission and the shareholders of the issuer a quarterly report containing—

“(i) a description of any expenditure for political activities made during the preceding quarter;

“(ii) the date of each expenditure for political activities;

“(iii) the amount of each expenditure for political activities;

“(iv) if the expenditure for political activities was made in support of or in opposition to a candidate, the name of the candidate and the office sought by, and the political party affiliation of, the candidate; and

“(v) the name or identity of trade associations or organizations described in section 501(c) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code which receive dues or other payments as described in paragraph (1)(A)(i)(III).

“(B) PUBLIC AVAILABILITY.—The Commission shall ensure that the quarterly reports required under this paragraph are publicly available through the Internet website of the Commission and through the EDGAR system in a manner that is searchable, sortable, and downloadable, consistent with the requirements under section 24.

“(3) ANNUAL REPORTS.—Not later than 180 days after the date of enactment of this subsection, the Commission shall, by rule, require each issuer to include in the annual report of the issuer to shareholders—

“(A) a summary of each expenditure for political activities made during the preceding year in excess of \$10,000, and each expenditure for political activities for a particular election if the total amount of such expenditures for that election is in excess of \$10,000;

“(B) a description of the specific nature of any expenditure for political activities the issuer intends to make for the forthcoming fiscal year, to the extent the specific nature is known to the issuer; and

“(C) the total amount of expenditures for political activities intended to be made by the issuer for the forthcoming fiscal year.”.

#### SEC. 4. REPORTS.

(a) SECURITIES AND EXCHANGE COMMISSION.—The Securities and Exchange Commission shall—

(1) conduct an annual assessment of the compliance of issuers with section 13(s) of the Securities Exchange Act of 1934, as added by section 3; and

(2) submit to Congress an annual report containing the results of the assessment under paragraph (1).

(b) GOVERNMENT ACCOUNTABILITY OFFICE.—The Comptroller General of the United States shall periodically evaluate and report to Congress on the effectiveness of the oversight by the Securities and Exchange Commission of the reporting and disclosure requirements under section 13(s) of the Securities Exchange Act of 1934, as added by section 3.

#### PURPOSE AND SUMMARY

On February 18, 2021, Representative Foster introduced H.R. 1087, the “Shareholder Political Transparency Act of 2021.” H.R. 1087 would require public companies to submit quarterly reports to both the Securities and Exchange Commission (SEC) and investors detailing the amount, date, and nature of the company’s expenditures for political activities. If the political expenditure was made in support of (or opposition to) a particular candidate, or was made to a trade association, then the company must disclose the candidate and/or trade association. The bill also requires public companies to disclose in their annual reports any political expenditures over \$10,000 in the previous year, as well as the nature and amount of any political expenditures the company plans to make in the upcoming year.

#### BACKGROUND AND NEED FOR LEGISLATION

When the Supreme Court decided *Citizens United v. the Federal Elections Commission* in 2010, it held that political spending is protected speech and therefore corporations, unions, and other groups are permitted to make political contributions. Yet, under current law, corporations are not required to disclose their political expenditures even though such expenditures can have significant effects on a company’s short- and long-term value. This deprives shareholders of the ability to adequately assess whether the company’s

political expenditures truly advance the company’s interest or to adequately assess the risks political expenditures pose.<sup>1</sup>

In 2011, a group of legal academics filed a petition for the SEC to require corporations to disclose their political spending activities.<sup>2</sup> The petition received 1.4 million comments, the most in SEC history, but has not been considered by the SEC. However, shareholders continue to introduce individual proposals that would require companies to report their political spending and adopt relevant oversight procedures. At a February 2021 hearing before the Subcommittee on Investor Protection, Entrepreneurship, and Capital Markets, a representative of the California Public Employees’ Retirement System (CalPERS) stated:

Investors should have the information necessary to decide for themselves how these types of expenditures affect the risk-return profile of investments in such companies. We agree with former Justice Anthony Kennedy’s view in *Citizens United v. the Federal Elections Commission* that disclosure of corporations’ political activity provides investors the transparency necessary to make informed decisions.<sup>3</sup>

#### SECTION-BY-SECTION ANALYSIS

##### *Section 1. Short title*

This section establishes the short title of the bill as the “Shareholder Political Transparency Act of 2021.”

##### *Section 2. Findings*

Section 2 asserts that Congress finds that corporations make significant political contributions and expenditures that directly or indirectly influence elections and political causes, and that these types of decisions are often made by corporate boards and executives rather than shareholders. Section 2 further asserts that because corporations are obligated to conduct business for the best interest of their shareholders, shareholders have a right to know how corporate management is spending company funds for political contributions and expenditures, and that corporations should be held accountable in making political contributions or expenditures affecting federal governance and policy.

##### *Section 3. Reporting requirements*

Section 3 of this bill would amend Section 13 of the Securities Exchange Act of 1934 by inserting reporting requirements related to certain political expenditures.

Section 3 defines the term “expenditure for political activities” as an expenditure by a person expressly advocating the election or defeat of a clearly identified candidate, and that is not made in concert or cooperation with, or at the request or suggestion of, such candidate, the candidate’s authorized political committee, or their

agents, or a political party committee or its agents; an electioneering communication if it were a broadcast, cable, or satellite communication; and dues or other payments to trade associations and other 501(c) organizations, or could be reasonably transferred to another association or organization for these purposes.

Section 3 expressly excludes from the definition of “expenditure for political activities”: direct lobbying efforts through registered lobbyists or hired by the issuer; communications by an issuer to its shareholders and executive or administrative personnel and their families; and the establishment and administration of contributions to a separate segregated fund to be utilized for political purposes by a corporation.

Section 3 expressly excludes registered investment companies from its definition of issuer.

Section 3 would require the SEC to amend reporting rules within 180 days of the enactment of this bill to require issuers to quarterly report that includes: a description of any expenditure for political activities made during the preceding quarter; the date of each expenditure for political activities; the amount of each expenditure for political activities; whether the political expenditure was made in support or opposed to a candidate, the name of the candidate and office sought, and the political party affiliation of the candidate; and the name or identity of trade associations or organizations. These reports would be required to be made public on the SEC’s website and on EDGAR.

Section 3 would require the SEC to issue a rule within 180 days of the enactment of this bill requiring each issuer to include in the issuer’s annual report to shareholders: a summary of each political expenditure in excess of \$10,000, and for political activities for a particular election if the expenditure is in excess of \$10,000; a description of the nature of the political activity the issuer intends to make in the forthcoming year; and the total amount of expenditures intended to be made by the issuer for the forthcoming year.

#### *Section 4. Reports*

Section 4 would require the SEC to conduct an annual assessment of compliance of this Act and submit to Congress its findings, and requires the GAO to periodically evaluate the effectiveness of the oversight by the SEC of the reporting and disclosure requirements set forth in this bill.

#### HEARINGS

For the purposes of section 3(c)(6) of House rule XIII, the Committee on Financial Services’ Subcommittee on Investor Protection, Entrepreneurship, and Capital Markets held a hearing on February 25, 2021 to consider H.R. 1087 entitled, “Climate Change and Social Responsibility: Helping Corporate Boards and Investors Make Decisions for a Sustainable World.” Testifying before the Committee were: Andy Green, Senior Fellow, Center for American Progress; Heather McTeer Toney, Environmental Justice Liaison, Environmental Defense Fund and Senior Advisor, Mom’s Clean Air Force; Veena Ramani, Senior Program Director, Capital Market Systems, Ceres; James Andrus, Investment Manager, California Public Employees’ Retirement System; and Vivek Ramaswamy, Biotech Entrepreneur and Author.

STATEMENT OF OVERSIGHT FINDINGS AND RECOMMENDATIONS OF  
THE COMMITTEE

In compliance with clause 3(c)(1) of rule XIII and clause 2(b)(1) of rule X of the Rules of the House of Representatives, the Committee's oversight findings and recommendations are reflected in the descriptive portions of this report.

STATEMENT OF PERFORMANCE GOALS AND OBJECTIVES

Pursuant to clause (3)(c) of rule XIII of the Rules of the House of Representatives, the goals of H.R. 1087 are to ensure that public companies submit quarterly reports to both the Securities and Exchange Commission and investors detailing the amount, date, and nature of the company's expenditures for political activities.

NEW BUDGET AUTHORITY AND CBO COST ESTIMATE

Pursuant to clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the *Congressional Budget Act of 1974*, and pursuant to clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 402 of the *Congressional Budget Act of 1974*, the Committee has received the following estimate for H.R. 1087 from the Director of the Congressional Budget Office:

U.S. CONGRESS,  
CONGRESSIONAL BUDGET OFFICE,  
*Washington, DC, May 19, 2021.*

Hon. MAXINE WATERS,  
*Chairwoman, Committee on Financial Services,  
House of Representatives, Washington, DC.*

DEAR MADAM CHAIRWOMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 1087, the Shareholder Political Transparency Act of 2021.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Sofia Guo.

Sincerely,

PHILLIP L. SWAGEL,  
*Director.*

Enclosure.

H.R. 1087 would require public companies to disclose details about their expenditures for political activities in quarterly reports to the Security and Exchanges Commission (SEC) and to their investors. The bill also would require public companies to annually disclose to investors political expenditures in the previous year that were greater than \$10,000 as well as those made for any election where their total expenditures exceeded \$10,000. Companies with those expenditures would be required to include information on the amounts and nature of any political expenditures planned for the upcoming year. H.R. 1087 would require the SEC to report annually to the Congress on the compliance of public companies with those requirements and the Government Accountability Office (GAO) to report periodically on the SEC's enforcement efforts.

CBO estimates that implementing the reporting requirements would cost the SEC and GAO a total of \$1 million over the 2021–2026 period. However, because the SEC is authorized to collect fees each year to offset its annual appropriation, CBO expects that the net effect over the 2021–2026 period would be insignificant, assuming appropriation actions consistent with that authority.

H.R. 1087 contains private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA). CBO estimates that the cost to comply with those mandates would be small and would not exceed the threshold established in UMRA (\$170 million in 2021, adjusted annually for inflation).

By requiring publicly traded companies to annually disclose to the SEC their political contributions, H.R. 1087 would impose a mandate as defined in UMRA. The incremental cost of the mandate would be small because the mandated entities already collect or possess the information to be reported under the bill and would use an established reporting process.

If the SEC increased fees to offset the costs associated with implementing the bill, H.R. 1087 would increase the cost of an existing mandate on private entities required to pay those fees. CBO estimates that the incremental cost of the mandate would be small.

H.R. 1087 contains no intergovernmental mandates as defined in UMRA.

The CBO staff contacts for this estimate are Sofia Guo (for federal costs) and Rachel Austin (for mandates). The estimate was reviewed by H. Samuel Papenfuss, Deputy Director of Budget Analysis.

#### COMMITTEE COST ESTIMATE

Clause 3(d)(1) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison of the costs that would be incurred in carrying out H.R. 1087. However, clause 3(d)(2)(B) of that rule provides that this requirement does not apply when the committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the *Congressional Budget Act*.

#### UNFUNDED MANDATE STATEMENT

Pursuant to Section 423 of the *Congressional Budget and Impoundment Control Act* (as amended by Section 101(a)(2) of the *Unfunded Mandates Reform Act*, Pub. L. 104-4), the Committee adopts as its own the estimate of federal mandates regarding H.R. 1087, as amended, prepared by the Director of the Congressional Budget Office.

#### ADVISORY COMMITTEE

No advisory committees within the meaning of section 5(b) of the Federal Advisory Committee Act were created by this legislation.

#### APPLICATION OF LAW TO THE LEGISLATIVE BRANCH

Pursuant to section 102(b)(3) of the *Congressional Accountability Act*, Pub. L. No. 104-1, H.R. 1087, as amended, does not apply to terms and conditions of employment or to access to public services or accommodations within the legislative branch.

#### EARMARK STATEMENT

In accordance with clause 9 of rule XXI of the Rules of the House of Representatives, H.R. 1087 does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as described in clauses 9(e), 9(f), and 9(g) of rule XXI.

#### DUPLICATION OF FEDERAL PROGRAMS

Pursuant to clause 3(c)(5) of rule XIII of the Rules of the House of Representatives, the Committee states that no provision of H.R. 1087 establishes or reauthorizes a program of the Federal Government known to be duplicative of another federal program, a program that was included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111-139, or a program related to a program identified in the most recent Catalog of Federal Domestic Assistance.

## CHANGES TO EXISTING LAW

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, H.R. 1087, as reported, are shown as follows:

## CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (new matter is printed in italics and existing law in which no change is proposed is shown in roman):

## PERIODICAL AND OTHER REPORTS

SEC. 13. (a) Every issuer of a security registered pursuant to section 12 of this title shall file with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate for the proper protection of investors and to insure fair dealing in the security—

(1) such information and documents (and such copies thereof) as the Commission shall require to keep reasonably current the information and documents required to be included in or filed with an application or registration statement filed pursuant to section 12, except that the Commission may not require the filing of any material contract wholly executed before July 1, 1962.

(2) such annual reports (and such copies thereof), certified if required by the rules and regulations of the Commission by independent public accountants, and such quarterly reports (and such copies thereof), as the Commission may prescribe.

Every issuer of a security registered on a national securities exchange shall also file a duplicate original of such information, documents, and reports with the exchange. In any registration statement, periodic report, or other reports to be filed with the Commission, an emerging growth company need not present selected financial data in accordance with section 229.301 of title 17, Code of Federal Regulations, for any period prior to the earliest audited period presented in connection with its first registration statement that became effective under this Act or the Securities Act of 1933 and, with respect to any such statement or reports, an emerging growth company may not be required to comply with any new or revised financial accounting standard until such date that a company that is not an issuer (as defined under section 2(a) of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7201(a))) is required to comply with such new or revised accounting standard, if such standard applies to companies that are not issuers.

(b)(1) The Commission may prescribe, in regard to reports made pursuant to this title, the form or forms in which the required information shall be set forth, the items or details to be shown in the

balance sheet and the earnings statement, and the methods to be followed in the preparation of reports, in the appraisal or valuation of assets and liabilities, in the determination of depreciation and depletion, in the differentiation of recurring and nonrecurring income, in the differentiation of investment and operating income, and in the preparation, where the Commission deems it necessary or desirable, of separate and/or consolidated balance sheets or income accounts of any person directly or indirectly controlling or controlled by the issuer, or any person under direct or indirect common control with the issuer; but in the case of the reports of any person whose methods of accounting are prescribed under the provisions of any law of the United States, or any rule or regulation thereunder, the rules and regulations of the Commission with respect to reports shall not be inconsistent with the requirements imposed by such law or rule or regulation in respect of the same subject matter (except that such rules and regulations of the Commission may be inconsistent with such requirements to the extent that the Commission determines that the public interest or the protection of investors so requires).

(2) Every issuer which has a class of securities registered pursuant to section 12 of this title and every issuer which is required to file reports pursuant to section 15(d) of this title shall—

(A) make and keep books, records, and accounts, which, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the issuer;

(B) devise and maintain a system of internal accounting controls sufficient to provide reasonable assurances that—

(i) transactions are executed in accordance with management's general or specific authorization;

(ii) transactions are recorded as necessary (I) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria applicable to such statements, and (II) to maintain accountability for assets;

(iii) access to assets is permitted only in accordance with management's general or specific authorization; and

(iv) the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences; and

(C) notwithstanding any other provision of law, pay the allocable share of such issuer of a reasonable annual accounting support fee or fees, determined in accordance with section 109 of the Sarbanes-Oxley Act of 2002.

(3)(A) With respect to matters concerning the national security of the United States, no duty or liability under paragraph (2) of this subsection shall be imposed upon any person acting in cooperation with the head of any Federal department or agency responsible for such matters if such act in cooperation with such head of a department or agency was done upon the specific, written directive of the head of such department or agency pursuant to Presidential authority to issue such directives. Each directive issued under this paragraph shall set forth the specific facts and circumstances with respect to which the provisions of this paragraph are to be invoked. Each such directive shall, unless renewed in writing, expire one year after the date of issuance.

(B) Each head of a Federal department or agency of the United States who issues a directive pursuant to this paragraph shall maintain a complete file of all such directives and shall, on October 1 of each year, transmit a summary of matters covered by such directives in force at any time during the previous year to the Permanent Select Committee on Intelligence of the House of Representatives and the Select Committee on Intelligence of the Senate.

(4) No criminal liability shall be imposed for failing to comply with the requirements of paragraph (2) of this subsection except as provided in paragraph (5) of this subsection.

(5) No person shall knowingly circumvent or knowingly fail to implement a system of internal accounting controls or knowingly falsify any book, record, or account described in paragraph (2).

(6) Where an issuer which has a class of securities registered pursuant to section 12 of this title or an issuer which is required to file reports pursuant to section 15(d) of this title holds 50 per centum or less of the voting power with respect to a domestic or foreign firm, the provisions of paragraph (2) require only that the issuer proceed in good faith to use its influence, to the extent reasonable under the issuer's circumstances, to cause such domestic or foreign firm to devise and maintain a system of internal accounting controls consistent with paragraph (2). Such circumstances include the relative degree of the issuer's ownership of the domestic or foreign firm and the laws and practices governing the business operations of the country in which such firm is located. An issuer which demonstrates good faith efforts to use such influence shall be conclusively presumed to have complied with the requirements of paragraph (2).

(7) For the purpose of paragraph (2) of this subsection, the terms "reasonable assurances" and "reasonable detail" mean such level of detail and degree of assurance as would satisfy prudent officials in the conduct of their own affairs.

(c) If in the judgment of the Commission any report required under subsection (a) is inapplicable to any specified class or classes of issuers, the Commission shall require in lieu thereof the submission of such reports of comparable character as it may deem applicable to such class or classes of issuers.

(d)(1) Any person who, after acquiring directly or indirectly the beneficial ownership of any equity security of a class which is registered pursuant to section 12 of this title, or any equity security of an insurance company which would have been required to be so registered except for the exemption contained in section 12(g)(2)(G) of this title, or any equity security issued by a closed-end investment company registered under the Investment Company Act of 1940 or any equity security issued by a Native Corporation pursuant to section 37(d)(6) of the Alaska Native Claims Settlement Act, or otherwise becomes or is deemed to become a beneficial owner of any of the foregoing upon the purchase or sale of a security-based swap that the Commission may define by rule, and is directly or indirectly the beneficial owner of more than 5 per centum of such class shall, within ten days after such acquisition or within such shorter time as the Commission may establish by rule, file with the Commission, a statement containing such of the following information, and such additional information, as the Commission may by

rules and regulations, prescribe as necessary or appropriate in the public interest or for the protection of investors—

(A) the background, and identity, residence, and citizenship of, and the nature of such beneficial ownership by, such person and all other persons by whom or on whose behalf the purchases have been or are to be effected;

(B) the source and amount of the funds or other consideration used or to be used in making the purchases, and if any part of the purchase price is represented or is to be represented by funds or other consideration borrowed or otherwise obtained for the purpose of acquiring, holding, or trading such security, a description of the transaction and the names of the parties thereto, except that where a source of funds is a loan made in the ordinary course of business by a bank, as defined in section 3(a)(6) of this title, if the person filing such statement so requests, the name of the bank shall not be made available to the public;

(C) if the purpose of the purchases or prospective purchases is to acquire control of the business of the issuer of the securities any plans or proposals which such persons may have to liquidate such issuer, to sell its assets to or merge it with any other persons, or to make any other major change in its business or corporate structure;

(D) the number of shares of such security which are beneficially owned, and the number of shares concerning which there is a right to acquire, directly or indirectly, by (i) such person, and (ii) by each associate of such person, giving the background, identity, residence, and citizenship of each such associate; and

(E) information as to any contracts, arrangements, or understandings with any person with respect to any securities of the issuer, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guaranties of loans, guaranties against loss or guaranties of profits, division of losses or profits, or the giving or withholding of proxies, naming the persons with whom such contracts, arrangements, or understandings have been entered into, and giving the details thereof.

(2) If any material change occurs in the facts set forth in the statement filed with the Commission, an amendment shall be filed with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors.

(3) When two or more persons act as a partnership, limited partnership, syndicate, or other group for the purpose of acquiring, holding, or disposing of securities of an issuer, such syndicate or group shall be deemed a “person” for the purposes of this subsection.

(4) In determining, for purposes of this subsection, any percentage of a class of any security, such class shall be deemed to consist of the amount of the outstanding securities of such class, exclusive of any securities of such class held by or for the account of the issuer or a subsidiary of the issuer.

(5) The Commission, by rule or regulation or by order, may permit any person to file in lieu of the statement required by para-

graph (1) of this subsection or the rules and regulations thereunder, a notice stating the name of such person, the number of shares of any equity securities subject to paragraph (1) which are owned by him, the date of their acquisition and such other information as the Commission may specify, if it appears to the Commission that such securities were acquired by such person in the ordinary course of his business and were not acquired for the purpose of and do not have the effect of changing or influencing the control of the issuer nor in connection with or as a participant in any transaction having such purpose or effect.

(6) The provisions of this subsection shall not apply to—

(A) any acquisition or offer to acquire securities made or proposed to be made by means of a registration statement under the Securities Act of 1933;

(B) any acquisition of the beneficial ownership of a security which, together with all other acquisitions by the same person of securities of the same class during the preceding twelve months, does not exceed 2 per centum of that class;

(C) any acquisition of an equity security by the issuer of such security;

(D) any acquisition or proposed acquisition of a security which the Commission, by rules or regulations or by order, shall exempt from the provisions of this subsection as not entered into for the purpose of, and not having the effect of, changing or influencing the control of the issuer or otherwise as not comprehended within the purposes of this subsection.

(e)(1) It shall be unlawful for an issuer which has a class of equity securities registered pursuant to section 12 of this title, or which is a closed-end investment company registered under the Investment Company Act of 1940, to purchase any equity security issued by it if such purchase is in contravention of such rules and regulations as the Commission, in the public interest or for the protection of investors, may adopt (A) to define acts and practices which are fraudulent, deceptive, or manipulative, and (B) to prescribe means reasonably designed to prevent such acts and practices. Such rules and regulations may require such issuer to provide holders of equity securities of such class with such information relating to the reasons for such purchase, the source of funds, the number of shares to be purchased, the price to be paid for such securities, the method of purchase, and such additional information, as the Commission deems necessary or appropriate in the public interest or for the protection of investors, or which the Commission deems to be material to a determination whether such security should be sold.

(2) For the purpose of this subsection, a purchase by or for the issuer or any person controlling, controlled by, or under common control with the issuer, or a purchase subject to control of the issuer or any such person, shall be deemed to be a purchase by the issuer. The Commission shall have power to make rules and regulations implementing this paragraph in the public interest and for the protection of investors, including exemptive rules and regulations covering situations in which the Commission deems it unnecessary or inappropriate that a purchase of the type described in this paragraph shall be deemed to be a purchase by the issuer for

purposes of some or all of the provisions of paragraph (1) of this subsection.

(3) At the time of filing such statement as the Commission may require by rule pursuant to paragraph (1) of this subsection, the person making the filing shall pay to the Commission a fee at a rate that, subject to paragraph (4), is equal to \$92 per \$1,000,000 of the value of securities proposed to be purchased. The fee shall be reduced with respect to securities in an amount equal to any fee paid with respect to any securities issued in connection with the proposed transaction under section 6(b) of the Securities Act of 1933, or the fee paid under that section shall be reduced in an amount equal to the fee paid to the Commission in connection with such transaction under this paragraph.

(4) ANNUAL ADJUSTMENT.—For each fiscal year, the Commission shall by order adjust the rate required by paragraph (3) for such fiscal year to a rate that is equal to the rate (expressed in dollars per million) that is applicable under section 6(b) of the Securities Act of 1933 for such fiscal year.

(5) FEE COLLECTIONS.—Fees collected pursuant to this subsection for fiscal year 2012 and each fiscal year thereafter shall be deposited and credited as general revenue of the Treasury and shall not be available for obligation.

(6) EFFECTIVE DATE; PUBLICATION.—In exercising its authority under this subsection, the Commission shall not be required to comply with the provisions of section 553 of title 5, United States Code. An adjusted rate prescribed under paragraph (4) shall be published and take effect in accordance with section 6(b) of the Securities Act of 1933 (15 U.S.C. 77f(b)).

(7) PRO RATA APPLICATION.—The rates per \$1,000,000 required by this subsection shall be applied pro rata to amounts and balances of less than \$1,000,000.

(f)(1) Every institutional investment manager which uses the mails, or any means or instrumentality of interstate commerce in the course of its business as an institutional investment manager and which exercises investment discretion with respect to accounts holding equity securities of a class described in section 13(d)(1) of this title having an aggregate fair market value on the last trading day in any of the preceding twelve months of at least \$100,000,000 or such lesser amount (but in no case less than \$10,000,000) as the Commission, by rule, may determine, shall file reports with the Commission in such form, for such periods, and at such times after the end of such periods as the Commission, by rule, may prescribe, but in no event shall such reports be filed for periods longer than one year or shorter than one quarter. Such reports shall include for each such equity security held on the last day of the reporting period by accounts (in aggregate or by type as the Commission, by rule, may prescribe) with respect to which the institutional investment manager exercises investment discretion (other than securities held in amounts which the Commission, by rule, determines to be insignificant for purposes of this subsection), the name of the issuer and the title, class, CUSIP number, number of shares or principal amount, and aggregate fair market value of each such security. Such reports may also include for accounts (in aggregate or by type) with respect to which the institutional investment man-

ager exercises investment discretion such of the following information as the Commission, by rule, prescribes—

(A) the name of the issuer and the title, class, CUSIP number, number of shares or principal amount, and aggregate fair market value or cost or amortized cost of each other security (other than an exempted security) held on the last day of the reporting period by such accounts;

(B) the aggregate fair market value or cost or amortized cost of exempted securities (in aggregate or by class) held on the last day of the reporting period by such accounts;

(C) the number of shares of each equity security of a class described in section 13(d)(1) of this title held on the last day of the reporting period by such accounts with respect to which the institutional investment manager possesses sole or shared authority to exercise the voting rights evidenced by such securities;

(D) the aggregate purchases and aggregate sales during the reporting period of each security (other than an exempted security) effected by or for such accounts; and

(E) with respect to any transaction or series of transactions having a market value of at least \$500,000 or such other amount as the Commission, by rule, may determine, effected during the reporting period by or for such accounts in any equity security of a class described in section 13(d)(1) of this title—

(i) the name of the issuer and the title, class, and CUSIP number of the security;

(ii) the number of shares or principal amount of the security involved in the transaction;

(iii) whether the transaction was a purchase or sale;

(iv) the per share price or prices at which the transaction was effected;

(v) the date or dates of the transaction;

(vi) the date or dates of the settlement of the transaction;

(vii) the broker or dealer through whom the transaction was effected;

(viii) the market or markets in which the transaction was effected; and

(ix) such other related information as the Commission, by rule, may prescribe.

(2) The Commission shall prescribe rules providing for the public disclosure of the name of the issuer and the title, class, CUSIP number, aggregate amount of the number of short sales of each security, and any additional information determined by the Commission following the end of the reporting period. At a minimum, such public disclosure shall occur every month.

(3) The Commission, by rule or order, may exempt, conditionally or unconditionally, any institutional investment manager or security or any class of institutional investment managers or securities from any or all of the provisions of this subsection or the rules thereunder.

(4) The Commission shall make available to the public for a reasonable fee a list of all equity securities of a class described in section 13(d)(1) of this title, updated no less frequently than reports

are required to be filed pursuant to paragraph (1) of this subsection. The Commission shall tabulate the information contained in any report filed pursuant to this subsection in a manner which will, in the view of the Commission, maximize the usefulness of the information to other Federal and State authorities and the public. Promptly after the filing of any such report, the Commission shall make the information contained therein conveniently available to the public for a reasonable fee in such form as the Commission, by rule, may prescribe, except that the Commission, as it determines to be necessary or appropriate in the public interest or for the protection of investors, may delay or prevent public disclosure of any such information in accordance with section 552 of title 5, United States Code. Notwithstanding the preceding sentence, any such information identifying the securities held by the account of a natural person or an estate or trust (other than a business trust or investment company) shall not be disclosed to the public.

(5) In exercising its authority under this subsection, the Commission shall determine (and so state) that its action is necessary or appropriate in the public interest and for the protection of investors or to maintain fair and orderly markets or, in granting an exemption, that its action is consistent with the protection of investors and the purposes of this subsection. In exercising such authority the Commission shall take such steps as are within its power, including consulting with the Comptroller General of the United States, the Director of the Office of Management and Budget, the appropriate regulatory agencies, Federal and State authorities which, directly or indirectly, require reports from institutional investment managers of information substantially similar to that called for by this subsection, national securities exchanges, and registered securities associations, (A) to achieve uniform, centralized reporting of information concerning the securities holdings of and transactions by or for accounts with respect to which institutional investment managers exercise investment discretion, and (B) consistently with the objective set forth in the preceding subparagraph, to avoid unnecessarily duplicative reporting by, and minimize the compliance burden on, institutional investment managers. Federal authorities which, directly or indirectly, require reports from institutional investment managers of information substantially similar to that called for by this subsection shall cooperate with the Commission in the performance of its responsibilities under the preceding sentence. An institutional investment manager which is a bank, the deposits of which are insured in accordance with the Federal Deposit Insurance Act, shall file with the appropriate regulatory agency a copy of every report filed with the Commission pursuant to this subsection.

(6)(A) For purposes of this subsection the term "institutional investment manager" includes any person, other than a natural person, investing in or buying and selling securities for its own account, and any person exercising investment discretion with respect to the account of any other person.

(B) The Commission shall adopt such rules as it deems necessary or appropriate to prevent duplicative reporting pursuant to this subsection by two or more institutional investment managers exercising investment discretion with respect to the same amount.

(g)(1) Any person who is directly or indirectly the beneficial owner of more than 5 per centum of any security of a class described in subsection (d)(1) of this section or otherwise becomes or is deemed to become a beneficial owner of any security of a class described in subsection (d)(1) upon the purchase or sale of a security-based swap that the Commission may define by rule shall file with the Commission a statement setting forth, in such form and at such time as the Commission may, by rule, prescribe—

(A) such person's identity, residence, and citizenship; and

(B) the number and description of the shares in which such person has an interest and the nature of such interest.

(2) If any material change occurs in the facts set forth in the statement filed with the Commission, an amendment shall be filed with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors.

(3) When two or more persons act as a partnership, limited partnership, syndicate, or other group for the purpose of acquiring, holding, or disposing of securities of an issuer, such syndicate or group shall be deemed a "person" for the purposes of this subsection.

(4) In determining, for purposes of this subsection, any percentage of a class of any security, such class shall be deemed to consist of the amount of the outstanding securities of such class, exclusive of any securities of such class held by or for the account of the issuer or a subsidiary of the issuer.

(5) In exercising its authority under this subsection, the Commission shall take such steps as it deems necessary or appropriate in the public interest or for the protection of investors (A) to achieve centralized reporting of information regarding ownership, (B) to avoid unnecessarily duplicative reporting by and minimize the compliance burden on persons required to report, and (C) to tabulate and promptly make available the information contained in any report filed pursuant to this subsection in a manner which will, in the view of the Commission, maximize the usefulness of the information to other Federal and State agencies and the public.

(6) The Commission may, by rule or order, exempt, in whole or in part, any person or class of persons from any or all of the reporting requirements of this subsection as it deems necessary or appropriate in the public interest or for the protection of investors.

(h) LARGE TRADER REPORTING.—

(1) IDENTIFICATION REQUIREMENTS FOR LARGE TRADERS.—For the purpose of monitoring the impact on the securities markets of securities transactions involving a substantial volume or a large fair market value or exercise value and for the purpose of otherwise assisting the Commission in the enforcement of this title, each large trader shall—

(A) provide such information to the Commission as the Commission may by rule or regulation prescribe as necessary or appropriate, identifying such large trader and all accounts in or through which such large trader effects such transactions; and

(B) identify, in accordance with such rules or regulations as the Commission may prescribe as necessary or appropriate, to any registered broker or dealer by or through

whom such large trader directly or indirectly effects securities transactions, such large trader and all accounts directly or indirectly maintained with such broker or dealer by such large trader in or through which such transactions are effected.

(2) RECORDKEEPING AND REPORTING REQUIREMENTS FOR BROKERS AND DEALERS.—Every registered broker or dealer shall make and keep for prescribed periods such records as the Commission by rule or regulation prescribes as necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of this title, with respect to securities transactions that equal or exceed the reporting activity level effected directly or indirectly by or through such registered broker or dealer or for any person that such broker or dealer knows is a large trader, or any person that such broker or dealer has reason to know is a large trader on the basis of transactions in securities effected by or through such broker or dealer. Such records shall be available for reporting to the Commission, or any self-regulatory organization that the Commission shall designate to receive such reports, on the morning of the day following the day the transactions were effected, and shall be reported to the Commission or a self-regulatory organization designated by the Commission immediately upon request by the Commission or such a self-regulatory organization. Such records and reports shall be in a format and transmitted in a manner prescribed by the Commission (including, but not limited to, machine readable form).

(3) AGGREGATION RULES.—The Commission may prescribe rules or regulations governing the manner in which transactions and accounts shall be aggregated for the purpose of this subsection, including aggregation on the basis of common ownership or control.

(4) EXAMINATION OF BROKER AND DEALER RECORDS.—All records required to be made and kept by registered brokers and dealers pursuant to this subsection with respect to transactions effected by large traders are subject at any time, or from time to time, to such reasonable periodic, special, or other examinations by representatives of the Commission as the Commission deems necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of this title.

(5) FACTORS TO BE CONSIDERED IN COMMISSION ACTIONS.—In exercising its authority under this subsection, the Commission shall take into account—

(A) existing reporting systems;

(B) the costs associated with maintaining information with respect to transactions effected by large traders and reporting such information to the Commission or self-regulatory organizations; and

(C) the relationship between the United States and international securities markets.

(6) EXEMPTIONS.—The Commission, by rule, regulation, or order, consistent with the purposes of this title, may exempt any person or class of persons or any transaction or class of transactions, either conditionally or upon specified terms and

conditions or for stated periods, from the operation of this subsection, and the rules and regulations thereunder.

(7) **AUTHORITY OF COMMISSION TO LIMIT DISCLOSURE OF INFORMATION.**—Notwithstanding any other provision of law, the Commission shall not be compelled to disclose any information required to be kept or reported under this subsection. Nothing in this subsection shall authorize the Commission to withhold information from Congress, or prevent the Commission from complying with a request for information from any other Federal department or agency requesting information for purposes within the scope of its jurisdiction, or complying with an order of a court of the United States in an action brought by the United States or the Commission. For purposes of section 552 of title 5, United States Code, this subsection shall be considered a statute described in subsection (b)(3)(B) of such section 552.

(8) **DEFINITIONS.**—For purposes of this subsection—

(A) the term “large trader” means every person who, for his own account or an account for which he exercises investment discretion, effects transactions for the purchase or sale of any publicly traded security or securities by use of any means or instrumentality of interstate commerce or of the mails, or of any facility of a national securities exchange, directly or indirectly by or through a registered broker or dealer in an aggregate amount equal to or in excess of the identifying activity level;

accepted accounting principles and the rules and regulations of the Commission.

(j) OFF-BALANCE SHEET TRANSACTIONS.—Not later than 180 days after the date of enactment of the Sarbanes-Oxley Act of 2002, the Commission shall issue final rules providing that each annual and quarterly financial report required to be filed with the Commission shall disclose all material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the issuer with unconsolidated entities or other persons, that may have a material current or future effect on financial condition, changes in financial condition, results of operations, liquidity, capital expenditures, capital resources, or significant components of revenues or expenses.

(k) PROHIBITION ON PERSONAL LOANS TO EXECUTIVES.—

(1) IN GENERAL.—It shall be unlawful for any issuer (as defined in section 2 of the Sarbanes-Oxley Act of 2002), directly or indirectly, including through any subsidiary, to extend or maintain credit, to arrange for the extension of credit, or to renew an extension of credit, in the form of a personal loan to or for any director or executive officer (or equivalent thereof) of that issuer. An extension of credit maintained by the issuer on the date of enactment of this subsection shall not be subject to the provisions of this subsection, provided that there is no material modification to any term of any such extension of credit or any renewal of any such extension of credit on or after that date of enactment.

(2) LIMITATION.—Paragraph (1) does not preclude any home improvement and manufactured home loans (as that term is defined in section 5 of the Home Owners' Loan Act (12 U.S.C. 1464)), consumer credit (as defined in section 103 of the Truth in Lending Act (15 U.S.C. 1602)), or any extension of credit under an open end credit plan (as defined in section 103 of the Truth in Lending Act (15 U.S.C. 1602)), or a charge card (as defined in section 127(c)(4)(e) of the Truth in Lending Act (15 U.S.C. 1637(c)(4)(e)), or any extension of credit by a broker or dealer registered under section 15 of this title to an employee of that broker or dealer to buy, trade, or carry securities, that is permitted under rules or regulations of the Board of Governors of the Federal Reserve System pursuant to section 7 of this title (other than an extension of credit that would be used to purchase the stock of that issuer), that is—

(A) made or provided in the ordinary course of the consumer credit business of such issuer;

(B) of a type that is generally made available by such issuer to the public; and

(C) made by such issuer on market terms, or terms that are no more favorable than those offered by the issuer to the general public for such extensions of credit.

(3) RULE OF CONSTRUCTION FOR CERTAIN LOANS.—Paragraph (1) does not apply to any loan made or maintained by an insured depository institution (as defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813)), if the loan is subject to the insider lending restrictions of section 22(h) of the Federal Reserve Act (12 U.S.C. 375b).

(l) REAL TIME ISSUER DISCLOSURES.—Each issuer reporting under section 13(a) or 15(d) shall disclose to the public on a rapid and current basis such additional information concerning material changes in the financial condition or operations of the issuer, in plain English, which may include trend and qualitative information and graphic presentations, as the Commission determines, by rule, is necessary or useful for the protection of investors and in the public interest.

(m) PUBLIC AVAILABILITY OF SECURITY-BASED SWAP TRANSACTION DATA.—

(1) IN GENERAL.—

(A) DEFINITION OF REAL-TIME PUBLIC REPORTING.—In this paragraph, the term “real-time public reporting” means to report data relating to a security-based swap transaction, including price and volume, as soon as technologically practicable after the time at which the security-based swap transaction has been executed.

(B) PURPOSE.—The purpose of this subsection is to authorize the Commission to make security-based swap transaction and pricing data available to the public in such form and at such times as the Commission determines appropriate to enhance price discovery.

(C) GENERAL RULE.—The Commission is authorized to provide by rule for the public availability of security-based swap transaction, volume, and pricing data as follows:

(i) With respect to those security-based swaps that are subject to the mandatory clearing requirement described in section 3C(a)(1) (including those security-based swaps that are excepted from the requirement pursuant to section 3C(g)), the Commission shall require real-time public reporting for such transactions.

(ii) With respect to those security-based swaps that are not subject to the mandatory clearing requirement described in section 3C(a)(1), but are cleared at a registered clearing agency, the Commission shall require real-time public reporting for such transactions.

(iii) With respect to security-based swaps that are not cleared at a registered clearing agency and which are reported to a security-based swap data repository or the Commission under section 3C(a)(6), the Commission shall require real-time public reporting for such transactions, in a manner that does not disclose the business transactions and market positions of any person.

(iv) With respect to security-based swaps that are determined to be required to be cleared under section 3C(b) but are not cleared, the Commission shall require real-time public reporting for such transactions.

(D) REGISTERED ENTITIES AND PUBLIC REPORTING.—The Commission may require registered entities to publicly disseminate the security-based swap transaction and pricing data required to be reported under this paragraph.

(E) RULEMAKING REQUIRED.—With respect to the rule providing for the public availability of transaction and pricing data for security-based swaps described in clauses

- (i) and (ii) of subparagraph (C), the rule promulgated by the Commission shall contain provisions—
- (i) to ensure such information does not identify the participants;
  - (ii) to specify the criteria for determining what constitutes a large notional security-based swap transaction (block trade) for particular markets and contracts;
  - (iii) to specify the appropriate time delay for reporting large notional security-based swap transactions (block trades) to the public; and
  - (iv) that take into account whether the public disclosure will materially reduce market liquidity.

- (i) the trading and clearing in the major security-based swap categories; and
  - (ii) the market participants and developments in new products.
- (B) USE; CONSULTATION.—In preparing a report under subparagraph (A), the Commission shall—
- (i) use information from security-based swap data repositories and clearing agencies; and
  - (ii) consult with the Office of the Comptroller of the Currency, the Bank for International Settlements, and such other regulatory bodies as may be necessary.
- (C) AUTHORITY OF COMMISSION.—The Commission may, by rule, regulation, or order, delegate the public reporting responsibilities of the Commission under this paragraph in accordance with such terms and conditions as the Commission determines to be appropriate and in the public interest.
- (n) SECURITY-BASED SWAP DATA REPOSITORIES.—
- (1) REGISTRATION REQUIREMENT.—It shall be unlawful for any person, unless registered with the Commission, directly or indirectly, to make use of the mails or any means or instrumentality of interstate commerce to perform the functions of a security-based swap data repository.

(2) INSPECTION AND EXAMINATION.—Each registered security-based swap data repository shall be subject to inspection and examination by any representative of the Commission.

(3) COMPLIANCE WITH CORE PRINCIPLES.—

(A) IN GENERAL.—To be registered, and maintain registration, as a security-based swap data repository, the security-based swap data repository shall comply with—

(i) the requirements and core principles described in this subsection; and

(ii) any requirement that the Commission may impose by rule or regulation.

(B) REASONABLE DISCRETION OF SECURITY-BASED SWAP DATA REPOSITORY.—Unless otherwise determined by the Commission, by rule or regulation, a security-based swap data repository described in subparagraph (A) shall have reasonable discretion in establishing the manner in which the security-based swap data repository complies with the core principles described in this subsection.

(4) STANDARD SETTING.—

(A) DATA IDENTIFICATION.—

(i) IN GENERAL.—In accordance with clause (ii), the Commission shall prescribe standards that specify the data elements for each security-based swap that shall be collected and maintained by each registered security-based swap data repository.

(ii) REQUIREMENT.—In carrying out clause (i), the Commission shall prescribe consistent data element standards applicable to registered entities and reporting counterparties.

(B) DATA COLLECTION AND MAINTENANCE.—The Commission shall prescribe data collection and data maintenance standards for security-based swap data repositories.

(C) COMPARABILITY.—The standards prescribed by the Commission under this subsection shall be comparable to the data standards imposed by the Commission on clearing agencies in connection with their clearing of security-based swaps.

(5) DUTIES.—A security-based swap data repository shall—

(A) accept data prescribed by the Commission for each security-based swap under subsection (b);

(B) confirm with both counterparties to the security-based swap the accuracy of the data that was submitted;

(C) maintain the data described in subparagraph (A) in such form, in such manner, and for such period as may be required by the Commission;

(D)(i) provide direct electronic access to the Commission (or any designee of the Commission, including another registered entity); and

## MINORITY VIEWS

H.R. 1087 will suppress Americans' right to political speech—speech that is protected by the First Amendment.

- Committee Democrats seek to provide activists with information to name and shame companies and suppress their political speech. H.R. 1087 is antithetical to the First Amendment protections our Founding Fathers intended.

- The bill does not require that the information be material to investors, further emphasizing that the disclosure required under the bill is not intended to provide useful information for investment decisions but is instead intended to shame companies.

H.R. 1087 would require public companies to disclose past political expenditures in addition to any future political expenditure, including the anticipated amount. This requires public companies to have a crystal ball to know exactly what political expenditures they will make in the next year and how much they intend to donate. If companies are wrong about these uncertain predictions, they could be liable for securities fraud.

This bill also directs the SEC to issue a rule to fill in the necessary details for political disclosures left out by the bill even though the SEC does not have experience with political or campaign issues. This will exacerbate controversy and inject the SEC, an independent federal agency, into the political sphere.

Former SEC Chair Mary Jo White under President Obama emphasized that government agencies must always be “aware of the perception that it may be acting for political purposes, or any purpose other than fulfilling its core mission.” H.R. 1087 discards these reasonable concerns.

Committee Republicans believe that information required to be made available to investors or prospective investors should actually be *material* and useful for investment decisions. Moreover, much of the information sought by H.R. 1087 is already in the public domain.

- The Federal Election Campaign Act of 1971 requires disclosure of independent expenditures, political action committee expenditures, electioneering communications, and other public communications. Exempt organizations, such as trade associations, are required to publicly disclose their activities through annual information returns.

- The Lobbying Disclosure Act requires public disclosure of lobbying activities through filings with the Secretary of the U.S. Senate and the Clerk of the U.S. House of Representatives.

- The Securities Exchange Act of 1934 requires public companies to file annual reports with the SEC to publicly disclose information that investors would find important to making investment decisions. If political spending is *material* to a company, the company is already required to disclose. If not, the disclosure would only

serve to inundate investors with unnecessary information with no bearing on a company's future financial performance.

Committee Republicans are concerned that this bill seeks to expand the jurisdiction of the SEC into political matters and use our securities laws to push a left-wing partisan agenda. This would only distract the SEC from focusing on its primary mission of protecting investors, establishing fair and efficient markets, and increasing capital formation.

Committee Republicans respect and recognize every American's First Amendment right to free speech, including political speech. Committee Republicans also believe in appropriate securities regulation and a disclosure regime that is helpful to American investors and entrepreneurs. Committee Republicans do not support regulation that furthers Democrats' political goals and attacks First Amendment rights.

For these reasons, Committee Republicans oppose H.R. 1087.
