Congress of the United States
House of Representatives

April 21, 2021

The Honorable Peter DeFazio
Chair
House Transportation and Infrastructure Committee
Washington, DC 20515

The Honorable Sam Graves
Ranking Member
House Transportation and Infrastructure Committee
Washington, DC 20515

Dear Chair DeFazio and Ranking Member Graves,

As you work to develop and advance surface transportation authorization legislation, I submit a project request to provide \$700,000 in that legislation for the South Kinnickinnic Avenue Resurfacing Project in the city of St. Francis, WI. This project will help ensure a safer regional transportation network and bring existing infrastructure into a state of good repair.

The project will resurface the roadway from E. Lunham Avenue to East Howard Avenue, replacing the current asphalt with 4 inches of new asphalt. Funding would also be used to repair/replace defective curb and gutters along this portion of the roadway along with sidewalks.

The roadway is used as a main route into and out of the city Milwaukee and has between 4600-6400 vehicles travel on it per day. It has not been repaved since 1993.

I certify that neither I nor my immediate family has a financial interest in this project.

Sincerely,

Gwen Moore

MEMBER OF CONGRESS
