The Honorable Kay Granger
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Midland Sylvan Pump Station Detention Basin Project in fiscal year 2023.

The entity to receive funding for this project is the City of Midland, located at 333 West Ellsworth Street, Midland, Michigan, 48640. The funding would be used to upgrade storm and sewer infrastructure to handle increased water volume in the City and to protect surrounding property from chronic flooding and damages. The current system does not meet the baseline level of service, resulting in the storm and sanitary sewer systems becoming overwhelmed with high stormwater flows during significant flood events.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

JOHN MOOLENAAR
Member of Congress
