

Congress of the United States
Washington, DC 20510

April 29, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Douglas Avenue Pump Station project in fiscal year 2023.

The entity to receive funding for this project is the City of Redwood City, located at 1017 Middlefield Road, Redwood City, CA 94063.

The funding would be used to rebuild the station's four pumps and upgrading station control components to provide improved remote monitoring and control capabilities. This would greatly assist City staff in making decisions during storm response events as it would provide real-time data and operational control.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jackie Speier
Member of Congress
