

**Republicans' Plan to Cut Social Security.  
Democrats' Plan to Expand Social Security.**

<b>Social Security 2100 Democrats Plan</b>	<b>House Republican Budget</b>	<b>Sen. Rick Scott (R-FL) Plan</b>
Protects and expands Social Security, increasing long-term solvency.	Destroys Social Security as we know it by partially privatizing Social Security.	Terminates Social Security after five years.
Increases Social Security benefits including improved COLA, protecting from inflation.	Cuts Social Security benefits by at minimum 21% with 20 different cuts.	Eliminates Social Security benefits after five years.
Cuts taxes for middle class retirees on their Social Security benefits.	Cuts the Social Security benefits of middle-class retirees by raising the retirement age to 70 (20% benefit cut).	Devastates middle class retirees by terminating Social Security and Medicare.
Requires the wealthy to pay their fair share, while not raising taxes on anyone making under \$400,000 a year.	Massively cuts Social Security benefits instead of asking the wealthy to contribute their fair share.	Destroys Social Security and Medicare so only the very wealthy will enjoy a secure retirement.
