Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the East Street Trail Liberty Road Bridge Crossing Project in the Fiscal Year 2023 Transportation, and Housing and Urban Development, and Related Agencies Appropriations bill. The entity to receive funding for this project is the City of Frederick, Maryland, located at 101 N Court St, Frederick, MD 21701.

If awarded, the funding will be used to complete Phase III of the East Street Rails with Trails: Shared-Use Pathway, which includes the construction of a bridge crossing to carry the East Street shared-use pathway over Liberty Road/MD 26. This project is a key component of the City's Shared-Use Path and On-Street Bike network expansion, designed to facilitate safe travel throughout the City of Frederick without the need or use of an automobile. The Shared-Use Path system plan consists of over 25 miles spanning six corridors connecting transit nodes and activity hubs: Carroll Creek, East Street, Fredericktown Village, Monocacy Boulevard, Monocacy River, and Rock Creek.

I certify that neither I nor any member of my immediate family has any financial interests in this project.

Sincerely,

David Trone
Member of Congress
