The Honorable Sam Graves
Ranking Member

Committee

Dear Chairman DeFazio and Ranking Member Graves,

I am requesting funding for the Route 31 Improvement Project in Wayne County, New York, in the 2021 surface transportation reauthorization legislation.

The sponsor for this project is the New York State Department of Transportation (NYSDOT), and this project would be carried out on Route 31 from the county line between Monroe and Wayne County to Macedon, New York 14502.

The requested funding amount of \$2,970,400 would be used for a mill and fill project along Route 31, as well as safety measures including guard rail improvements. The project is an appropriate use of taxpayer dollars and is anticipated to have important safety benefits for my constituents and the surrounding area. As included in the New York State Department of Transportation (NYSDOT) Transportation Improvement Plan, this project would address deterioration on the highway and includes necessary safety considerations for road users.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your attention and consideration of this request.

Sincerely,

John Katko
Member of Congress
