

Graves #16

**Amendment to the Amendment in the Nature of a Substitute to H.R. 4690
Offered by Mr. Graves of Louisiana**

On Page 147, in “*SEC. 501. SENSE OF CONGRESS*”, line 9, after “*It is the sense of Congress that protection of essential fish habitat,*” insert the following:

“including manmade artificial reef structures and other idle offshore infrastructure, which provide important social and economic values and are consistent with engineering and environmental standards as defined by the Department of Commerce and the Department of the Interior,”
