

National Recreation Trail Application for Designation

Introduction

Thank you for your interest in the National Recreation Trail (NRT) program. Completed NRT application packages must be submitted by November 1 for the NRT designation to be announced during the following National Trails Day celebration in June.

Interested trail managers should begin the application process in coordination with their Regional NRT Program Manager by September 1 to ensure they meet the November 1 deadline. If you need the contact information for your Regional NRT Program Manager, please contact the National Recreation Trail Coordinator at the address listed below. **If your trail is on federal land administered by the Secretary of Agriculture, please contact the USDA Forest Service NRT Program Coordinator at (202) 205-1589 for guidelines on their application process.**

Upon designation, the information you provide in the following application will be used to set up a NRT web page for your trail. To view existing NRT web pages, visit www.americantrails.org/nationalrecreationtrails.

Please note: Letters of consent are required from all landowners whose property the trail crosses. These letters do not need to be submitted with the application, but must be kept on file by the trail managing agency. Please see the NRT website for more details, including a list of current program criteria.

For Information and Assistance

If you have questions about the NRT program, would like additional information including copies of the NRT brochure, or would like the name and contact information for your agency or Regional NRT Program Manager, please contact the National Recreation Trail Coordinator.

NRT Application Package Instructions

Please complete the following NRT Application to apply for designation as a National Recreation Trail. Submit the

completed application, along with any additional materials (e.g. letters of support, trail map, trail brochure, photos) to the National Recreation Trail Coordinator by November 1. If you have digital images of your trail map, brochure, or photos, please include these on a disk or CD with your application package for possible use on the NRT web page for your trail. Before sending a disk or CD, please contact the NRT Coordinator for the appropriate shipping address.

The application must be submitted by the trail managing agency, organization or individual officially responsible for permitting trail use. If the trail is managed by more than one entity, either one application with a statement of support from all managing entities, or individual applications from each trail managing entity may be submitted.

Applicants are strongly encouraged to submit a letter of support from the appropriate State Trails Coordinator (see NRT website).

Please notify your NRT Coordinator once you have contacted your State Trails Coordinator.

Please indicate dates and reason for closure.

Certification for Public Use

I hereby certify that: (1) I am duly authorized to represent the agency, organization or individual officially responsible for permitting trail use; (2) the trail is in existence and will be available for public use, to the best of my knowledge, for at least 10 consecutive years after designation; (3) the trail has been designed, constructed, and is maintained according to best management practices, in keeping with the use anticipated; (4) the trail is in compliance with applicable land use plans and environmental laws; and (5) all landowners, public or private, whose property the trail crosses, have been notified and have given their written consent to this application. If this trail becomes permanently closed to public use, we will immediately notify the NRT Coordinator at the National Park Service.
