## **NOTE**

Medical service in Germany is of a high standard. Charges for private patients can be approximately the same as those assessed in the United States but vary from physician to physician. University professors are likely to charge higher fees than other doctors on the list. These fees, however, in view of the physicians' standing in the medical community are not considered excessive.

Tourists should be prepared to pay in cash when they visit a doctor. For hospital admittance, except in emergency cases, a deposit in the amount of approximately five days stay will be charged.

All cities, town and rural areas in Bavaria have either University, City or County Hospitals. You will generally find physicians with basic English knowledge.

Any hotel manager will assist you, in case of illness, in finding appropriate doctors or medical care.

As a general rule, patients are admitted into hospitals through their physicians, except in emergencies. The telephone number for the **24 HOUR EMERGENCY DOCTOR SERVICE (AERZTLICHER NOTFALLDIENST)** is **551771** or **01805- 191212**.

The **EMERGENCY AMBULANCE SERVICE (NOTARZT)** can be reached under telephone number **112**.

The **AMBULANCE SERVICE (RETTUNGSDIENST)** can be reached through telephone number **112**.

The telephone number throughout Germany for **GENERAL EMERGENCIES** is **112**. The number of the **POLICE EMERGENCY SQUAD (FUNKSTREIFE)** is **110**.
