<sup>1</sup> For purposes of this investigation, the Department of Commerce has defined the subject merchandise as "outboard engines (also referred to as outboard motors), whether assembled or unassembled; and powerheads, whether assembled or unassembled. The subject engines are gasoline-powered spark-ignition, internal combustion engines designed and used principally for marine propulsion for all types of light recreational and commercial boats, including, but not limited to, canoes, rafts, inflatable, sail and pontoon boats. Specifically included in this scope are two-stroke, direct injection two-stroke, and four-stroke outboard engines.

Outboard engines are comprised of (1) a powerhead assembly, or an internal combustion engine, (2) a midsection assembly, by which the outboard engine is attached to the vehicle it propels, and (3) a gearcase assembly, which typically includes a transmission and propeller shaft, and may or may not include a propeller. To the extent that these components are imported together, but unassembled, they collectively are covered within the scope of this investigation. An "unassembled" outboard engine consists of a powerhead as defined below, and any other parts imported with the powerhead that may be used in the assembly of an outboard engine.

Powerheads are comprised of, at a minimum, (1) a cylinder block, (2) pistons, (3) connecting rods, and (4) a crankshaft. Importation of these four components together, whether assembled or unassembled, and whether or not accompanied by additional components, constitute a powerhead for purposes of this investigation. An "unassembled" powerhead consists of, at a minimum, the four powerhead components listed above, and any other parts imported with it that may be used in the assembly of a powerhead.

The scope does not include parts or components (other than powerheads) imported separately."

#### SUPPLEMENTARY INFORMATION:

Background.--The final phase of this investigation is being scheduled as a result of an affirmative preliminary determination by the Department of Commerce that outboard engines from Japan are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. § 1673b). The investigation was requested in a petition filed on January 8, 2004, by Mercury Marine, a division of Brunswick Corp., Fond du Lac, WS.

Participation in the investigation and public service list.--Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of this investigation as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigation need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigation.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.--Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of this investigation available to authorized applicants under the APO issued in the investigation, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. § 1677(9), who are parties to the investigation. A party granted access to BPI in the preliminary phase of the investigation need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.--The prehearing staff report in the final phase of this investigation will be placed in the nonpublic record on December 2, 2004, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

Hearing.--The Commission will hold a hearing in connection with the final phase of this investigation beginning at 9:30 a.m. on December 14, 2004, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before December 8, 2004. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on December 10, 2004, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony in camera no later than 7 days prior to the date of the hearing.

Written submissions.--Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.23 of the Commission's rules; the deadline for filing is December 9, 2004. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission's rules. The deadline for filing posthearing briefs is December 21, 2004; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigation may submit a written statement of information pertinent to the subject of the investigation on or before December 21, 2004. On January 19, 2005, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before January 21, 2005, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 Fed. Reg. 68036 (November 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

AUTHORITY: This investigation is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

By order of the Commission.
