

# NASA Values

We are dedicated to the values of Safety, The NASA Family, Excellence, and Integrity. We aspire to achieve these values in everything we do. We commit ourselves to the hard work ahead to realize these values. Once we achieve them, we will be vigilant in upholding them.

We value:

**SAFETY** We are committed, individually and as a team, to protecting the safety and health of the public, our partners, our people, and those assets that the Nation entrusts to us. Safety is the cornerstone upon which we build mission success.

**THE NASA FAMILY** We are a diverse team who are bound together in the most challenging and rewarding of endeavors. We respect each other, trust each other, support each other, mourn together, celebrate together, and dream together.

**EXCELLENCE** We are committed to achieving the highest standards in engineering, science, management, and leadership as we pioneer the future. We thrive on new ideas, experiences, and continuous learning. We are always rigorous in our operations. We demonstrate and communicate an unquenchable spirit of ingenuity and innovation.

**INTEGRITY** We embrace truthfulness and trust, and have the moral courage and obligation to be open, honest, and ethical in all that we do. We treat everyone with dignity and respect. We recognize our responsibility and are accountable for the important work entrusted to us to better our society for future generations.

. . . which lead to mission success in our journey of exploration and discovery.
