

PART 1901 - PROGRAM RELATED INSTRUCTIONS

Subpart A - Loan and Grant Approval Authorities

§ 1901.1 Purpose.

This subpart contains the loan and grant approval authorities by program of field officials of the Rural Development mission area.

§ 1901.2 Policy.

The loan and grant approval authorities will be given to Field Offices to the maximum extent possible, consistent with program requirements and available resources. Assistance to Agency employees, members of their families, close relatives or business or close personal associates is subject to the provisions of Subpart D of Part 1900 of this chapter. Appropriate reviews, concurrence, and authorization, as required by RD regulations, must be obtained for all loans and/or grants in excess of the amounts indicated in Exhibits A, B, D, E, and F.

§ 1901.3 Approval documents.

- (a) Final approval documents for all loans, grants, or guarantees will be executed, to the maximum extent possible, by Field Offices, as appropriate.
- (b) State Directors and Field Office staff are authorized to execute loan guarantee documents in accordance with approval authorities.

§ 1901.4 Authorities and responsibilities.

- (a) Authority of supervising officials. Supervising officials have their own authority and also the authority given to officials under their supervision.
- (b) Authority of acting officials. Acting officials have the authority and responsibility of their regular and acting positions unless limited by designation document.
- (c) Redelegation of authority by State Directors. Unless restricted by memorandum from the Under Secretary, Administrator, or RD regulations, State Directors can delegate their approval authorities to State Office employees within the applicable loan program by issuing a State Supplement.

Instructions

(d) Redelegations of authority by Rural Development Managers (or similar position). With the prior written concurrence from the State Director, Rural Development Managers (or similar position) can delegate their approval authority to Assistant Rural Development Managers (or similar position) by memorandum. Authority will not be redelegated, however, until the Assistant Rural Development Managers (or similar position) receives adequate training and has sufficient expertise.

(e) Restrictions of approval authority by the Under Secretary or Administrator. The Administrator can make written restrictions or revocations of the authority given to any loan approval official.

(f) Restrictions of approval authority for loans by State Directors. A State Director can make written restrictions or revocations, for not more than 6 months, of the authority given to an individual.

(g) Restrictions on Assistant Community Development Managers (or similar position).

(1) Newly appointed Assistant Community Development Managers (or similar position) will not approve loans until they receive adequate training and written authority from the State Director.

(2) The two next highest level supervisors must certify that training requirements have been completed.

§ 1901.5 Other program considerations.

See Exhibits A, B, D, E, and F for dollar amounts. See appropriate program Instructions for other considerations.

BUSINESS AND INDUSTRIAL (B&I)

GUARANTEED AND DIRECT APPROVAL AUTHORITY

A. The Administrator will delegate separate written authorities for each State. The Administrator may revoke State authorities and require the State Director to submit any or all actions to the National Office for review and concurrence prior to the State Director approving such actions. Authorities will be periodically reviewed for updating and will be based upon the following criteria:

State staffing resources for the B&I program.

1. Staff training completed;
2. Level of expertise within the program area;
3. Servicing experience of portfolio;
4. Evaluation of assessment reviews; and
5. Evaluation of loan analysis ability.

B. Those States which do not have a permanently assigned State Program Chief (program manager or director) or other designee will not be granted authority without National Office review and concurrence. If authority is granted to a State and its State Program Chief or other designee becomes vacant, or there is a change in the incumbent, the State Director is to immediately notify the Administrator and the authority is automatically revoked until notified otherwise by the Administrator.

C. Upon receipt of written notice of delegated authority, the State Director may act to the extent delegated without the prior review and concurrence of the National Office. Authority not delegated cannot be exercised.

D. State Directors may not approve actions on loans or on loan applications previously disapproved or loan preapplications discouraged by the National Office.

E. Information regarding the dollar limitation of State Directors' authorities is available in memorandum form at the State Office or at the National Office from the Director, Business Programs Processing Division.

1/ The State Director has approval authority for the indicated program in the indicated amount without National Office review and concurrence provided the State has a program manager. State Directors without program managers have approval authority for the indicated program in the indicated amount only after review and concurrence of the docket by the National Office. This required submission of the docket will continue until the National Office sends written instructions otherwise to the State. Approval authority of District or other field office officials as specified by this Instruction is not affected by the absence of a State Program Manager.

Funding for a Community Programs project includes all activity that an applicant is currently undertaking for a facility to be financed, in whole or in part, with Agency assistance. Approval of subsequent funding to the same applicant or borrower for a different project will not be considered cumulative to the previously approved amount when determining loan approval authority.

2/ When the State Director determines that District or other field office officials possess sufficient expertise in Community and Business Programs, the State Director may delegate his/her approval authority for those programs to such person within the limits of this exhibit.

3/ Maximum amount of loan or grant.

4/ Amounts in excess of those indicated require prior review and concurrence by the National Office on each project before approval. National Office concurrence is not necessary if the loan will be secured by general obligation tax bonds or assessments.

5/ State Directors may approve Community Facilities (CF) loans in an amount not exceeding that shown without prior National Office concurrence. When the State Director determines that the State Office official responsible for the CF program possesses sufficient expertise in CF, the State Director may delegate the approval authority for CF within the limits set by the Administrator or the limits in this exhibit. National Office concurrence is not necessary when the loan exceeds the amount stated herein when the loan will be secured by general obligation tax bonds or assessments. This does not preclude the requirement of National Office concurrence when the applicant does not meet the 5-5 criteria, the loan is being approved on the basis of exceptional community support, or in any case as requested by the State Director. Funding for a CF project includes all activity that an applicant is currently undertaking for a facility to be financed, in whole or in part, with Agency assistance. Approval of subsequent funding to the same applicant or borrower for a different project will not be considered cumulative to the previously approved amount when determining loan approval authority.

6/ If, after construction bids are opened, project costs exceed the amount of loan assistance previously concurred in by the National Office for the project, and such costs cannot be reduced by negotiations, redesign, use of bid alternatives, or other means, the amount of the loan may be increased up to 10 percent without further concurrence by the National Office.

7/ State Directors shall obtain National Office concurrence prior to approving recreational projects to be funded under the RC&D program and projects funded under the Watershed program.

8/ All Technical Assistance and Training Grants and Solid Waste Management Grants will be approved by the Administrator; Assistant Administrator, Water and Waste; or designee.

9/ All B&I approvals are subject to separate written authorities delegated by the Administrator (See exhibit A of this Instruction). Amounts in excess of those indicated require prior review and concurrence by the National Office before approval. When approving subsequent loans, the principal balance plus accrued interest on outstanding loans in addition to the amount of the subsequent loan must be within the approval authority of the approval official. Approval of subsequent funding to the same applicant or borrower for a different facility will not be considered cumulative to the previously approved amount when determining loan approval authority.

When the State Director determines that the State Program Chief (program manager or director) or other designee possesses sufficient expertise in Business Programs, the State Director may delegate his/her approval authority for Business Programs within the limits set by the Administrator or the limits of this exhibit. If the position of State Program Chief (program manager) becomes vacant, the State Director's approval authority will be suspended until reinstated by a memorandum from the National Office. The State Director must request reinstatement of his/her approval authority from the National Office. Loan and/or grant approvals, within delegated authority to District or to his/her field office officials, would not be affected by this action.

10/ Combination Grant, Direct, and/or Guaranteed Community Facilities loan approval authority is limited to \$3 million.

11/ Financial assistance to employees, members of families of employees, close relatives, or business or close personal associates should be made in accordance with RD Instructions 1900-D and 5 CFR § 2635 (Standards of Ethical Conduct for Employees of the Executive Branch).

12/ For Regional Commission grants, administered by the Agency, there is no dollar limitation.

^{1/} State Directors may delegate approval authority to the amounts indicated in this exhibit in accordance with §1901.4 of this Instruction. Approval authority of this type will be delegated in writing.

^{2/} Approval officials may approve a Direct Section 502 RH loan request for an amount up to the maximum loan limit as described in 7 CFR 3550.63. Assistant County Supervisors with new loan approval authority may approve a Section 502 RH loan for an amount up to 75 percent of the maximum loan limit. State Directors may increase approval authority to the full amount when the Assistant County Supervisor has demonstrated sufficient experience and training as determined by the State Director. Exceptions to this authority may be delegated in writing by the Administrator under the conditions outlined in 7 CFR part 3550.

3/ [Reserved]

4/ The loan approval limitation specified for the respective approval official will not be exceeded by the loan being approved, plus the outstanding principal and interest balance and undisbursed balance of previously authorized loans of the same type. Exceptions to approval limits may be made on a temporary basis by memorandum from the Administrator. If the loan is being processed in connection with an LH grant, approval authorities for the grant will apply to both the loan and grant.

5/ Maximum amount of grant assistance or loan outstanding.

6/ State Directors may establish authority limitations for loan guarantee approval officials according to the policies set forth in §1901.2 of this Instruction.

7/ Proposals in excess of the amount indicated, or where no amount is shown, require prior review and concurrence by the National Office before approval. If, after construction bids are opened or the loan has been approved, it is found that the project costs will exceed the amounts planned, thereby causing the amount of the loan assistance to exceed that previously concurred in by the National Office for the project, and project costs cannot be reduced to an acceptable level by negotiation, redesign, use of bid alternate, or other means, then the amount of the loan may be increased (subject to the requirements of program regulations) up to 10 percent without further concurrence by the National Office.

8/ Proposals in excess of the amount indicated or where no amount is shown require prior review and concurrence by the National Office before approval.

9/ District Directors will not approve loans and grants until they receive adequate training, have sufficient expertise, and have received written authority from the State Director.

10/ All preapplications involving congregate housing, group homes, and manufactured housing must be reviewed by the National Office before an application is authorized, unless a state-wide exception is authorized by the Deputy Administrator, Single Family Housing.
