Solicitation Issue Date: 07/16/2002

Reference: Request for Proposal (RFP) No. 263-02-P(DB)-0032

Offeror:

You are invited to submit a proposal in accordance with the requirements of the attached solicitation.

An original and seven copies of your proposal must be received by this office at the following address no later than **2:00 p.m.**, local prevailing time on August **19, 2002**.

National Institutes of Health

OD/OA/OLAO/DITA/NITAAC

Attn: Millicent Carr-Manning

6011 Executive Blvd., Suite 503G

Bethesda, MD. 20892-7260

If your proposal will be delivered by courier service, Federal Express, UPS, or Express Mail, the city, state and zip code should read ROCKVILLE, MD 20852.

Your proposal submitted in response to the attached solicitation must be signed by an official authorized to bind the offeror, and it shall contain a statement to the effect that the proposal is firm for a period of at least 180 days from date of receipt thereof by the Government. Proposals must be prepared in accordance with the instructions contained in Part V Section B of the solicitation.

It is anticipated that a fixed-price, indefinite quantity, indefinite delivery type contract will be awarded for ten (10) years.

By signing the award document, the offeror is reaffirming its awareness of, and agreement with, the various contract clauses.

This RFP does not commit the Government to pay any cost for the preparation and submission of a proposal. It is also brought to your attention that the Contracting Officer is the only individual who can legally commit the Government to the expenditure of public funds in connection with this proposed procurement.

Prices quoted should include any Government trade discount. In order for the Government to give proper consideration toward awarding a contract, your proposal should be accompanied by a published price list or other cost information used to establish the prices offered.

Awards may be made without further discussions; therefore, your proposal should be submitted initially on the most favorable terms your firm can submit to the Government.

The Government reserves the right to reject any or all proposals received. It is understood that your proposal will become part of the official file on this matter without obligation to the Government.

Sincerely,

Millicent Carr-Manning

Contracting Officer

PART II - THE SCHEDULE

SECTION B - SUPPLIES OR SERVICES AND PRICE

B.1 Scope of Work The Contractor, as an independent contractor, and not an agent of the Government shall setup maintain and manage an Electronic Commodities Store III, (ECS III) providing Commercial-Off-The-Shelf (COTS) desktop, laptop, handheld computing devices (including peripherals), workstations, software, networking equipment, commercial telecommunications equipment items related to telephony, including but not limited to (network routers, switches, repeaters, and cabling), scientific research workstations, and other electronic devices and systems, software, (including operating systems), related warranty and maintenance services and support services ancillary to providing those items above to support the National Institutes of Health and other Federal Government agencies in accomplishing their mission.

B.1.1 The Service Contract Act The Service Contract Act does not apply to this contract

B.2 Schedule Of Items The contractor shall provide the National Institutes of Health (NIH) and other Federal Government agencies with a full range of commercial off-the-shelf hardware, software, documentation, maintenance, peripherals, training, supplies and support services, in accordance with the Statement of Work requirements specified in Section C. All maintenance services are to be performed only in conjunction with hardware, software and peripherals acquired under this contract. A Fixed Price, Indefinite Delivery, Indefinite Quantity type contract is contemplated. The contractor shall review the statement of work requirements and provide a brief description, including the Original Equipment Manufacturer (OEM); OEM Part/Model Number; Contractor Part/Model Number if different from the OEM Part Number; and a description of all IT resources offered. It is the contractor's responsibility to identify the IT resources that will be available through the NIH Electronic Commodities Store III.

B.2.1 Price Tables/Lots The tables provided are samples to be used by the contractors to prepare their price proposal. The contractor must provide price tables for each year. All of the items or services offered, for which the contractors expects to receive compensation (i.e., payment), must appear in the price schedules. If there is no explicit charge associated with a particular item or service, "N/C" (i.e., No Charge) shall be inserted in the appropriate price column. Lot1 through lot 6 are the unit price tables for the commercial-off-the-shelf (COTS) products and support services offered to satisfy the technical requirements. The information required for each column of the Tables are defined below:

a) Column 1 - Contract Line Item Number (CLIN). Enter a sequential line item number starting with 1001 for Table B-1, 2001 for Table B-2, 3001 for Table B-3, 4001 for Table B-4, 5001 for Table B-5, 6001 for Table B-6. Each different type of hardware, software, service, or functional

capability offered must have a distinct CLIN. Following the last line entry for each Table, enter "Last laptop", "Last workstation" etc. as appropriate.

b) Column 2 - Model Number/Identification Number. Enter the specific equipment make and model/feature numbers for all equipment components, which are included in the price tables. The Contractor shall identify the Original Equipment Manufacturer (OEM) and specify the OEM Model Number/Identification Number and specify their Model Number/Identification Number if it is different than the OEM Number.

c) Column 3 - Description/Features. Enter a brief description of the IT Resources and special features for all the resource components included in the price tables.

d) Column 4 - Unit Quantity. Specify the quantity of items for which the Electronic Commodities Store III price is based. If the price offered is based upon a quantity of one (1) enter (1). If volume discounts are offered, enter the quantity range that is applicable for the offered price i.e. (1 - 10), (11 - 20). Each price break must be listed under a separate Contract Line Item Number.

e) Column 5 - Electronic Commodities Store III Price. Enter the Electronic Commodities Store price proposed for each IT Resource included in the price tables.

f) Column 6 - General Services Administration (GSA) Price. State if the IT Resource is available on a schedule contract from the General Services Administration (GSA). This includes schedule contracts with the OEM and Schedule contracts with the contractor. Enter the GSA price and GSA schedule contract number for all equipment and components are included in the price tables.

g) Column 7 - Catalog/List price. state if the IT Resource is listed on a published catalog by the OEM or contractor. Enter the catalog or list price for all equipment and components are included in the price tables.

h) Column 8 - Percent discount from the GSA schedule price. Enter the discount percentage of the Electronic Commodities Store III price as compared with the GSA schedule price for all equipment and components are included in the price tables.

i) Column 9 - Percent discount from the catalog list price. Enter the discount percentage of the Electronic Commodities Store III price as compared with the catalog/list price for all equipment and components are included in the price tables. j) Quantity Discounts - In addition to the discounts cited above, contractors are encouraged to propose discounts based on the quantity of items purchased under each individual Delivery Order.

B.3 Program Ceiling Amount The program ceiling amount established for this acquisition is \$600 million a year for ten years a period of one hundred twenty (120) months. The following provisions will apply if this solicitation results in the award of multiple contracts: a Minimum contract amount established for this acquisition is \$100.00. Maximum contract amounts will not be established for individual contracts, however, the aggregate amount expended under all of the contracts resulting from this solicitation shall not exceed \$6,000,000,000.00 during a one hundred twenty (120) month period.

PART II - THE SCHEDULE

SECTION C - STATEMENT OF WORK/SPECIFICATIONS

C.1. OBJECTIVE.

C.1.1 This statement of work defines the National Institutes of Health (NIH) Electronic Commodities Store requirements for:

- Lot 1: commercial-off-the-shelf (COTS) desktop, laptop and handheld computing devices (including peripherals), workstations, software, and networking equipment,
- Lot 2: commercial telecommunications equipment items related to telephony (including, but not limited to network routers, switches, repeaters, and cabling),
- Lot 3: scientific research workstations, and other electronic devices and systems,
- Lot 4: software (including operating systems),
- Lot 5: related warranty and maintenance services, and
- Lot 6: support services ancillary to providing those items above

C.1.2. The Electronic Commodities Store contract provides a mechanism to acquire Information Technology (IT) resources in production at the time of acquisition, for the Institutes and Centers of the National Institutes of Health, and for other Federal agencies. It is anticipated that the National Institutes of Health will make multiple awards of Indefinite Delivery, Indefinite Quantity type contracts as a result of this solicitation. The NIH envisions a performance based acquisition vehicle that will provide the best execution of delivery orders for IT Commodity goods listed above (Lots 1-6). The NIH seeks to acquire state-of-the-art commodities including electronics and computing devices capable of executing the latest generation of software under Microsoft Windows XP/.NET, Mac and UNIX (primarily SUN, SGI, and Linux) operating systems. The NIH requires innovative acquisitions (e.g. broker), acquisitions through flexible financing (e.g. leaser/lessee, lease to own), and traditional acquisition channels (e.g. distributor, independent contractor). The NIH seeks to acquire these commodities and services within the concept of "best execution", which is regarded as the best net price achievable under the current circumstances. Performance based Incentive Awards will be made available to those awardees that are successful in meeting the objectives of this solicitation. In addition to providing the best execution of a delivery order, the successful Contractor(s) will provide efficiencies of operations (e.g. order aggregation) that will recognize the market value of several delivery orders for any particular agency. Incentive Awards will be determined in part by how well the best execution is met, especially in comparison to other Government-Wide Acquisition Vehicles.

C.2. OPERATIONAL ENVIRONMENT.

C.2.1. Although the NIH's current networking environment is based on the IEEE 802.3 and IEEE802.11x standards, with Transmission Control Protocol/Internet Protocol (TCP/IP) and vendor proprietary protocols such as IPX, and Appletalk, it is not known what the environment will be at the time that this contract expires. Therefore, the purpose of this solicitation is to provide equipment to maintain currency of the installed base of desktop, fileserver, and workstation computers as well as provide a source for first time procurement of IT commodities and services.

C.2.2. Desktop, Workstation and Fileserver Computing Environment The equipment shall be used in various environments at the NIH. The three primary user communities are: Intramural Research Programs, which consist of biomedical researchers and staff, and of hospital personnel and staff; Extramural Programs, which consist of health science administrators and staff; and NIH administrators (budget, personnel, procurement, clerical, service support staff, and action officers, etc.) and staff. There is a range of users in each of the previous categories, from novice to power users. There is a range of requirements for each of the user communities. For example, the Intramural Research Programs use desktop machines to perform tasks such as creating scientific manuscripts, and the same machine may be used to operate a piece of scientific research equipment.

C.2.3. Business Procedure Environment The NIH Information Technology Acquisition and Assessment Center (NITAAC), with the assistance of NIH Institutes and Centers, will maintain a record of all information relevant to order processing and contract administration. Product information such as descriptions, prices and specifications shall be electronically and remotely accessible by NIH customers and other users of this contract (the Department of Health and Human Services, and other Federal Agencies) within 15 business days after contract award. Vendors should be prepared to comply with the NITAAC designated Internet implementing convention that will allow catalogue product search capability and on-line ordering. The minimum required elements of the on-line catalogue are CLIN, product description (including salient characteristics), OEM part name and part number, and ECS III price.

C.2.3.1. Processing Fee Awardees shall collect for NITAAC a 1% processing fee on all delivery orders placed through the ECS III. Orders originating from the NIH shall be exempt from the 1% processing fee. The collected fees shall be remitted to NITACC monthly.

C.2.3.2. Incentive Award Administration The 1% processing fee includes the base for the Incentive Awards. The Incentive Award base shall be equal to 25% of the total amount of processing fees collected and remitted to NITAAC. NITAAC will evaluate awardees on their ability to provide best execution, and shall rank-order all awardees. Each awardee shall then be assigned a score from 0 to 100. The awardee's Incentive Award will be equal to the percent of the total award fee base that is represented by their score (e.g. a score of 10 will earn 10% of the remitted performance base). Awardees that do not remit the collected 1% fees will automatically be assigned a score of 0. This process shall occur quarterly, within 20 business days after the start of the quarter. Contractors explicitly agree that the assignment of rank order and of score is final, and may not be protested or otherwise contested.

C.2.3.3. Electronic Commerce In accordance with the Government Paperwork Elimination Act (GPEA, see OMB Memorandum M-00-10), NITAAC is implementing to the greatest degree possible the paperless processing of all NIH Electronic Commodities Store orders, reports, pricing information, and other relevant business documents.

C.2.3.4. Electronic Data The Contractor(s) must be able to transmit, receive, and process electronic documents. They must comply with published government data conventions and implementation guidelines including NIH's IT architecture. All transactions will be conducted in a secure manner (public/private key encryption, authentication, non-repudiation) whether the transport mechanism is the Internet or a Virtual Private Network (VPN).

C.2.3.5. Electronic Commerce and www Electronic Catalogue Implementation The Electronic Commodities Store Contractor(s) shall make available to NITAAC, NIH Institutes and Centers (ICs), and authorized users of this contract, within 15 business days of contract award, a full complement of contract related resources, documents, and information like those described in C.2.3 above, on the World Wide Web. In addition, the Contractor(s) agrees to accept orders placed against the NIH Electronic Commodities Store Contract, issue invoices and receive payment through electronic commerce implemented by NIH and approved by the NITAAC.

Vendors should be prepared to comply with the NITAAC designated Internet implementing convention that will allow catalogue product search capability and on-line ordering. The minimum required elements of the on-line catalogue are CLIN, product description (including salient characteristics), OEM part name and part number, and NIH ECS III price. For the purpose of evaluation, the Contractor shall provide a URL address to view its proposed electronic catalogue.

C.3. APPLICABLE DOCUMENTS

The standards referenced in this Statement of Work may be obtained from the applicable documents listed below. In the event of conflict between these documents and the contents of the rest of this technical specification, these documents shall govern. The below listed documents are for prospective Contractors to ensure compliance with applicable standards.

C.4. COMMERCIALLY AVAILABLE PRODUCTS

C.4.1. Equipment and software proposed in response to this solicitation shall by the closing date for the submission of initial proposals be commercially available, off-the-shelf, state-of-the-art, in current production and have previously been the subject of one or more sales. The proposal of prototype, developmental, limited production, or beta test products is not acceptable. A proposal with discontinued, announced discontinued or used/refurbished, remanufactured, or reconditioned products is also not acceptable. a) An item is "commercial" if it is customarily used for other than Government purposes, and it has been sold, leased, or licensed to the general public or the Government, or has been offered for sale, lease or license to the general public. b) An item is "available" if it has evolved from an item described as a commercial item in C.4.1.a., above, through advances in technology or performance and that is not yet available in the commercial marketplace, but will be available in the commercial marketplace in time to satisfy the delivery requirements under a Government solicitation. c) "State-of-the-art" is defined as recently designed components, which are in current production, marketed, available, and maintained. d) To be in "current production", an item must be completely constructed with components specified by the manufacturer for that equipment, and those component types (not necessarily the specific components) must have been manufactured within the last 180 calendar days.

C.5. CONTRACT TERMINOLOGY AND GENERAL REQUIREMENTS

C.5.1. Definitions.

Broker. For the purposes of this acquisition a broker is regarded as the agent of both parties to a purchase/lease agreement. However, the broker is deemed the agent only of the party from whom the broker receives the original request for purchase/lease; and is not regarded as the agent of the other until the terms of the purchase/lease have been ratified between the principals.

Equipment. The term equipment is used throughout the solicitation to refer to a combination of items such as hardware, software, and firmware.

C.5.2. Certifications. The requirement for compliance with the Commercial Items, EPA Energy Star, Federal Communications Commission (FCC) Class B, EN 55022 Class B, and Underwriters Laboratory (UL) Listing is required by contract award. The UNIX compliant operating systems listed on the NIST POSIX approved product listing is required within twelve months after contract award. All desktop, file server, Web server, and application server systems shall be certified for the then current version of Windows (contained in the Microsoft Hardware Compatibility List, or HCL) within 12 months of contract award even though Windows may not be provided in the contract (the 12 month period is intended to provide Microsoft with sufficient time to evaluate and certify the offering). Such systems that are delivered prior to appearance on the NIST approved products listing and Windows HCL certification will be retrofitted or replaced for compliance, if necessary, at no cost to Government.

C.5.3 EPA Energy Star. This Section specifies that contractors shall offer equipment that is Energy Star compliant. At contract award, the sole Energy Star requirement shall be the self-certification by the Contractor that the offered equipment is Energy Star compliant. If any equipment fails to meet Energy Star requirements, the Contractor(s) shall replace, not retrofit, at no additional cost to the Government, all equipment it delivers under this contract to be Energy Star compliant as determined by the EPA sanctioned test. All subsequent deliveries of equipment shall also be Energy Star compliant as determined by the EPA sanctioned test. Equipment specifically exempted from EPA Energy Star requirements (e.g., multi-user systems) is exempt from this article.

C.5.4 Security. The Contractor must provide assurances that it meets the safeguards outlined in the Office of Management and Budget Circular A-130, Management of Federal Information Resources, and DHHS Automated Information Systems Security Program (AISSP) Handbook, version 2.0. The Contractor may be required to provide a written security plan prior to performance that addresses the safeguards required by task orders.

C.5.4.1 Information, computer systems, LANs, and other telecommunications systems at NIH should be considered to be categorized as high criticality/high sensitivity systems, as defined in the DHHS AISSP Handbook, unless otherwise identified by the Government.

C.5.4.2 The Contractor shall agree to establish and follow any additional security precautions considered by NIH to be necessary to ensure proper and confidential handling of data and information. A written agreement between NIH and the Contractor shall be reached before data and information otherwise exempt from public disclosure may be disclosed to the Contractor. The Contractor must include these requirements in any subcontract awarded under the prime contract.

C.5.4.3. Contractor personnel shall be granted rights of entry to and exit from those NIH and other Government facilities required for performance of work under this contract. Contractor employees shall comply with all applicable directives and policies regarding conduct of personnel and operation of the facility. The Government reserves the right to require Contractor personnel to "sign-in" upon entry to and "sign-out" upon exit from any Government facility.

C.5.4.4. The Contractor shall secure and protect all Contractor-owned and Contractor employee-owned personal property and equipment brought into Government facilities during performance of work under this contract. The Government shall not be held liable for loss of or damage to Contractor-owned or Contractor employee-owned personal property or equipment brought into Government facilities. The Contractor shall remove any Contractor-owned or Contractor employee-owned personal property deemed inappropriate by the Government, for any reason, from the Government facility in which it is found.

C.5.4.5. Under no circumstances are Contractor personnel permitted to use Government equipment, software, or supplies for purposes other than performance of this contract.

C.5.4.6. All Contractor employees must be United States citizens, legal residents of the United States, or aliens authorized temporary employment in the United States before they can be employed under this contract. All Contractor employees and sub-Contractor employees must sign a "Commitment to Protect Privileged Information Contractor Agreement" form. The Contractor will be held liable for any inappropriate disclosure of information/data by its employees or via any system used by the Contractor. Should the Contractor become aware of the need for additional safeguards, it must notify the COTR immediately.

C.5.5. Americans with Disabilities Act All equipment and services provided by the Contractor(s) shall comply with ADA requirements. Specifically, equipment offered must be adaptable to meet the requirements of persons with disabilities, where such adaptations would not place an undue burden on the manufacturer.

C.6 DESKTOP COMPUTER REQUIREMENTS

C.6.1 The Contractor(s) shall establish, operate, and manage the NIH Electronic Commodities Store, ensuring that necessary hardware, software, maintenance, training, and documentation are available to satisfy the NIH desktop computing needs. Due to the wide range of Personal Computers in use at the NIH, the Contractor(s) shall provide a wide range of equipment from a wide range of Original Equipment Manufacturers. The Contractor(s) is also strongly encouraged to consider providing equipment that may be beyond the requirements of the NIH in order to address the requirements of other Federal Agencies that will utilize this acquisition vehicle. For example, the Contractor(s) may consider C2 security requirements, or NSA certification requirements, in selecting OEM equipment to offer.

C.7 EQUIPMENT REQUIREMENTS.

C.7.1 The wide range of network equipment currently in use at the NIH requires a wide range of network equipment and accessories to ensure the preservation of capital investments in LAN/WAN infrastructure and operability. The primary topology for any NIH LAN is 10Base-T, 100Base-T, or ATM. In addition, the NIH requires network and telephony equipment such as, but not limited to storage and application (including WWW) servers, storage area networks, wireless hubs, and telephonic devices and services.

C.7.2 The broad range of NIH's functions in health, biomedical research, statistics, and science in general requires a broad range of computational requirements for UNIX based workstations and support equipment. The functional categories of workstations and accessories required by users of the Electronic Commodities Store include Data Servers, and High-performance Graphics Workstations

C.9 CONTRACT MANAGEMENT.

C.9.1 Contractors are encouraged to propose Web-based reporting in response to the reporting requirements listed below.

C.9.2 Recipients. Specific postal or Internet addresses for delivery of the reports and other files will be provided by the NIH Office of Procurement Management at the post-award conference.

C.9.3 Ordering Catalog. See Sections F and G.

C.9.4. RESERVED

C.9.5. Project Status Reviews. The Contractor(s) shall participate in Project Status Review (PSR) meetings with the Government quarterly. The location for each meeting will be specified by the Government. The meeting may be held more often at the request of the Contracting Officer.

C.9.6. Pricing. If Contractor(s) propose an NIH Electronic Commodities Store price which is higher than the GSA schedule price or the Catalogue List price, then Contractor(s) shall provide explanation for the higher price on an attachment to material provided by Contractor(s) under the Tables in Section B.

C.10. CONFIGURATION MANAGEMENT.

C.10.1. Notification of Changes. See Section F.

C.11. WARRANTY.

C.11.1. The Contractor(s) shall extend all warranties to be identical to those offered to the general public in customary commercial practices when those terms exceed the requirements of this solicitation. The Contractor(s) may at its discretion offer, as separately priced, extended warranties for warranty coverage beyond the minimum OEM warranty period, and may offer terms including decreased (faster) response times and on-call, on-site support.

C.11.2. On-Site Locations. The Contractor(s) shall provide warranty service for all equipment the Contractor delivers under this contract to the Washington D.C. Metropolitan Area. The Government recognizes that the terms of this article may be met by OEM warranty terms.

C.11.3. Other Locations Outside the Washington D.C. Metropolitan Area. The Contractor(s) shall provide a method for warranty, which may be separately priced, for equipment the Contractor delivers, for other locations not listed in the paragraph above. The Contractor(s) shall provide for repairing the equipment including the means to transport the systems. The Contractor(s) shall bear all shipping costs and responsibilities both to and from the Government site.

C.11.4. Coverage Period. The warranty period will commence upon date of delivery to the Government. User receipt of an item that is inoperable upon delivery shall be resolved in accordance with the warranty provisions of the contract. Period, the newly installed part shall become Government property. The defective part shall become the property of the Contractor(s) except the Government reserves the right to purchase defective hard drives and removable hard drives containing sensitive or classified material that is required by statute or regulation to be destroyed or retained by the Government. The effective warranty for all replacement items installed during the initial warranty period shall be the greater of (1) the remaining warranty period on the original item or (2) a 90 calendar day warranty period provided with each replacement item. All replacement parts shall conform to technical specifications and architectural standards as described in this solicitation.

C.11.6. New or Warranted Parts. Only new parts or parts warranted by the OEM as equal to new shall be utilized for replacement when repairs are made.

C.11.7. Time to Repair. Equipment/software (including documentation) delivered to all Washington D.C. metropolitan area locations shall be repaired or replaced, and fully operational within two (2) working days following notification to the Contractor(s)' designated technical support personnel of the need for warranty service. Equipment/software (including documentation) delivered to all other area locations shall be repaired or replaced, and fully operational within five (5) working days following notification to the Contractor(s)' designated technical support personnel of the need for warranty service. Temporary replacement equipment may be used to satisfy this requirement provided that the replacement equipment is provided at no additional cost to the Government, and that it is functionally equivalent or exceeds equivalence to the equipment being repaired or replaced.

C.11.8. Warranty Conditions. The Government shall be able to upgrade PC systems by inserting items or attaching other devices such as third party cards or disk drives without voiding the warranty on items delivered under this contract. Substitutions and additions of equipment not manufactured or supplied by the Contractor(s) shall be subject to the following: (1) The Contractor(s) will not be responsible for damage caused to the original equipment provided the damage results from the use of third party equipment, and (2) The Contractor(s) will not be responsible for defects or overall system performance degradation if such defects or performance degradation result from the use of third party equipment.

C.12. TELEPHONIC SUPPORT.

C.12.1. Telephonic support via a toll free number shall be provided by the Contractor(s) to the Government.

C.12.2. Availability. Telephonic support services shall be available, as a minimum, Monday through Friday, 8:00 a.m. through 6:00 p.m. Eastern Time, excluding U.S. Government holidays. Recorded answering services are not acceptable to the Government during those times. The Contractor(s) shall provide a method for telephonic support services, such as a Fax-back service, a paging service, or third-party support service, for worldwide support whereby requests for telephonic support are responded to no later than the next business day for requests originating outside of the Continental United States.

C.12.3. Services. As a minimum, Telephonic Support Services shall consist of the following:

a) Order Processing and Order Tracking Information. When provided with a Government delivery order number (the ECS authorized tracking number), the Contractor(s) shall be required to provide the Government the date of receipt of the order and the shipping status.

b) User Technical Assistance. The Contractor(s) shall be prepared to receive product problem reports and assist the user towards timely resolution of the reported problem. Reports of problems may also come through Email and/or Internet/WWW messaging. The Contractor(s) is responsible for hardware/software related calls for all products which are covered under warranty. The Contractor(s) shall maintain contact with the reporting user until final resolution and user notification. Interim resolution of a software problem is to include a work around solution until the problem is finally corrected in the next release or version of the product. Technical assistance may be provided by the OEM to satisfy this requirement.

C.12.3.1. Telephonic Support Personnel. Contractor(s)' personnel manning the telephonic support service telephones shall have sufficient expertise to recommend corrective actions for hardware and software problems, and the personnel shall speak and understand English.

C.13. MAINTENANCE SUPPORT.

C.13.1. Contractor(s) shall propose software and hardware maintenance, including but not limited to prepaid software license upgrade rights and routine hardware maintenance, for hardware and software on this contract. At the Government's option, the Government may order, at any time during a warranty period, monthly or yearly maintenance at the Monthly/Yearly Maintenance Discounted Amount in the pricing proposal. The Contractor(s) shall propose a fixed-price for maintenance services during the principal period of maintenance (PPM), 8:00 a.m. to 5:00 p.m., excluding weekends and Government holidays. For maintenance outside PPM, it shall be priced as time and materials. Spare parts should be priced separately. Such maintenance shall be separately priced.

C.14. ORDER PROCESSING.

C.14.1. The Contractor(s) shall have the capability to receive and process orders both in hard copy and electronic media.

C.15. QUALITY ASSURANCE

C.15.1. The Contractor(s) shall provide Quality Assurance to ensure that configurations ordered are adequately burnt-in and tested prior to shipment. The Contractor(s) shall also provide quality assurance to ensure that the requirements of this contract are met from initial acceptance of equipment by the Government and throughout the life of the contract, in accordance with the Commercial Items clause. The Government reserves the right to perform quality assurance inspections to assure the requirements of the contract have been met. Technical personnel necessary for Government inspections shall be provided by the Contractor(s) when requested.

C.16. EXPEDITED DELIVERY AND ON-SITE CRISIS SUPPORT.

C.16.1. The Contractor(s) shall propose expedited delivery and on-site crisis support services for an as-requested basis.

C.17. TRAINING AND OTHER INTEGRATION SERVICES.

C.17.1. The Government encourages contractors to propose in Table B-10 different types of standard commercial training and other services related to installation and set-up of delivered equipment.

C.18. PROMOTING THE CONTRACT.

C.18.1. NITAAC**Contract Name (ECS-III)****Contract Number****Appropriation/CAN Number:**

c. Monthly Check Report A copy of the check should be sent to the Financial Analysts. The check report will provide details relating back to which NIH processing fee(s) were paid by the check, showing individual dollar amounts and identifying authorization number of each order being paid. All modifications to the original orders must be listed as a separate line item. Additionally, the report must total to the amount of the check and include the check number. A sample format for this report is attached and is incorporated as Attachment No. 3, Section J of the contract. This information can be mailed, faxed or delivered to the Financial Analysts to be received not later than the 10th of the following month. If the Contractor does not adhere to all of the contract requirements as stated above, they may be subject to a moratorium of its contract. During the moratorium, the contractor shall be precluded from accepting orders under this contract.

d. Customer Agency Requirements The customer will be responsible for sending a copy of each delivery order directly to the ECS-III Financial Team. The address of the ECS-III Financial Team may be found above. The Customer agency will also send the delivery order to the contractor.

G.8 FAIR OPPORTUNITY TO BE CONSIDERED

Unless one of the exceptions at FAR 16.505(b)(2) applies and is fully documented by the customer, for each delivery order, the requirements of the fair opportunity to be considered process shall be deemed to have been met if the customer compares the various products and prices on the awardees' electronic catalog. At least three awardees' catalogs shall be compared, taking into account awardees' past performance, delivery schedules, prices, and other factors pertinent to the particular delivery order. The customer's Delivery Order file shall document the process and provide the rationale for selection of the vendor for the particular delivery order.

G.9 CONTRACT DELIVERY ORDER SYSTEM

A new NITAAC Delivery Order System is under development. Listed below is the basic information for the new system, you will be notified when the system is available for use.

G.9.1 BUSINESS PROCEDURE ENVIRONMENT NIH in accordance with FAR 4.5 Electronic Commerce in Contracting shall exercise broad discretion in selecting the hardware and software that will be used in conducting electronic commerce including electronic signatures. In accordance with the Government Paperwork Elimination Act of October 21, 1998, Title XVII of Division C of Public Law 105-277 and Public Law 106-229 enacted June 30, 2000 for electronic signatures, NIH, Information Technology Acquisition Assessment Center (NITAAC) intends to maximize e-commerce and shall require any system developer of any e-commerce system to fully comply with the enumerated acts. This requirement includes any succeeding regulations that are enacted during the life of the contract. It is anticipated that the only system requirements imposed on vendors are a Web Browser, an Internet connection and a digital certificate by NITAAC.

G.9.2 ELECTRONIC COMMERCE NITAAC with the assistance of NIH Institutes, Centers, and Divisions, will maintain a record of all information relevant to order processing and contract administration. NITAAC is implementing Electronic Commerce to facilitate to the greatest degree possible the paperless processing of all NIH ECS III orders, reports, pricing information, and other relevant business documents in accordance with laws and regulations stated above. These integrated Web based electronic commerce services will greatly enhance the speed and efficiency of interaction between NITAAC and vendors. The services being considered include but not limited to Web based fee accounting system, and on-line catalog. All ECS III vendors will be required to use the electronic commerce system to interact with NITAAC as the systems become available.

G.9.3 WEB BASED FEE ACCOUNTING SYSTEM Vendors shall use a Web based fee accounting system to submit and validate all fees associated with orders placed under this contract. NITAAC finance personnel will use the system to interact with vendors to ensure full accounting and resolve discrepancies. Full reporting on the status of all orders and account information will be available to the vendor through the system.

G.9.4 INFORMATION TECHNOLOGY ACCESSIBILITY FOR PERSONS WITH DISABILITIES All services delivered as result of orders placed under this contract shall comply with accessibility standards in accordance with Federal Information Technology Accessibility as required by Section 508.

PART II - THE SCHEDULE

SECTION H- SPECIAL CONTRACT REQUIREMENTS

H.2 ENERGY STAR REQUIREMENTS

In compliance with Executive Order 12845 (requiring agencies to purchase energy efficient computer equipment) all microcomputers, including personal computers, monitors, and printers that are acquired using Government funds in performance of a contract shall be equipped with or meet energy efficient low-power standby feature as defined by the EPA Energy Star program unless the equipment always meets EPA Energy Star efficiency levels. The microcomputer, as configured with all components, must be Energy Star compliant. This low power feature must already be activated when the computer equipment is delivered to the agency and be of equivalent functionality of similar power managed modules. If the equipment will be used on a local area network, the vendor must provide equipment that is fully compatible with the network environment. In addition, the equipment will run commercial off-the-shelf software both before and after recovery from its energy conservation mode.

H.3 GOVERNMENT DATA SUPPLIED TO THE CONTRACTOR

During the course of the contract, the Contractor may have access to Government data relevant to this project, as required. Any information not previously published, received from the Government in connection with this contract, or furnished to the Contractor from other sources under this contract, will be restricted to this project and may not be disclosed or used for any other purpose without the prior written approval of the Contracting Officer. These restrictions do not apply to information which:

- (a) currently or subsequently enters the public domain
- (b) has been released to any third party, without restrictions, or
- (c) is obtained by the contractor independent of the Government.

H.4 INSURANCE COVERAGE

Pursuant to the clause "Insurance - Work on a Government Installation (FAR 52.228?5)," the Contractor will be required to present evidence to show, as a minimum, the amounts of insurance coverage indicated below: (a) Workers Compensation and Employer's Liability. The Contractor is required to comply with applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers. (b) General Liability. The Contractor shall have bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence. (c) Automobile Liability. The Contractor shall have automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury

and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. (d) Aircraft Public and Passenger Liability. When aircraft are used in connection with performing the contract, the Contractor shall have aircraft public and passenger liability insurance. Coverage shall be at least \$200,000 per person and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.

H.5 DELIVERY ORDER PROCEDURES

For purposes of this contract and all modifications issued under this contract the term delivery order includes the following:

Delivery orders
Purchase card transactions
NIH record of call

a) Customer's Responsibilities

1. Upon determining its requirements, the customer reviews at least three contractors' electronic catalogs to determine whether they can provide the IT products/services required. All sources should be accessed to determine the best value to the Government for the product/service. This constitutes the FAR requirement at FAR 16.505(b) for "fair opportunity to be considered".
2. The Customer, taking into consideration price, delivery scheduling, past performance, quality, etc., performs a best value analysis and documents the source selection decision in its official task order file. If the decision is made that one of the exceptions to the "fair opportunity to be considered" process contained at FAR 16.505(b)(2) applies, the rationale for the use of the exception chosen must be fully documented in the official delivery order file, and signed by the Agency Contracting Officer or other designated agency official appointed in accordance with agency regulations.
3. If this is an external (e.g., non-N.I.H.) customer, the delivery order must cite the NIH 1% processing fee as a separate firm, fixed price line item on the first page of the delivery order. The first page of the delivery order must include a subtotal of the items purchased, a separate line item for the NIH 1 % processing fee, and a grand total (including the fee).
4. The order must be signed by the customer's Accountable Management Official (AMO) (See Section G, Article G.3).

b) Contractor's Responsibilities

1. Upon receipt of each delivery order placed against this contract, the contractor shall review the order to ensure that the D.O. contains the NIH 1% processing fee (external customers only). The contractor shall ensure that the first page of the delivery order includes a subtotal for the items purchased and a grand total including the 1% processing fee.
2. If the NIH 1% processing fee is omitted or is calculated incorrectly, or the order amount is incorrect, the contractor must contact the customer and request a corrected delivery order before it can be accepted.
3. The contractor shall validate the accuracy of delivery order the contractor shall assign the next sequential delivery order authorization number.
4. The contractor shall attach a complete copy of each delivery order to the biweekly sales report submitted to the NIH in accordance with Section II, Article G.5 of the contract.

5. The contractor shall clearly identify all delivery order modifications with the original delivery order authorization number and a numerical extension (e.g. 01,02,03 etc.) that corresponds to the appropriate modifications.

6. If the contractor does not comply with these procedures, it will be subject to a moratorium, of this contract, during which it may not accept any new orders.

H.6 YEAR 2002 WARRANTY - COMMERCIAL SUPPLY ITEMS

The contractor warrants that each hardware, software, and firmware product delivered under this contract and listed below shall be able to accurately process date data (including, but not limited to, calculating, comparing, and sequencing) from, into, and between the twentieth and twenty-first centuries, including leap year calculations, when used in accordance with the product documentation provided by the contractor, provided that all listed or unlisted products (e.g. hardware, software, firmware) used in combination with such listed product properly exchange date data with in. If the contract requires that specific listed products must perform as a system in accordance with the foregoing warranty, then that warranty shall apply to those listed products as a system. The duration of this warranty and the remedies available to the Government for breach of this warranty shall be as defined in, and subject to, the terms and limitations of the contractor's standard commercial warranty or warranties contained in this contract, provided that notwithstanding any provisions to the contrary in such commercial warranty or warranties, the remedies available to the Government under this warranty shall include repair or replacement of any listed product whose non-compliance is discovered and made known to the contractor in writing within ninety (90) days after acceptance. Nothing in this warranty shall be construed to limit any rights or remedies the Government may otherwise have under this contract with respect to defects other than Year 2000 performance.

H.7 PAST PERFORMANCE EVALUATIONS

Standard past performance evaluations are used for ECS III delivery orders greater than **\$100,000.00** to monitor and record overall performance of each contractor. The past performance evaluation form will be completed upon delivery order completion by the customer's COTR and signed by the Accountable Management Official (NIH and non-NIH customers). It shall be forwarded to the contractor for comment. Contractor comments received by the customer within 30 calendar days will be considered in the final evaluation, and must be included in the evaluation form. Once the contractor comments are incorporated, the form is forwarded to the ECS Contracting Officer for entry into the NIH Past Performance Database. The information collected in the NIH Past Performance Database will be available to all Government agencies.

H.8 TECHNOLOGY UPGRADES/REFRESHMENTS

H.8.1 After contract award, the Government may solicit, and the Contractor is encouraged to propose independently, technology improvements to the hardware, software, specifications, or other requirements of the contract. These improvements may be proposed to save money, to improve performance, to save energy, to satisfy increased data processing requirements or for any other purpose which presents a technological advantage to the Government. As part of the proposed changes, the Contractor shall submit a price proposal to the Contracting Officer for evaluation. Those proposed technology improvements that are acceptable to the Government will be processed as modifications to the contract.

H.8.2 As a minimum, the following information shall be submitted by the Contractor with each proposal:

H.8.2.1 A description of the difference between the existing contract requirement and the proposed change, and the comparative advantages and disadvantages of each;

H.8.2.2 Itemized requirements of the contract that must be changed if the proposal is adopted, and the proposed revision to the contract for each such change;

H.8.2.3 An estimate of the changes in performance and price, if any that will result from adoption of the proposal;

H.8.2.4 An evaluation of the effects the proposed changes would have on collateral costs to the Government, such as Government-furnished property costs, costs of related items, and costs of maintenance, operation and conversion (including Government application software); and

H.8.2.5 A statement of the time by which the contract modification adopting the proposal must be issued so as to obtain the maximum benefits of the changes during the remainder of this contract including supporting rationale; and

H.8.2.6 Any effect on the contract completion time or delivery schedule shall be identified.

H.8.2.7 The Government will not be liable for proposal preparation costs or any delay in acting upon any proposal submitted pursuant to this clause. The Contractor has a right to withdraw, in whole or in part, any proposal not accepted by the Government within the period specified in the proposal. The decision of the Contracting Officer as to the acceptance of any such proposal under this contract is final and not subject to the "Disputes" clause of this contract.

H.8.2.8 If the Government wishes to test and evaluate any item(s) proposed, the Contracting Officer will issue written directions to the Contractor specifying what item(s) will be tested, where and when the item(s) will be tested, to whom the item(s) is to be delivered, and the number of days (not to exceed 90 calendar days) that the item will be tested.

H.8.2.9 The Contracting Officer may accept any proposal submitted pursuant to this clause by giving the Contractor written notice thereof. This written notice will be given by issuance of a modification to this contract. Unless and until a modification is executed to incorporate a proposal under this contract, the Contractor shall remain obligated to perform in accordance with the requirements, terms and conditions of the existing contract.

H.8.2.10 If a proposal submitted pursuant to this clause is accepted and applied to this contract, the equitable adjustment increasing or decreasing the contract price shall be in accordance with the procedures of the "Changes" clause. The resulting contract modification will state that it is made pursuant to this clause.

H.9 LEASING

The Government contemplates leases of the following types: lease to ownership; lease with an option to purchase; and straight lease IT equipment. All leases may include integrated installation and warranty. If Government awards a Delivery Order for leased equipment it, contemplated the use of the equipment for the entire term of the lease identified (Lease Term). However, the Lease Term of the Lease agreement is from the date of acceptance of the equipment through September 30 of the fiscal year in which the delivery order is placed. Acceptance shall be defined in each Delivery Order. The Lease Term of the lease agreement is from the date of acceptance of the equipment through the period specified in the Delivery order.

(a) Credits / Discontinuance Notice - When discontinuing lease pursuant to the clause, the Government will give the contractor thirty (30) days prior written notice of discontinued service or a shorter notice when agreed to by the contractor.

(b) Credit Refunds - The Government shall retain the credits. These credits may be used to extend the lease agreement at no additional cost in the amount of the credits. No money will be refunded back to the Government for credits.

(c) Leasing documentation will be required for each leasing agreement delivery order.

PART III - CONTRACT CLAUSES

SECTION A - FAR Clause 52.212-4

CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS (AUGUST 1996)

(a) Inspection /Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its Post acceptance rights

- (1) within a reasonable time after the defect was discovered or should have been discovered; and
- (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee's rights to be paid amounts due as a result of performance of this contract, may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727).

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definition. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- (3) Contract number, contract line item number and, if applicable, the order number;
- (4) Description, quantity, unit of measure, unit price and extended price of the items delivered;
- (5) Shipping number and date of shipment including the bill of lading number and weight of shipment if shipped on Government bill of lading;
- (6) Terms of any prompt payment discount offered;
- (7) Name and address of official to whom payment is to be sent; and
- (8) Name, title, and phone number of person to be notified in event of defective invoice. Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A- 125, Prompt Payment.

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A- 125, Prompt Payment. Unless otherwise provided by an addendum to this contract, the Government shall make payment in accordance with the clause at FAR 52.232-33, Mandatory Information for Electronic Funds Transfer Payment, which is incorporated by reference. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

- (1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or
- (2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law.

If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C 327, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 251 related to whistle blower protections; and 49 U.S.C 40118, Fly American.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order: (1) the schedule of supplies/services; (2) the Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause; (3) the clause at 52.212-5; (4) addenda to this solicitation or contract, including any license agreements for computer software; (5) solicitation provisions if this is a solicitation; (6) other paragraphs of this clause; (7) the Standard Form 1449; (8) other documents exhibits, and attachments; and (9) the specification.

PART III - CONTRACT CLAUSES

SECTION B -ADDENDUM TO CONTRACT TERMS AND CONDITIONS - COMMERCIAL ITEMS

NOTICE OF PRICE EVALUATION ADJUSTMENT FOR SMALL DISADVANTAGED BUSINESS CONCERNS

In accordance with FAR clause 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns, incorporated in part V section D., contractors will be evaluated by adding a factor of 10% percent to the price of all offers, except offers from small disadvantaged business concerns that have not waived the adjustment. (Note: A listing of other contractors who are excepted and will not have this evaluation factors added to their offer my be found in subparagraph (b) of FAR Clause 52.219-23. A small disadvantaged business concern may elect to waive the adjustment, in which case the factor will be added to its offer for evaluation purposes. The agreements in paragraph (d) of FAR Clause 52.219-23 do not apply to contractors that waive the adjustment.

A CONTRACTOR WHO ELECTS TO WAIVE THIS EVALUATION ADJUSTMENT MUST SPECIFICALLY INDICATE WITH A STATEMENT TO THIS EFFECT ON THE COCKER PAGE OF ITS BUSINESS PROPOSAL.

B.1 Far 52.216-22 Indefinite Quantity (Oct 1995)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum" The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum".

(c) Except for any limitations on quantities in the Order Limitations clause or in the schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issues during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after_____.

B.2 FAR 52.216-18 Ordering

(a) Orders may be issued from date of award through expiration date.

(b) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from 11/27/02 through 11/26/12.

(c) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(d) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

B.3 FAR 52.216-19 Order Limitation (OCT 1995)

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than 100.00 the government is not obligated to purchase

(1) 20 million

(2) 30 million, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor—

(1) Any order for a single item in excess of 20 million;

(2) Any order for a combination of items in excess of 30 million; or

(3) A series of orders from the same ordering office within 3 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) of this section.

(c) If this is a requirement contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within _____ days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

B.4 FAR 52.216-2 Economic Price Adjustment - Standard Supplies (JAN 1997)

(a) The Contractor warrants that the unit price stated in the Schedule for _____ is not in excess of the Contractor's applicable established price in effect on the contract date for like quantities of the same item. The term "unit price" excludes any part of the price directly resulting from requirements for preservation, packaging, or packing beyond standard commercial practice. The term "established price" means a price that

- (1) is an established catalog or market price for a commercial item sold in substantial quantities to the general public,
- (2) meets the criteria of subsection 15.804-1 of the Federal Acquisition Regulation (FAR), and
- (3) is the net price after applying any standard trade discounts offered by the Contractor.

(b) The Contractor shall promptly notify the Contracting Officer of the amount and effective date of each decrease in any applicable established price. Each corresponding contract unit price shall be decreased by the same percentage that the established price is decreased. The decrease shall apply to those items delivered on and after the effective date of the decrease in the Contractor's established price, and this contract shall be modified accordingly. The Contractor shall certify

(1) on each invoice that each unit price stated in it reflects all decreases required by this clause or

(2) on the final invoice that all required price decreases have been applied as required by this clause.

(c) If the Contractor's applicable established price is increased after the contract date, the corresponding contract unit price shall be increased, upon the Contractor's written request to the Contracting Officer, by the same percentage that the established price is increased, and the contract shall be modified accordingly, subject to the following limitations:

(1) The aggregate of the increases in any contract unit price under this clause shall not exceed 10 percent of the original contract unit price.

(2) The increased contract unit price shall be effective (i) on the effective date of the increase in the applicable established price if the Contracting Officer receives the Contractor's written request within 10 days thereafter or (ii) if the written request is received later, on the date the Contracting Officer receives the request.

(3) The increased contract unit price shall not apply to quantities scheduled Under the contract for delivery before the effective date of the increased contract unit price, unless failure to deliver before that date results from causes beyond the control and without the fault or negligence of the Contractor, within the meaning of the Default clause.

(4) No modification increasing a contract unit price shall be executed under this paragraph until the Contracting Officer verifies the increase in the applicable established price.

(5) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability to either party, any undelivered portion of the contract items affected by the requested increase.

(d) During the time allowed for the cancellation provided for in subparagraph (c)(5) of this clause, and thereafter if there is no cancellation, the Contractor shall continue deliveries according to the contract delivery schedule, and the Government shall pay for such deliveries at contract unit price, increased to the extent provided by paragraph (c) of this clause.

PART V - SOLICITATION PROVISIONS

SECTION A - FAR Clause 52.212-1 INSTRUCTIONS TO CONTRACTORS-COMMERCIAL ITEMS (OCTOBER 1995)

(a) Standard industrial Classification (SIC) code, and small business size standard. The SIC code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of Offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show:

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the contractor;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The contractor agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government and returned at the sender's request and expense, unless they are destroyed during pre-award testing.

(e) Multiple offers. Contractors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted shall be evaluated separately.

(f) Late offers. Offers or modifications of offers received at the address specified for the receipt of offers received after the exact time specified for receipt of offers will not be considered.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with contractors. Therefore, the contractor's initial offer should contain the contractor's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the contractor qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the contractor specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1) The Index of Federal Specifications, Standards and Commercial Item Descriptions and the documents listed in it may be obtained from the

General Services Administration,
Federal Supply Service Bureau,
Specifications Section, Suite,
8100, 470 L'Enfant Plaza, SW,
Washington, DC 20407
Tel: (202) 755-0325/0326.

(2) The DOD Index of Specifications and Standards (DODISS) and documents listed in it may be obtained from the

**Standardization Documents Desk,
Building 4D, 700 Robbins Avenue,
Philadelphia, PA 19111-5094
(Telephone (215) 697-2569).**

(i) Automatic distribution may be obtained on a subscription basis.

(ii) Individual documents may be ordered from the Telespecs ordering system by touch-tone telephone. A customer number is required to use this service and can be obtained from the Standardization Documents Order Desk or the Special Assistance Desk (telephone (610) 607-2667/2179).

(3) Non-government (voluntary) standards must be obtained from the organization responsible for their preparation, publication or maintenance.

- (b) Technical Proposal - one (1) original and seven (7) copies
- (c) Cost/Price Proposal - one (1) original and seven (7) copies

B.4 Type Of Contract (FAR 52.216-1) (APR 1984) The Government contemplates award of multiple Fixed-priced, indefinite delivery, indefinite quantity resulting from this solicitation. The government contemplates award of 20-25 individual fixed priced contracts.

B.5 Set-Aside/Size-Standard Information This solicitation is being conducted on an unrestricted basis. However, the Government contemplates multiple awards resulting from this solicitation. The following set-aside and/or size standard criteria applies to this acquisition:

- (a) Percent of the set-aside: None
- (b) Type of set-aside: None
- (c) Size standard or other criteria: 1000 employees
- (d) North American Classification Industrial 443120

B.6 The following Department of Health and Human Services Acquisition Regulation (48 CFR Chapter 3) Provision is incorporated herein in full text.

HHSAR 352.215-12 - RESTRICTION ON DISCLOSURE AN USE OF DATA (APR 1984) The proposal submitted in response to this request may contain data (trade secrets; business data, e.g., commercial information, financial information, and cost and pricing data; and technical data) which the contractor, including its prospective subcontractor(s), does not want used or disclosed for any purpose other than for evaluation of the proposal. The use and disclosure of any data may be so restricted; provided, that the Government determines that the data is not required to be disclosed under the Freedom of Information Act, 5 U.S.C. 552, as amended, and the contractor marks the cover sheet of the proposal with the following legend, specifying the particular portions of the proposal which are to be restricted in accordance with the conditions of the legend. The government's determination to withhold or disclose a record will be based upon the particular circumstances involving the record in question and whether the record may be exempted from disclosure under the Freedom of Information Act: Unless disclosure is required by the Freedom of Information Act, 5 U.S.C. 552, as amended, (the Act) as determined by Freedom of Information (FOI) Officials of the Department of Health and Human Services, data contained in the portions of this proposal which have been specifically identified by page number, paragraph, etc. by the contractor as containing restricted information shall not be used or disclosed except for evaluation purposes. The contractor acknowledges that the Department may not be able to withhold a record (data, document, etc.) nor deny access to a record requested pursuant to the Act and the Department's FOI officials must make that determination. The contractor hereby agrees that the Government is not liable for disclosure if the Department has determined that disclosure is required by the Act. If a contract is awarded to the contractor as a result of, or in connection with, the submission of this proposal, the Government shall have the right to use or disclose the data to the extent provided in the contract. Proposals not resulting in a contract remain subject to the Act. The contractor also agrees that the Government is not liable for disclosure or use of unmarked data and may use or disclose the data for any purposes, including the release of the information pursuant to requests under the Act. The data subject to this restriction are contained in pages (_____). In addition, the contractor should make each page of data it wishes to restrict with the following legend: "Use or disclosure of data contained on this page is subject to the restriction on the cover sheet of this proposal or quotation." Contractors are cautioned that proposals submitted with restrictive legends or statements differing in substances from the above legend may not be considered for award. The Government reserves the right to reject any proposal submitted with a nonconforming legend.

B.7 Past Performance Factor The Government will evaluate the quality of the contractor's past performance based on information obtained from references provided by the contractor, as well as other relevant past performance information obtained from other sources known to the Government. The Government will assess the relative risks associated with each contractor. Performance risks are those associated with an contractor's likelihood of success in performing the acquisition requirements as indicated by that contractor's record of past performance. The assessment of performance risk is not intended to be the product of a mechanical or mathematical analysis of an contractor's performance on a list of contracts but rather the product of subjective judgment by the Government after it considers any relevant information. The Government will consider the number or severity of an contractor's problems, the effectiveness of corrective actions taken, the contractor's overall work record, and the age and relevance of past performance information. The lack of a performance record may result in an unknown performance risk assessment, which will neither be used to the advantage or disadvantage of the contractor. Contractors shall submit the following information as part of their proposal: A list of the last 3 contracts completed within the last three years and all contracts currently in process that are similar in nature to the solicitation work scope. Contracts listed may include those entered into by the Federal Government, agencies of state and local governments and commercial concerns. Include the following information for each contract or subcontract:

1. Name of Contracting Organization
2. Contract Number (for subcontracts, provide the prime contract number and the subcontract number)

3. Contract Type
4. Total Contract Value
5. Description of Requirement
6. Contracting Officer's Name and Telephone Number
7. Program Manager's Name and Telephone Number
8. Standard Industrial Code Each contractor will be evaluated on its performance under existing and prior contracts for similar products or services. Performance information will be used for both responsibility determinations and as an evaluation factor against which contractor's relative rankings will be compared to assure the best value to the Government. The Government will focus on information that demonstrates quality of performance relative to the size and complexity of the acquisition under consideration. The Government is not required to contact all references provided by the contractor. Also references other than those identified by the contractor may be contacted by the Government to obtain additional information that will be used in the evaluation of the contractor's past performance.

PART V - SOLICITATION PROVISIONS

SECTION C - EVALUATION FACTORS FOR AWARD

In accordance with FAR Subpart 15.304©(4), The extent of participation of Small Disadvantaged Business (SDB) concerns in performance of the contract in the authorized NAICS Industry Sub sectors shall be evaluated in unrestricted competitive acquisitions expected to exceed \$500,000 (\$1,000,000 for construction) subject to certain limitations (see FAR 19,1202-1 and 19,1202-2(b)). The dollar amounts cited above include any option years/option quantities that may be included in this solicitation. The definition of a "small disadvantaged business" is cited in FAR 19.001.

The factor entitled "Extent of Small Disadvantaged Business Participation" as set forth under the Evaluation Criteria in Part V section C shall be used for evaluation purposes, Credit under evaluation factor is not available to SDB concerns that receive a Price Evaluation Adjustment (PEA) under FAR 19.11. Therefore, an SDB will be evaluated on this factor only if that SDB concern waives the PEA. **Waiver of the price evaluation adjustment shall be clearly stated in the proposal.**

The Department of Commerce determines, on an annual basis, by Sub sectors, as contained in the North American Industry Classification System (NAICS) codes, and region, if any, the authorized SDB procurement mechanisms and applicable factors (percentages). The NAICS codes can be found at:

The Department of Commerce website for the annual determination is:
<http://www.arnet.gov/Reference/sdbadjustments.htm>

Contractors shall include with their offers, SDB targets, expressed as dollars and percentages of total contract value in each of the applicable, authorized NAICS industry Sub sector(s). The applicable authorized NAICS Industry Sub sector for this project is (are) identified elsewhere in this RFP. A total target for SDB participation by the prime contractor, that includes any joint ventures and team members, shall be provided as well as a total target for SDB participation by

subcontractors. In addition, contractors must provide information that describes their plans for meeting the targets set forth in their proposal. **This information shall be provided in one clearly marked section of the Business Proposal, which shall describe the extent of participation of SDB concerns in the performance of the contract.** If the evaluation factor in this solicitation includes an SDB evaluation factor or sub factor that considers the extent to which SDB concerns are specifically identified, the SDB concerns considered in the evaluation shall be listed in any resultant contract. Contractors should note that addressing the extent of small disadvantaged business participation is not in any way intended to be a substitute for submission of the subcontracting plan, if it is required by this solicitation. An example of the type of information that might be given (in addition to the narrative describing the plan for meeting the targets) follows:

EXAMPLE

Targets for SDB Participation - NAICS Industry Subsector 223		
	SDB Percentage of total contract value	
Total contract value - \$1,000,000	25%	\$250,000
SDB Participation by Prime (Includes joint venture partners and team arrangements)*	10%	\$100,000
SDB Participation by subcontractors	15%	\$150,000

- Note: FAR Subpart 9.6 defines " Contractor team arrangements" to include two or more companies forming a partnership or joint venture to act as a potential prime contractor, or a potential prime contractor who agrees with one or more companies to have them act as its Subcontractors on a specific contract or acquisition program. For purposes of evaluation of the SDB participation factor, FAR 19.1202-4 requires that SDB joint ventures and teaming arrangements at the prime level be presented separately from SDB participation by subcontractors.

C.1 EVALUATION OF OFFERS FOR MULTIPLE AWARDS. In addition to other factors, offers will be evaluated on the basis of advantages and disadvantages of the Government that might result for making one or more awards (multiple awards). If it is in the best interest of the Government, the National Institutes of Health will make at least one award to a responsible, technically acceptable certified 8(a) firm who proposed prices are determined to be fair and reasonable and at least one award to a responsible, technically acceptable small business concern whose proposed prices are determined to be fair and reasonable. This intent does not preclude the Government from making an award to a responsible, technically acceptable large business concern whose proposed prices are determined to be fair and reasonable. In the event that acceptable technical and business proposals are not received from a responsible 8(a) or small business concern, the Government will make an award(s) to responsible Contractor(s) whose technical and business proposals are determined to be of the best value to the Government in accordance with the evaluation criteria stated in Section C.

C.2 EVALUATION CRITERIA.

C.2.1.Evaluation for award: The Contractor's proposal must give clear, detailed information sufficient to enable evaluation based on the major factors listed below.

Management
Technical
Price

These major factors will be evaluated along these facets:

C.2.2 Management

Demonstrated understanding of commercial relationship brokerage
Past Performance and Experience
Depth and Breadth of Ancillary Services

C.2.2.1 Demonstrated understanding of commercial relationship brokerage.

The NIH will evaluate the Contractor's understanding of the benefits to all parties of a brokered relationship. NIH will also evaluate the Contractor's demonstrated capability to affect a brokered relationship. Contractors are encouraged to demonstrate the real dollar values (including savings to the Government) that have resulted from their brokered relationships.

C.2.2.2 Past Performance and Experience. The NIH will evaluate the Contractors past performance and experience with previous projects including projects of similar size and complexity in order to become a partner with the National Institutes of Health in delivering computing commodities to NIH customers. Special emphasis will be placed on: The ability to predict and adjust to varying ordering patterns due to considerations such as quick delivery, end fiscal year and NIH user requirements for desktops, servers, workstations, and laptops; and the quality and timeliness of warranty repair on previous contracts. The following will also be considered: Familiarity with Government contracting and procedures; scope of previous computer hardware ID/IQ contracts; established capability to produce and deliver comparable quantity of products; customer satisfaction with products and services; and the ability to deliver equipment quickly.

C.2.2.3 Depth and Breadth of Ancillary Services. The NIH will evaluate the Contractor's capability to provide quality support services. Special emphasis will be placed on the range of services offered, and to their applicability to the proposed commodities. The following will also be considered: Size and geographical scope of proposed and existing staff to provide ancillary services; types of support services to NIH locations; timeliness of support; size, operating hours, and capacity of proposed and existing support staff; and the overall qualifications and experience of support staff and maintenance staff proposed to support this effort to provide timely and effective services to buyers.

C.2.3 TECHNICAL

Commodities Approach - Best Execution
Range of Original Equipment Manufacturers

C.2.3.1 Commodities Approach - Best Execution.

The NIH will evaluate the Contractor's plan to deliver a wide variety of computing resources as to facilitate the paperless processing of product information, price quotes and delivery orders through its electronic catalogue. The following will be considered: The Contractor's program management structure and resources to establish and execute electronic commerce; management ability to identify, address, monitor and resolve implementation issues; ability for delivering quality products quickly and services are produced, distributed, fielded and supported; order tracking system to ensure orders are filled quickly and in an accurate manner; and the ability to provide timely and accurate program management reports to the Government project office. The Contractor shall provide a URL address to view its electronic catalogue. The NIH will also evaluate Contractor's demonstrated understanding of Best Execution. Special emphasis will be placed on the Contractor's demonstration of their business processes that facilitate order aggregation and inventory management.

C.2.3.2 Range of Original Equipment Manufacturers. The NIH will evaluate the number and type of business relationships that the Contractor can document as being established; or as being in the process of establishing. Special emphasis will be placed on: The Contractor's ability to provide equipment and services for all of the above mentioned operating systems; the Contractor's ability to provide a wide variety of servers, workstations, accessories, peripherals, etc.

C.2.3.3. Range of Equipment Characteristics. The NIH will evaluate the qualitative characteristics of the offered equipment including performance, speed and capacity considerations. Special emphasis will be placed on the commercial maturity of offered products; the extent to which components can be integrated into NIH information technology architecture.

C.2.6. Price. The NIH will evaluate price reasonableness of contract line items. This evaluation will be consider such factors as commercial or catalog prices, GAS Schedule prices, Contractors warranties; and other relevant factors.

C.3 Weights Proposals will be evaluated using a total of 100 points. Points will be awarded according to the following schedule:

Management (45 Points total)

Demonstrated understanding of commercial relationship brokerage: 20 points
 Past Performance and Experience 15 points
 Depth and Breadth of Ancillary Services: 10 Points

Technical (45 Points total)

Commodities Approach - Best Execution: 20 Points
 Range of Original Equipment Manufacturer: 15 Points
 Range of Equipment Characteristics: 10 Points

Price: 10 Points
