Note.—A duplicate listing for an individual 8-digit HTS subheading indicates that the 10-digit categories within that 8-digit subheading are in more than one industry/commodity group or subgroup.

The above table shows the range of HTS 8-digit items assigned to industry/commodity groups and subgroups, and should be considered a guideline only because actual industry/commodity group and subgroup assignments are made on a HTS 10-digit basis. Therefore, any data generated on the basis of the information contained in this table may not accurately represent trade for these groups. For accurate trade data based on information contained here, see tables in the commodity chapters or the Profile of U.S. Industry and Market, by Industry/Commodity Groups and Subgroups, 1999-2003. In addition, this information represents only a snapshot of the HTS subheading composition of these groups and subgroups at a point in time. The USITC's industry/commodity groupings and subgroupings are subject to frequent revision as dictated by modifications to the HTS and other factors.
