

Military Pay Information Line

What is it?

The Military Pay Information Line provides service members access to their pay information. By using a Personal Identification Number (PIN), your Social Security Number (SSN), and a touch tone telephone, you will be able to use the Interactive Voice Response System (IVRS) to access your pay information 24 hours a day.

How Does It Work?

If you currently have IVRS access the change will be transparent to you, although you may need to listen for new options. Primary user PINs will continue to access the new service.

If you don't have access, you will be issued a temporary PIN to initially access the system. The PIN must be changed within 120 days of issuance. You may call the IVRS toll free (within CONUS) or through DSN. You will be asked for your SSN and PIN to access the following information.

WHAT INFORMATION IS ON THE MILITARY PAY INFORMATION LINE?

ACTIVE DUTY

- Net Pay, Direct Deposit
- Allotment Information
