Encl: (1) WINSALTS SSAA (Draft)

1. Per the requirements established in references (a) and (b), an IATO is granted for the WINSALTS Network. This IATO addresses only the systems identified in section 3.1 of enclosure (1).

2. This IATO is effective until 31 December 2004. No additional extensions will be granted. Operation is authorized in the System High mode processing UNCLASSIFIED information. Any modifications developed after the issuance of this IATO and operated within the risk levels identified in enclosure (1) will also be covered for the duration of this IATO. This IATO is issued in order to permit continued testing and/or operations while allowing the completion of the Department of Defense Information Technology Security Certification and Accreditation Process (DITSCAP) documentation outlined in reference (a).

3. The point of contact for this matter is Ms. Paula Habib, NAVICP Philadelphia Information Systems Security Manager, NAVICP Code P042, DSN 442-1349, 215-697-1349.
