

# Center for Naval Aviation Technical Training Unit Norfolk

## Mission

The Center for Naval Aviation Technical Training Unit Norfolk's mission is to provide specialized aviation training to maintain and operate air weapons systems supporting H3/53/60 Helicopters, E2 Airborne Early Warning Aircraft, C2 Carrier Onboard Delivery Aircraft, Airborne Mines Counter Measure (AMCM) platforms, Aviation Boatswain's Mate (AB), Aviation Ordnanceman (AO) and Interior Communication (IC) rating skills.

---

## Vision

To provide the learning tools necessary to exploit the professional capabilities of Sailors in becoming the finest technically trained aviation maintenance professionals, immediately contributing to their unit's mission readiness.

---

## Guiding Principles

**Training Sailors is our business;** improved fleet readiness is our goal.

**Mission first, People always;** provide the tools necessary in order for all hands to contribute to mission readiness and to succeed in their personal development.

**Build a Learning Environment,** in partnership with our stakeholders, that will deliver the **right training,** at the **right time,** in the **right place,** with effectiveness and efficiency.

Dedication to creating Aviation professionals through the Naval Aviation Training Continuum and Five Vector Model with **Navy Core Values** as our overarching values.

Foster a culture that instills teamwork and dedication in achieving command excellence through **professionalism,** **innovative thinking,** and **leadership by example.**

**Maintain clear understanding** of our vision, mission, goals, and guiding principles.

***“WE TRAIN THE FLEET”***
