INTRODUCTION

This document provides instructions on using the National Fire Plan Reporting and Operations System (NFPORS) Community Assistance module. This module is designed to assist the Forest Service with managing and reporting on community assistance work done under the auspices of the National Fire Plan. Instructions for using the Department of Interior Community Assistance module are provided in a separate user manual.

BACKGROUND

At the onset of the National Fire Plan, the wildland fire agencies identified the need for tools to assist them in capturing and reporting accomplishments. While each Agency had some mechanisms in place to meet the accountability requirements, the Agencies did not have an overarching system capable of providing sufficient analysis and reporting functionality. Instead, each organization relied on a variety of disparate mechanisms for tracking and reporting community assistance accomplishments.

In order to provide a single, unified inter-Agency system, the Department of Interior teamed with the Forest Service to develop NFPORS. The system will collect data in the areas of restoration and rehabilitation, hazardous fuels reduction, and community assistance. The hazardous fuels module will be rolled out first, followed by the restoration and rehabilitation and community assistance modules.

The goal of NFPORS is to provide enhanced intelligence about the inter-Agency effort to carry out the mandates of the National Fire Plan. By providing leadership in both Agencies with improved access to information, it is expected to reduce the burden on the field caused by data calls.

CONTACTS

The NFPORS project is being led by Russell Berry (USGS) and Peter Bedker (USFS) with support of contractors Booz Allen Hamilton.

To receive assistance please contact your regional NFPORS point of contact. This list may be obtained by emailing Peter Bedker at pbedker@fs.fed.us.

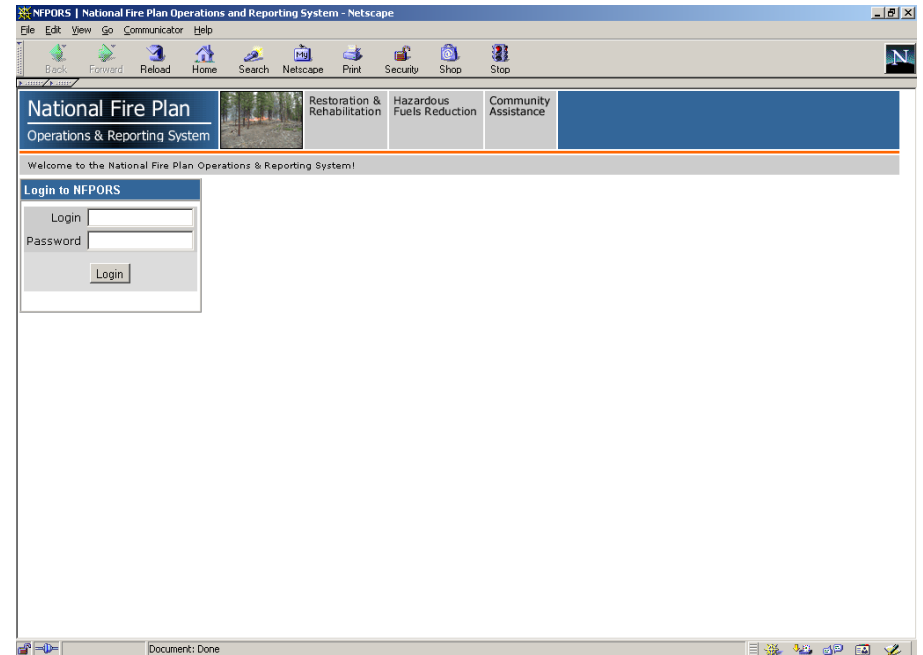

LOGIN

The first step in using NFPORS is logging onto the system.

To login enter your Login Name and Password and click the **Login** button.

After you click login, the system will load the NFPORS Portal Page. To learn more see the **Portal Page** section of this document.

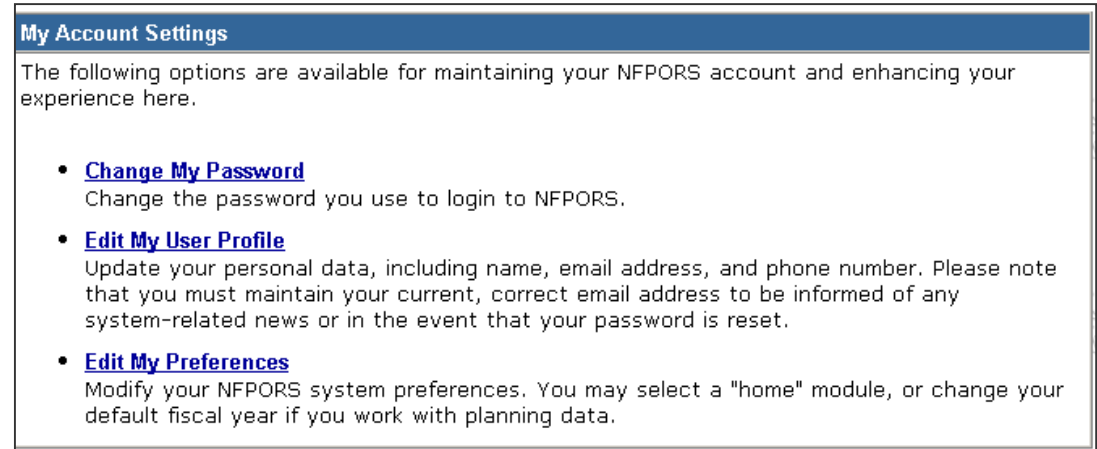

NOTES:

CHANGING YOUR PASSWORD

After logging into NFPORS, you may change your password. To change your password, click on the [Account Mgmt](#) link on the upper right hand side of the NFPORS portal page.

The My Account Settings feature will appear. Click on [Change My Password](#).

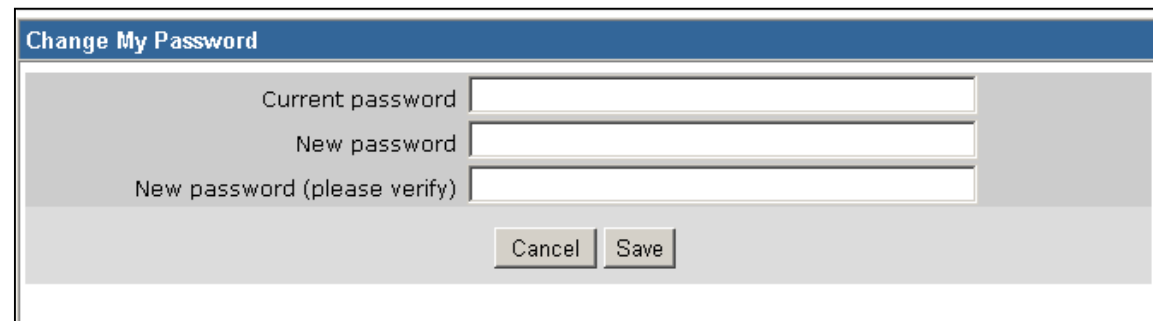

My Account Settings

The following options are available for maintaining your NFPORS account and enhancing your experience here.

- **[Change My Password](#)**
Change the password you use to login to NFPORS.
- **[Edit My User Profile](#)**
Update your personal data, including name, email address, and phone number. Please note that you must maintain your current, correct email address to be informed of any system-related news or in the event that your password is reset.
- **[Edit My Preferences](#)**
Modify your NFPORS system preferences. You may select a "home" module, or change your default fiscal year if you work with planning data.

Enter the requested information and click **Save**. Your password will now be changed.

EDITING YOUR USER PROFILE

Once you have clicked on the [Account Mgmt](#) link, you can modify your profile by clicking on the [Edit My User Profile](#) link.

Edit the information you wish to change and click **Save**.

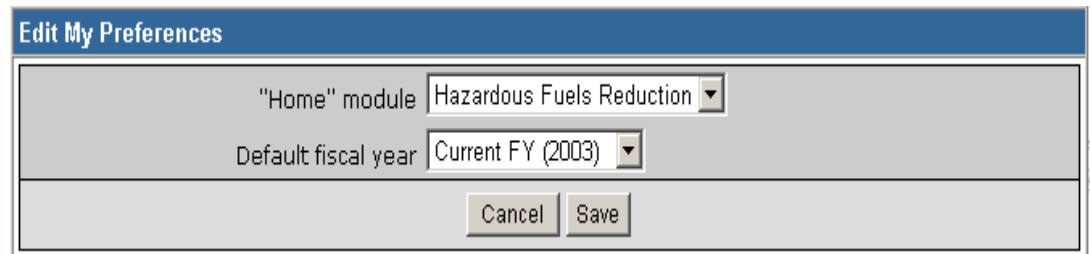

The screenshot shows a web form titled "Edit My User Profile" with a blue header bar. The form contains four input fields: "First name" with the value "Test", "Last name" with "User 01", "Email address" with "username@address.com", and "Phone number" which is empty. At the bottom right of the form are two buttons: "Cancel" and "Save".

EDITING YOUR PREFERENCES

You can also modify your preferences by clicking on the [Edit My Preferences](#) link, after you have already clicked on the [Account Mgmt](#) link.

Here, you can select your default "Home" module and your default fiscal year. Edit the information you wish to change and click **Save**.

The screenshot shows a web form titled "Edit My Preferences" with a blue header bar. The form contains two dropdown menus: "'Home' module" set to "Hazardous Fuels Reduction" and "Default fiscal year" set to "Current FY (2003)". At the bottom right of the form are two buttons: "Cancel" and "Save".

PORTAL PAGE

The portal page serves as the main gateway for accessing all of NFPORS' functionality.

From the portal page you may click a link to:

- Update Volunteer Fire Assistance Planned Data
- Update State Fire Assistance Planned Data
- Update Volunteer Fire Assistance Actual Data
- Update State Fire Assistance Actual Data
- Reports

The navigation bar at the top of the screen provides access to the other NFPORS modules (Restoration & Rehabilitation and Hazardous Fuels Reduction) as well as displays the organizational hierarchy. The portal will display information for your unit only. For example, a Pacific Northwest Regional user from the Gifford Pinchot NF will only see data pertaining to his or her district.

You may return to the Portal at any time by clicking on your unit's name in the organizational hierarchy.

The following section contains detailed information about the contents of the Portal page.

CUSTOMIZING THE PORTAL PAGE

You can customize the NFPORS Portal page to show you only the information you are interested in. This customization can be accomplished in a number of different ways. You may:

1. Minimize portlets

To minimize a portlet you may click on the minimize icon located in the upper right hand corner of the portlet.

2. Delete portlets

To remove a portlet from the portal view, click on the delete icon located in the upper right hand corner of the portlet.

To learn about restoring the original settings of the portal see the **Reset the portal to the standard display** section in the following pages.
