

and add "International Mail Manual" in their place.

■ 3. Part 20 is revised to read as follows:

PART 20—INTERNATIONAL POSTAL SERVICE

- Sec.
- 20.1 International Mail Manual; incorporation by reference.
- 20.2 Effective date of the International Mail Manual.
- 20.3 Availability of the International Mail Manual.
- 20.4 Amendments to the International Mail Manual.
- 20.5 [Reserved]

Authority: 5 U.S.C. 552(a); 39 U.S.C. 401, 404, 407, 408.

§ 20.1 International Mail Manual; incorporation by reference.

(a) Section 552(a) of Title 5, U.S.C., relating to the public information requirements of the Administrative Procedure Act, provides in pertinent part that "* * * matter reasonably available to the class of persons affected thereby is deemed published in the **Federal Register** when incorporated by reference therein with the approval of the Director of the Federal Register." In conformity with that provision, with 39 U.S.C. 410(b)(1), and as provided in this part, the U.S. Postal Service hereby incorporates by reference its International Mail Manual (IMM), Issue 30, dated August, 2004. The Director of the Federal Register approves this incorporation by reference in accordance with 5 U.S.C. 552(a) and 1 CFR part 51.

(b) The current Issue of the IMM is incorporated by reference in paragraph (a) of this section. Successive Issues of the IMM are listed in the following table:

International Mail Manual	Date of issuance
Issue 1	November 13, 1981.
Issue 2	March 1, 1983.
Issue 3	July 4, 1985.
Issue 4	September 18, 1986.
Issue 5	April 21, 1988.
Issue 6	October 5, 1988.
Issue 7	July 20, 1989.
Issue 8	June 28, 1990.
Issue 9	February 3, 1991.
Issue 10	June 25, 1992.
Issue 11	December 24, 1992.
Issue 12	July 8, 1993.
Issue 13	February 3, 1994.
Issue 14	August 4, 1994.
Issue 15	July 9, 1995.
Issue 16	January 4, 1996.
Issue 17	September 12, 1996.
Issue 18	June 9, 1997.
Issue 19	October 9, 1997.
Issue 20	July 2, 1998.
Issue 21	May 3, 1999.
Issue 22	January 1, 2000.

International Mail Manual	Date of issuance
Issue 23	July 1, 2000.
Issue 24	January 1, 2001.
Issue 25	July 1, 2001.
Issue 26	January 1, 2002.
Issue 27	June 30, 2002.
Issue 28	January 1, 2003.
Issue 29	July 1, 2003.
Issue 30	August 1, 2004.

§ 20.2 Effective date of the International Mail Manual.

The provisions of the International Mail Manual Issue 30, effective August 1, 2004, are applicable with respect to the international mail services of the Postal Service.

§ 20.3 Availability of the International Mail Manual.

Copies of the International Mail Manual may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402-9371. The IMM is available for examination on the Internet at <http://pe.usps.gov>. Copies are available for public inspection during regular business hours at area and district offices of the Postal Service and at all post offices, classified stations, and classified branches. You may also inspect a copy at the U.S. Postal Service Library, 475 L'Enfant Plaza West SW., Washington, DC 20260-1641, or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

§ 20.4 Amendments to the International Mail Manual.

New issues of the International Mail Manual will be incorporated by reference into this part and will be available at <http://pe.usps.gov>. The text of amendments to the International Mail Manual will be published in the **Federal Register** and will be available in the Postal Bulletin, copies of which may be accessed at <http://www.usps.com/cpim/ftp/bulletin/pb.htm>.

§ 20.5 [Reserved]

Stanley F. Mires,
Chief Counsel, Legislative.

BILLING CODE 7710-12-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[W1117-01-7347a, FRL-7637-2]

Approval and Promulgation of Air Quality Implementation Plans; Wisconsin; Northern Engraving Environmental Cooperative Agreement

AGENCY: Environmental Protection Agency.

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a June 27, 2003, request from Wisconsin to revise its State Implementation Plan (SIP) for a source specific revision for Northern Engraving Corporation (NEC). The Clean Air Act (Act), provides the authority for a state to provide a plan for the implementation, maintenance, and enforcement of the national ambient air quality standards in each air quality control region. The Wisconsin Department of Natural Resources (WDNR) and EPA entered into a memorandum of agreement concerning implementation of a joint cooperative pilot program and agreed to pursue regulatory innovation at two NEC facilities in Holmen, Wisconsin and Sparta, Wisconsin. Since then, the WDNR has amended the agreement to include two additional NEC facilities in Galesville, Wisconsin and West Salem, Wisconsin. Because portions of the Environmental Cooperative Agreement with NEC supercede portions of rules in the Wisconsin SIP, a source-specific SIP revision is required.

DATES: This rule is effective on December 6, 2004, unless EPA receives adverse written comments by November 4, 2004. If EPA receives adverse comments, EPA will publish a timely withdrawal of the rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: You may inspect copies of the documents relevant to this action during normal business hours at the following location: United States Environmental Protection Agency Region 5, 77 West Jackson Boulevard, Chicago, Illinois, 60604.

Send written comments to: Pamela Blakely, Chief, Permits and Grants Section, United States Environmental Protection Agency (AR-18J), 77 West Jackson Boulevard, Chicago, Illinois 60604.

Comments may also be submitted electronically or through hand delivery/courier, please follow the detailed instructions described in part (I)(B)(1)(i)

through (iii) of the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT: Constantine Blathras at (312) 886-0671. blathras.constantine@epa.gov.

SUPPLEMENTARY INFORMATION: This **SUPPLEMENTARY INFORMATION** section is organized as follows:

- I. General Information
- II. Background
- III. EPA Rulemaking Action
- IV. Statutory and Executive Order Reviews

I. General Information

A. How Can I Get Copies Of This Document and Other Related Information?

1. *The Regional Office has established an official public rulemaking file available for inspection at the Regional Office.* EPA has established an official public rulemaking file for this action under "Region 5 Air Docket WI117." The official public file consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public rulemaking file does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public rulemaking file is the collection of materials that is available for public viewing at the Air Programs Branch, Air and Radiation Division, EPA Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 to 4:30 excluding Federal holidays.

2. *Electronic Access.* You may access this **Federal Register** document electronically through the [Regulations.gov](http://www.regulations.gov) Web site located at <http://www.regulations.gov> where you can find, review, and submit comments on Federal rules that have been published in the **Federal Register**, the Government's legal newspaper, and are open for comment.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at the EPA Regional Office, as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing

copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in the official public rulemaking file. The entire printed comment, including the copyrighted material, will be available at the Regional Office for public inspection.

B. How and To Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate rulemaking identification number by including the text "Public comment on proposed rulemaking Region 5 Air Docket WI117" in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *E-mail.* Comments may be sent by electronic mail (e-mail) to nash.carlton@epa.gov. Please include the text "Public comment on proposed rulemaking Region 5 Air Docket WI117" in the subject line. EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly without going through [Regulations.gov](http://www.regulations.gov), EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket.

ii. *Regulations.gov.* Your use of [Regulations.gov](http://www.regulations.gov) is an alternative method

of submitting electronic comments to EPA. Go directly to [Regulations.gov](http://www.regulations.gov) at <http://www.regulations.gov>, then click on the button "TO SEARCH FOR REGULATIONS CLICK HERE", and select Environmental Protection Agency as the Agency name to search on. The list of current EPA actions available for comment will be listed. Please follow the online instructions for submitting comments. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in section 2, directly below. These electronic submissions will be accepted in WordPerfect, Word or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send your comments to: Pamela Blakely, Chief, Permits and Grants Section, Air Programs Branch, (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. Please include the text "Public comment on proposed rulemaking Regional Air Docket WI117" in the subject line on the first page of your comment.

3. *By Hand Delivery or Courier.* Deliver your comments to: Pamela Blakely, Chief, Permits and Grants Section, Air Programs Branch, (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, 18th floor, Chicago, Illinois 60604. Such deliveries are only accepted during the Regional Office's normal hours of operation. The Regional Office's official hours of business are Monday through Friday, 8:30 to 4:30 excluding Federal holidays.

C. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically to EPA. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be

submitted for inclusion in the official public regional rulemaking file. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public file and available for public inspection without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

II. Background

On March 25, 1999, the WDNR and the EPA entered into a memorandum of agreement concerning implementation of the joint state/EPA agreement to pursue regulatory innovation and the Wisconsin Environmental Cooperation Pilot Program. On June 7, 2002, Thomas V. Skinner, Regional Administrator, EPA Region 5, sent a letter to Darrell Bazzell, Secretary, WDNR, containing EPA's final response to the WDNR's innovation proposal for alternative permit conditions at the NEC facilities. The NEC facilities affected by that agreement were the Holmen and Sparta facility. On January 24, 2003, EPA published a direct final rule in the **Federal Register** (68 FR 3404) approving the request from Wisconsin to revise its SIP for a source specific revision for NEC's Sparta and Holmen facilities. No comments were received during the comment period for those facilities.

The purpose of this action is to include two additional facilities into the source specific SIP revision under the agreement between WDNR and NEC. The Galesville facility is located at 1200 W. Gale Avenue, Trempealeau County, Galesville, Wisconsin, and the West Salem facility is located at 600 Brickl Road, La Crosse County, West Salem, Wisconsin. Both Trempealeau and La Crosse counties have been classified as unclassifiable/attainment for ozone, since November 15, 1990. Volatile organic compounds are a precursor to ozone. Each facility's permit includes facility-wide emission rates for volatile organic compounds and hazardous air pollutants. The Northern Engraving Galesville facility manufactures decorative plastic automotive trim and nameplates for the automotive and appliance industries. Operations include screening of plastic sheets, punch pressing, laser cutting and etching, inspection, spray touch-up, shipping and receiving. The Northern Engraving West Salem facility manufactures plastic and metal decorative automotive trim. Operations include screen printing, roll coating,

spray coating, lithographic printing and pad printing processes.

The innovative components of the proposal for the NEC Galesville and West Salem facilities include: (1) Waiver from the requirements that facilities obtain a new permit prior to construction; (2) waiver from the requirement that facilities receive an appropriate permit prior to operating new process equipment; (3) waiver in the facilities' minor source permits of individual process line latest available control technology requirements for controlling volatile organic compound emissions; and (4) recordkeeping and reporting flexibility.

The Environmental Cooperative Agreement, specifically section XII (Operational Flexibility and Variances), proposes to establish new requirements for the two NEC facilities. The proposed new requirements would replace or revise certain requirements that might otherwise apply to those sources. Some of the requirements to be replaced or revised are currently embodied in Wisconsin's SIP for meeting air quality objectives. In such cases, the proposed flexibility in the Environmental Cooperative Agreement cannot be granted by WDNR unless the new requirements are first approved by EPA as a source-specific revision to the SIP. The innovative components of the agreement listed above provide the additional NEC facilities the flexibility to commence construction or operating of the process equipment prior to obtaining a construction. The facility would continue to comply with the facility wide emission limitations in the permit. Additionally, certain processes at the West Salem facility would not have to comply with the reasonable available control technology requirements for controlling volatile organic compounds. The individual process lines at both NEC facilities would not have to apply the latest available control technique for controlling volatile organic compound emissions. The NEC facilities are now required to keep monthly records of emissions for each facility.

The WDNR submitted portions of section XII of the Environmental Cooperative Agreement (Operational Flexibility and Variances) as a source-specific SIP revision.

III. EPA Rulemaking Action

The EPA is approving a June 27, 2003, request from Wisconsin to revise its State Implementation Plan (SIP) for a source specific revision for Northern Engraving Corporation (NEC). Section 110 of the Act, 42 U.S.C. 7410, provides the authority for a state to provide a

plan for the implementation, maintenance, and enforcement of the national ambient air quality standards in each air quality control region. The Wisconsin Department of Natural Resources (WDNR) and EPA entered into a memorandum of agreement concerning implementation of a joint cooperative pilot program and agreed to pursue regulatory innovation at two NEC facilities in Holmen, Wisconsin and Sparta, Wisconsin. Since then, the WDNR has amended the agreement to include two additional NEC facilities in Galesville, Wisconsin and West Salem, Wisconsin. Because portions of the Environmental Cooperative Agreement with NEC supercede portions of rules in the Wisconsin SIP, a source-specific SIP revision is required.

The EPA is publishing this SIP revision approval without prior proposal, because EPA views this as a noncontroversial revision and anticipates no adverse comments. However, in a separate document in this **Federal Register** publication, EPA is proposing to approve the SIP revision should adverse written comments be filed. The approval of this SIP revision will be effective without further notice unless EPA receives relevant adverse written comments by November 4, 2004. Should EPA receive such comments, we will publish a final rule informing the public that this action will not take effect. Any parties interested in commenting on this action should do so at this time. If we do not receive comments, this action will be effective on December 6, 2004.

V. Statutory and Executive Order Reviews

Executive Order 12866: Regulatory Planning and Review

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget.

Executive Order 13211: Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use

For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001).

Regulatory Flexibility Act

This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law.

Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

Unfunded Mandates Reform Act

Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4).

Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Executive Order 13132: Federalism

This action also does not have federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act.

Executive Order 13045: Protection of Children From Environmental Health and Safety Risks

This rule also is not subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

National Technology Transfer Advancement Act

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for

failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply.

Paperwork Reduction Act

This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by December 6, 2004. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged late in proceedings to enforce its requirements.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Volatile organic compounds.

Dated: March 1, 2004.

Jo Lynn Traub,

Acting Regional Administrator, Region 5.

Editorial Note: This document was received at the Office of the Federal Register on September 29, 2004.

■ Part 52, Chapter I, Title 40 of the Code of Federal Regulations is amended as follows:

PART 52—[AMENDED]

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart YY—Wisconsin

■ 2. Section 52.2570 is amended by adding paragraph (c)(110) to read as follows:

§ 52.2570 Identification of plan.

* * * * *
(c) * * *

(110) On June 27, 2003, the Wisconsin Department of Natural Resources (WDNR) submitted a site specific revision to its state implementation plan for emissions from Northern Engraving Corporation's (Northern Engraving) Galesville and West Salem facilities in the form of operating permit conditions, based upon an Environmental Cooperative Agreement reached between WDNR and Northern Engraving for incorporation into the federally enforceable State Implementation Plan (SIP). An exemption for pre-construction permitting activities for certain physical changes or changes in the method of operation at the Northern Engraving Corporation's Galesville and West Salem facilities is established. Specific permit conditions for these two facilities are incorporated by reference in the SIP.

(i) Incorporation by reference.

(A) Specific Permit Conditions under the Environmental Cooperative Agreement for Northern Engraving Corporation's (NEC) Galesville facility contained in Part I.A. of Wisconsin Air Pollution Control Operation Permit NO. 662008930-F02 issued April 26, 2002 to NEC, 1200 West Gale Avenue, Galesville, Trempealeau County, Wisconsin. This permit expires April 26, 2007.

(B) Specific Permit Conditions under the Environmental Cooperative Agreement for Northern Engraving Corporation's (NEC) West Salem facility contained in Part I.A. of Wisconsin Air Pollution Control Operation Permit NO. 632024800-F01 issued June 23, 2003 to NEC, 600 Brickl Road, West Salem, La Cross County, Wisconsin. This permit expires June 23, 2008.
