WHAT IS YOUR COMPLAINT?

Please be as specific as possible within the space provided

Since 1998 Advent has not found a licensing agent nor has my product be on the web page

Name of mass media invention promoter advertised: None to my knowledge; none of their correspondence say anything about media or magazine advertisement.

Invention promotion services offered to be performed: Introduce new invention to industry - mass media; news papers; magazines, radio, internet

Explanation of complaint between customer and invention promoter: RE: Docket #96697-25 "Garage Screen Door": Since 1998, I have paid Advent thousands of dollars and lawyer fees to a lawyer appointed by them. My invention has been abandoned twice because of poor work by Advent and the lawyer they appointed. The lawyer, Richard Goldstein, of Staten Island claims that he is having problems with one of the inspectors in the Patent Office and cannot get this inspector to OK a patent for my invention. This same lawyer was late filing for a patent once and I have paid him \$795.00 twice to refile. Every one that I have talked to want to know when will my product be for sale because they want it for their homes. I feel that after all this time Advent owe an explanation of all their actions, and if they cant perform as they advertise, should refund me my money.
