Dear Mr. Marinelli:

Your request for an additional four days in issuing an opinion in this matter is granted. I understand that our basic idea is somewhat outside of the box for all concerned, and appreciate your care in providing us with as much guidance as possible.

Thanks!

Subject: advisory Opinion request

Dear Mr. Ginsberg

We have received your comment to the draft advisory opinion in AOR 2003-02. The comment has introduced new facts and asks an additional question which will require this office to redraft the draft opinion.

As result we would like additional time to complete work in this request. Our records indicate that the 60 days limit for this request will expire on August 9, 2004.

We would like to have you grant us a 4 day extension on the 60 day to August 13. This will permit us to place a new draft on the Commission Agenda for the August 12 Open Meeting.

We can discuss the matter further by phone if you would like.

Michael Marinelli
