## COVER

Last October, the Army and the Nation observed the first anniversary of Operation Uphold Democracy, an ongoing military operation other than war in Haiti. Logistics is playing a major role in that operation's success. The story begins on page 24. The cover photo depicts the scene one sees looking over the bow of an Army utility landing craft carrying fuel tankers toward Port-au-Prince. One begins to glimpse an outline of the island of Hispaniola emerging from the sea on the far horizon.

This medium is approved for the official dissemination of material designed to keep individuals within the Army knowledgeable of current and emerging developments within their areas of expertise for the purpose of enhancing their professional development.

By Order of the Secretary of the Army:

DENNIS J. REIMER  
General, United States Army  
Chief of Staff

Official:

  
YVONNE M. HARRISON  
Administrative Assistant
