COVER

Operation Joint Endeavor will reach its 1-year anniversary in December. The scene in the cover photo, captured at Lukavac Air Base, Bosnia, last January, shows that the supply pipeline was fully active early in the operation. Air pallets are loaded with much-needed winter clothing, items of individual equipment, and repair parts. Throughout the year the logistics system has sustained the needs of the operation. Stories contained in the special section, beginning on page 20, describe a variety of logistics support activities for Bosnia.

This medium is approved for the official dissemination of material designed to keep individuals within the Army knowledgeable of current and emerging developments within their areas of expertise for the purpose of enhancing their professional development.
