COVER

The C-17 Globemaster III will be the Army's choice for strategic airlift in the future. The article beginning on page 7 explains how alternative tankrack designs not only would boost the strategic mobility of the tankracks themselves but also would enhance the strategic mobility of the C-17 aircraft, combat pre-positioning ships, and strategic sealift ships.

This medium is approved for the official dissemination of material designed to keep individuals within the Army knowledgeable of current and emerging developments within their areas of expertise for the purpose of enhancing their professional development.

By Order of the Secretary of the Army:

ERIC K. SHINSEKI
General, United States Army
Chief of Staff

Official:

JOEL B. HUDSON
Administrative Assistant to the
Secretary of the Army
