

SUMMARY OF ACTION ITEMS FOR JUNE 2003 QUARTERLY MEETING

Tuesday 6/3/2003

RCRA Permitting/Closures

- WROC Class 1 PMR – Permit Modification Request to be submitted to DEQ in July
- INTEC Class 2 PMR – Permit Modification Request to be submitted to DEQ in July
- INTEC Class 3 PMR – DEQ on schedule for issuing draft permit
- Formatting discussion (RL/SO) for modifications – INEEL to use highlighting for redline text in future PMR submittals
- Closures Status – no specific actions items

RCRA/CERCLA Integration Discussion Opportunity

- SFE-106 – INEEL to supply anticipated date for closure to DEQ

Floor Maintenance Discussion – INEEL to draft letter to DEQ regarding discussion

ICP End State Planning – no specific action items

Eliminate Mixed Low-Level Waste Backlog Project Status – no specific action items

Breakout Sessions

Volume 14 2nd NOD response – development of NOD response is continuing

NLCI discussion – conditional NLCI will expire June 16, 2003 per the DEQ letter; INEEL will determine whether to resample USGS 128 or sample the soil where the release from USGS 128 occurred. Once the decision is made which sample to collect and analyze, a NLCI determination will be resubmitted to the DEQ. VOC data has already been collected and submitted to DEQ from the water that was released to the ground.

VCO topics – Minutes/actions from this session will be handled under the normal VCO process

BNFL topics – no specific action items

Tank Farm Discussion – no specific action items
