Major Duties:

The incumbent conducts independent and collaborative research on the biological roles of micronutrients (vitamins and minerals) and other bioactive components of foods on regulation of healthy body weight and composition in children, adolescents, and adults. Incumbent plans, implements and evaluates food-based interventions, in conjunction with activity and behavioral changes, to achieve and maintain healthy body weight in various populations including under-served groups.

Qualifications Required: Your education and experience will be evaluated against all qualification requirements (basic and any additional requirements) listed below.

Basic Requirements

Degree in dietetics, food, nutrition, food service management, institution management, or related science.

If qualifying all or in part based on your education, please submit a copy of your college transcripts OR a list of college courses with credit hours, dates completed, and grades received. If this information is not provided, your education may not be appropriately evaluated and you may lose consideration for this position. If your qualifications are based in any part on education and you are selected for this position, you will have to provide an official copy of your academic transcripts prior to entering on duty.

Additional Requirements:

GS-12: Directly related Ph.D. or equivalent doctoral degree OR one year of specialized experience equivalent to the GS-11 level in the Federal Service.

GS-13: One year of specialized experience equivalent to the GS-12 level in the Federal Service.

GS-14: One year of specialized experience equivalent to the GS-13 level in the Federal Service.

GS-15: One year of specialized experience equivalent to the GS-14 level in the Federal Service.

Time-In-Grade Restrictions apply for all candidates considered under Merit Promotion/Alternative Merit Promotion.

Specialized Experience - experience which has equipped you with the following Knowledge, Skills and Abilities - 'KSAs' required to perform the duties of this position:

Specialized experience is professional research experience that provided the applicant with the following, knowledge, skills, and abilities:

1. Knowledge of nutrition, anatomy, biochemistry, endocrinology, physiology, genetics, immunology and molecular biology as it relates to body weight regulation.
2. Ability to integrate a wide variety of information, to innovate, and to select appropriate problems from among laboratory and field experiments.
3. Ability to conceive, plan and conduct experiments that lead to presentations at scientific meetings and publications in scientific journals.

Selective Placement Factor(s) - In order to be considered minimally qualified, you must also possess the following:

1. Professional knowledge of energy metabolism and regulation of body weight and composition, including knowledge of diet and nutrition.
2. Skill in conducting nutritional research with appropriate animal models and humans.

To be considered for a research scientist position, you must submit a one-page abstract of your MS thesis and/or PH.D. dissertation. Also submit a list of names, addresses, and phone numbers of persons familiar with your stature, contributions, recognition; any honors or awards received; memberships in professional or honor societies; invitations to make presentations at scientific/technical meetings; scientific society office and committee assignments; presentations (other than invitation); and publications.

Vacant research positions may be filled at one of several grade levels depending upon the scientific impact of the person selected. A peer review may be required to determine the appropriate grade level of the position and supplemental materials may be required from the selectee.

Research scientists have open-ended promotion potential. Research accomplishments and their impact on the duties and responsibilities of positions are evaluated periodically. The grade level is limited only by the individual's demonstrated ability to perform research of recognized importance to science and technology. *Final grade level may be determined by a peer review panel.

Other Important Information

Benefits Package:

A Benefits Package is authorized for this position. Additional information about Federal benefits can be obtained at www.usajobs.opm.gov/ei61.htm.
