FSAFEDS FOR DEPENDENT CARE

Eligible Expenses

A Dependent Care Flexible Spending Account (DCFSA) is designed for reimbursement of dependent care expenses that allow you (and your spouse) to work, to look for work, or to attend school full-time. The care can be provided in or out of your home.

You can use your DCFSA to pay for eligible expenses for the care of your dependent children under age 13, or for any person of any age whom you claim as a dependent on your federal income tax return (and who is mentally or physically incapable of caring for himself or herself).

Here are some typical examples of eligible dependent care services:

- ★ Child care
 (at a day camp,
 nursery school or
 by a private sitter)
- ★ Late pickup fees (from a caregiver)
- ★ Before-school and after-school care (must be kept separate from tuition expenses)
- ★ Care of an incapacitated adult who lives with you at least eight hours a day
- ★ Expenses for a housekeeper whose duties include caring for an eligible dependent.

Note: Eligible dependent care services cannot be provided by a person you are claiming as your dependent. You will need the Social Security number or tax identification number of the person or facility that provides the care.

Some ineligible expenses include:

- ***** Education or tuition fees
- ★ Late payment fees
- **★** Overnight camps
- ★ Employment agency fees for finding a dependent care provider
- ★ Sports lessons, field trips, clothing
- ★ Transportation to and from the dependent care provider.

INTRODUCING **A GREAT NEW WAY TO SAVE**

FSAFEDS is a flexible spending account (FSA) program that helps Federal employees save on the cost of health and dependent care. An FSA allows you to set money aside before taxes to pay for a wide range of common expenses. You save by reducing your taxes while still paving for the care you need. The FSAFEDS Program offers two types of flexible spending accounts:

- The Health Care Flexible **Spending Account (HCFSA)** An HCFSA is used to pay for health care expenses not covered by FEHB or any other insurance.
- The Dependent Care Flexible **Spending Account (DCFSA)** A DCFSA is used to pay for dependent care expenses that allow you — and your spouse, if you're married — to work, look for work, or attend school full-time.

Following is an overview of some typical expenses that are covered, as well as some that are not covered. by each type of FSA.
