

Records Transferred to the National Archives (258s Approved)

(The records identified below have been approved for transfer to the National Archives, since 1996. The Date Approved column indicates when the Department of State authorized the transfer of the records. The records may not actually be relocated to the National Archives (College Park) until some time later. The NARA Date column indicates receipt of the records by the Archives, though archival processing may keep the records from public access for an additional period of time.)
