

### REQUEST FOR VERIFICATION OF DATE LAST CARRIED ON PAYROLL - (MONTH) RETIREMENTS

The following is a list of your former employees that have recently filed an application for either age and service or disability benefits with the Railroad Retirement Board (RRB). On their application, they provided the dates last worked for your railroad; and, if applicable, the ending date of any pay for time lost that carried them on the payroll after the actual date last worked; and, if filing based on age and service, the date they relinquished their rights to railroad employment. The dates they provided on their applications are as shown. If these dates are correct, there is nothing you need to do. But if any of these dates are NOT correct, please cross them out and enter the correct date above them. When correcting the date last carried on the payroll, add an attachment explaining the payment (i.e. injury settlement). Fax your correction to the Retirement Benefits Division - RIS: (312) 751-7192.
