SPECIFICATIONS

U.S. Government Printing Office (GPO)
Washington, DC

GPO CONTRACT TERMS: Any contract which results from this Invitation for Bid will be subject to GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 6-01)) and Quality Assurance Through Attributes Program for Printing and Binding (GPO Publication 310.1, effective May 1979 (Rev. 8-02)).

PRODUCT: Face and back folded form, perforations required.

TITLE: Underpayment of Estimated Tax by Individuals, Estates and Trust.

CATALOG NUMBER: 11744P.

ITEM: Form 2210 (04).

QUANTITY: 1,861,700 copies.

Statistical Determination of Actual Quantities Shipped: The Government has developed a Statistical Sampling Program for determining quantities received by IRS destinations. Two basic methods will be available, the hand counting method and the machine counting method. The contractor agrees that the Government may choose either or both methods for quantity verification. Where shortages occur the contractor will have to make up the shortages (if time permits) or be subject to corrective action.

CHANGES IN QUANTITY: The Government, for the FINAL QUANTITY, may submit increases or decreases of up to 25% in the total quantity for each item until the date specified in the schedule. These quantity changes may be made by telephone and confirmed in writing and will be the FINAL quantity. Billing adjustments for scheduled quantity changes (+ or -) will be at the contractor's quoted "ADDITIONAL RATE". If no changes have been received by the scheduled date for final quantity adjustments, the bid quantities will stand as the FINAL contract quantity. Any further adjustments, due to extenuating circumstances, will be negotiated with the contractor.

NOTE: Must be full Final Quantity to all consignees. No shortages or overruns will be allowed.

TRIM SIZE: 16 to 17 x 11" flat, 8 to 8-1/2 x 11" folded.

Identification markings such as register marks, ring folios, rubber stamped jacket numbers, commercial identification marks of any kind, etc., except GPO imprint, form number, and revision date, carried on copy or film, must not print on finished product.

CONTRACTOR TO FURNISH: All materials and operations, other than those listed under "Government to Furnish," necessary to produce the product(s) in accordance with these specifications.

Contractor is required to have Internet access, provided through an Internet Service Provider (ISP), an e-mail account and a web browser equivalent to Internet Explorer 6.0 or Netscape 4.0. The contractor is also required to have Adobe Acrobat 5.0 Standard (or higher) software (not Adobe Reader). The contractor must furnish an email address for the IRS to email the forms mentioned above.

PROOFS: None required.

STOCK/PAPER: The specifications of all paper furnished must be in accordance with those listed herein or listed for the corresponding JCP Code numbers in the "Government Paper Specification Standards No. 11" dated February 1999.

White Offset Book, basis weight: 50 lbs per 500 sheets, 25 x 38", equal to JCP Code A60/A70, **or:** White Writing, basis weight: 20 lbs per 500 sheets, 17 x 22", equal to JCP Code D10.

PRESSWORK: Print head to head in black ink. There are no halftones/flat tones.

MARGINS: Head 1/2", center sides of each page.

Caution: Forms may be used individually or in sets. Forms must register from part to part, within 1/16", when used in sets, and margins must be maintained within a tolerance of 1/16".

BINDING: Perforate, slit or slot (pinhole not acceptable), VERTICALLY the entire 11" dimension, an equal distance between the left and right trim edge. Fold on perforations to 8 to 8-1/2 x 11" with pages 1 and 4 out (page 4 is blank). Fold 1,252,500 copies to 8 to 8-1/2 x 3-2/3" using two parallel wraparound folds, title out. Band in units of 125.

PACKING: Band under pressure, all copies that are folded to 8 to 8-1/2 x 3-2/3", in units of 125 copies with heads in the same direction and full size #41 binders' boards (approx. 0.049" thick) on top and bottom, with a 3" wide paper band around the 3-2/3" dimension. At contractor's option, full size chipboard (approx. 0.040" thick) on top and bottom with an 8 to 8-1/2" wide paper band may be used. Paper bands must be guaranteed not to break under normal handling and shipping conditions. No internal wrapping requirements for balance of copies.

Pack 1,500 copies per container. Containers to be approximately 17-1/2 x 11-1/2 x 7". The copies that are folded to 8 to 8-1/2 x 11" require full size corrugated boards on top, bottom, and between stacks. Must be solid pack. Printed matter must be packaged for shipment with substantial packing material that will ensure safe arrival at destination.

The standard stuffer 8 to 8-1/2 x 3-2/3" shall be packed in bundles 1) with all the inserts facing the same way; 2) with corrugated cardboard on the top and bottom (the open sides will permit the user to determine the direction of the stuffers when preparing for use in the automated equipment; 3) no higher than 3-1/2" tall (after being compressed for banding; 4) banded in the center of the stack with plain kraft paper (non-adhesive) 3" wide; 5) with kraft band secured with some type of adhesive or tape that does not come in contact with the stuffers in any way; and 6) packed securely in cartons to avoid shifting.

Note: DO NOT use shrink-wrap, plastic wrap, or enclose the stuffer bundles in any way.

To facilitate carton packing, three to five individually banded bundles may be wrapped together with one layer band of (3" plain kraft paper, secured in the same way as the individual bundles.

Specifications for corrugated cardboard: Corrugated mailing board, 35 x 45 inches, plus or minus 1/8", double faced, kraft or chip. Bursting strength, average, not less than 420 kPa (60 lb/in²); thickness of corrugating medium, average, 0.009 inch; nominal thickness of finished board, 1/8". Cut corrugated cardboard with "rib" long to better enforce packaging.

Pallets are required.

Pallets for IRS consignments: Pallets must be type III and must conform with Federal Specifications NN-P-71C, and any amendments thereto except for dimensions and single center stringer (must not be double stringer). Pallets are 48" in length and 40" in width and must not exceed 5" in height. Full entry MUST be on the 40" width. Strict adherence to these dimensions is necessary to accommodate storage requirements of IRS distribution centers. Receipt of incorrect pallets may result in a charge for each incorrect pallet which will be assessed against the contractor. This charge will cover additional costs incurred by IRS to repalletize the shipment onto correct pallets – After award contractor will be provided with diagram showing exact construction of pallets.

Palletizing: Cartons shall be stacked on pallets using a reverse layer pattern, 9 cartons per layer, with a maximum height of 55", including pallet. Cartons must be fastened securely to the pallet in a manner that will prevent movement during transit but permit ready removal, without damage to the cartons, at destination. Neither metal strapping nor pallet caps are to be used. There must be no more than one partial pallet per destination.

LABELING AND MARKING (package and/or container label): Reproduce shipping container label from furnished repro, fill in appropriate blanks and attach to shipping containers. Correct labeling of shipping cartons, in strict accordance with the requirements of these specifications, is essential to the identification, distribution and warehousing activities of the ordering agency. For POD distribution, the contractor must produce address labels with up to 8 lines of consignee address (using a minimum of 12 point sans serif type), using the furnished electronic media and affix one per container label. The mailed consignments will have "POST" designated in the "TRANS MODE" field of the record layout, and small package carrier shipments will have "UPS/RPS" designated.

The mailed consignments will have "POST" designated in the "TRANS MODE" field of the record layout, freight shipments will have "MOTOR" designated, Air shipments will have "AIR SHIP" designated, and small package carrier shipments will have "UPS" designated.

If not entered on the carton label copy furnished by the IRS, the following items must be filled in by the contractor in a 20 Point Bold typeface: Carton # ___ of ___ (small package carrier shipments only); From (Contractor's Name and Address); To* (Consignee, complete address must appear on carton label); Carton Quantity (Number of copies in each carton); and GPO Jacket Number (and Program Number and Print Order Number, if applicable).

POD and BPOL shipments: Motor freight: Affix 5 address labels to all four sides of the stretch wrap and to the top of each loaded pallet/skid. Air freight: Affix a shipping container label to front, back, and top of each carton. Small package carriers: Must affix one carton shipping label to the top of each carton. The Contractor must coordinate on all air shipments with the air freight carrier to ensure that the maximum pallet weight is within that specific carrier's allowable weight limit. This must be done for each air ship destination. All Post Office requirements must deliver via "Package Services Parcel Post" using the furnished parcel post label. THE POST OFFICE WILL NOT ACCEPT SMALL PACKAGE CARRIER SHIPMENTS.

*At the contractor's option, the consignee address may be eliminated from the carton labels on all full and secure pallet loads. If this option is exercised, then in addition to the cartons being labeled, pallets require labels containing the full shipping address on all four sides of the load on the pallet.

MISLABELING/QUANTITY/LOOSE PACKING--PRICE REDUCTION

1. In addition to other inspection procedures detailed elsewhere in these specifications, each receiving office will inspect shipments for label accuracy, carton quantity, and loose packing. In the event one or more mislabeled cartons are discovered, each carton which must be opened and inspected and/or relabeled will reduce the contract price by \$2.00. In the event it is determined by the receiving office (either through the accompanying bills of lading for freight shipments or through association with other cartons received) that the contents of one or more cartons is wrong, thus resulting in a shortage of the item, the contractor will be charged the \$2.00 per carton inspection/relabeling fee mentioned above and will be required to make up the shortage for each affected office. In the event that cartons are crushing, collapsing, and/or bursting, and it is determined that the cause is due to the cartons not being packed solid, or some other reason within the contractor's control, the contractor will be charged \$2.00 per carton for repacking and repalletizing.

2. "Mislabeling" means any error on the carton label which incorrectly states or identifies the title of the form; the form identification number; or the quantity of forms actually contained in the carton.

QUALITY ASSURANCE LEVELS AND STANDARDS: The following levels and standards shall apply to these specifications:

Product Quality Levels:

- (a) Printing Attributes -- Level IV.
- (b) Finishing Attributes -- Level IV.
- (c) Exceptions: Trim size and margins, of the finished product, and detached size of forms, must be within a tolerance of $\pm 1/16$ " and the register from form to form must be within $1/16$ ". Any deviation will be considered a major defect.

Inspection Levels (from ANSI/ASQC Z1.4):

- (a) Non-destructive Tests -- General Inspection Level I.
- (b) Destructive Tests -- Special Inspection Level S-2.

Specified Standards: The specified standards for the attributes requiring them shall be:

<u>Attribute</u>	<u>Specified Standard</u>
P-7. Type Quality and Uniformity	Electronic Media

QUALITY ASSURANCE RANDOM COPIES: The contractor MUST submit 200 quality assurance random copies, at the completion of production, to test for compliance against specifications. The contractor must divide the entire order into equal sublots and select one copy from a different general area of each subplot. The contractor will be required to execute "Certificate of Selection of Random Copies", furnished by GPO, certifying that copies were selected as directed. The random copies constitute a part of the total quantity ordered, and no additional charge will be allowed.

These randomly selected copies must be packed separately and identified by a special Government-furnished pink label, affixed to each affected container. Additional labels, if needed, are to be reproduced on pink stock. The container and its contents shall be recorded separately on all shipping documents and sent at contractor's expense, by traceable means, to U.S. Government Printing Office, Printing Procurement, Stop: PPSQ, Room A-843, Quality Assurance Section, Washington, DC 20401.

A copy of the SPECIFICATIONS and the signed Government-furnished "Certificate of Selection of Random Copies", must be included with the Quality Assurance Random Copies.

DISTRIBUTION: Ship f.o.b. contractor's city.

IRS Samples: Immediately after press start up contractor must overnight 25 samples at contractor's expense to the following address.

Government bills of lading (GBL's) will be furnished for all freight or air express shipments to deliver outside the contractor's ICC Commercial Zone, weighing more than 750 lbs. The GBL's will have designated carriers which the contractor MUST use. The contractor must give the designated carrier a minimum of two workdays notice for pick-up. The contractor does not have the authority to change a designated carrier without IRS authorization and will be responsible for any additional shipping costs in the event of an unauthorized change. The contractor must report any carrier-related problems to the IRS immediately. Telephone area code 309-622-2474, Attn: Tade Layden between the hours of 8:30 am -- 3:30 pm prevailing central time, on Federal workdays. If the carrier refuses the shipment, the contractor must provide the following information: contractor's name, location, date and time of shipment refusal, carrier name, name of carrier contact, GBL number, requisition number, and a brief description of the problem. If necessary the IRS may authorize the use of another carrier. All unused GBL's should be returned to the IRS, NOT the GPO.

The contractor is responsible for ensuring that the proper weight and pieces are shown on the GBL, that the date of receipt of shipment is accurately entered by the carrier's agent, and the proper paperwork is issued to the carrier. Public Vouchers, submitted by the contractor for payment of printing, must be accompanied by a signed copy of the

GBL. All memorandum copies of the GBL must be legible to be acceptable as proof of shipment. The contractor will not incur or pay any freight charges when using GBL's as the carrier will bill IRS directly.

Multiple Truckload Shipments: Whenever possible full truckloads should be utilized (e.g., use a full truckload and a partial truckload rather than two partial truckloads). The contractor will be provided multiple GBLs for shipments to an individual destination exceeding a truckload. Only one bill of lading should be released for each truckload. Any extra GBLs should be returned to the IRS, NOT to the GPO.

Small Parcel Shipments: When the contractor is required to ship via small package carrier (SPC), the IRS will provide an IRS small package carrier account number. Contractor MUST call at least 10 workdays prior to the scheduled ship date, if a carrier account number has not been issued. Contact Mike Jones at (202) 622-6641 to make arrangements. If multiple small package carriers are to be used, an account will be assigned for each carrier. Contractors are required to ship using the designated carrier(s) and IRS account number(s) or be responsible for any additional shipping costs. In the event such information is not received in due time, the contractor will not be relieved of any responsibility in meeting the shipping schedule using the specified IRS SPC because of failure to request such information. If the U.S. Postal Service is used, camera copy for postage and fees paid labels will be furnished.

Contractor must send copies of all SPC receipts within 2 weeks after the final ship complete date to IRS, Attn: Mike Jones, Room 6229, W:CAR:MP:P:W:T, 1111 Constitution Avenue, NW, Washington, DC 20224.

IRS Quantities: For IRS quantities, the Contractor must follow the shipping sequence below.

- (1st) POD quantities (As listed on POD files)
- (2^d) Area distribution center quantities
- (3^h) Service center quantities

IRS requests a phone number, fax phone & e-mail address for a contact at the contractor's plant.

SCHEDULE: Purchase order number by telephone by November 10, 2004.

Furnished electronic media will be forwarded to the contractor by December 27, 2004.

Final quantity adjustment to contractor (may be by phone) on or before December 27, 2004.

Note: Files received in unusable condition will be replaced by IRS on an expedited basis. It is the contractor's duty to report such occurrences to the IRS Resident Coordinator, or Mike Jones at (202) 622-6641 as soon as discovered.

Note: The Government will attempt to meet the schedules stated in these specifications. However, late Congressional tax legislation, etc., may cause a delay in Government furnished material. In such event, the schedule will be adjusted in accordance with contract terms.

Ship per the following schedule. If no shipping priority is received, ship furthest destination first, closest destination last.

Start to ship on or before January 7, 2005.

Ship complete on or before January 18, 2005.

POSTAGE REQUIREMENTS; It is mandatory for the Contractor to complete the "Federal Agency Cost Code" block on all USPS mailing statements. The agency cost code for the IRS permit imprint is 67039.

POSTAGE REQUIREMENTS: The contractor is required to electronically complete and submit via email Form 13456 to the IRS within three days of the barrel stamp date on the postage statement. For your convenience, Form 13456 is provided as a fillable PDF file. The IRS will complete the top portion of the form prior to emailing the form to the contractor. The contractor is responsible for capturing five data elements from every postage statement (i.e. USPS Form 3602). The contractor is responsible for the accuracy of the information returned to the IRS. If there is any information missing or incorrect, please contact Mike Jones at (202) 622-6641. **The contractor will email this form to Postage@publish.no.irs.gov.**

The contractor **must** update Form 13456 electronically and submit via email to IRS within three business days of the barrel stamp date on the postage statement. **Any delay or missing input could result in delay of payment.**

In addition to submitting a completed Form 13456 the contractor is also required to FAX all associated postage statement forms to the IRS. The contractor is required to Fax only postage statement forms (i.e. USPS Form 3602, 3602-R, 3600) that have received a barrel stamp from the postal service to **1-267-295-7877** (not a toll free number). The first page of every FAX sent to the IRS must be a fully completed IRS Form 13456-A. The number of pages faxed may not exceed 32 pages in any single FAX transmission. This form is faxed to the IRS, it is not emailed.

The form must contain entries in the following fields:

Date, Name of IRS publishing analyst, IRS requisition number, GPO jacket number, Name of contractor, Contact person at contractor, Telephone number of contact person, FAX number of contact person, GPO State and Contractor Code, Number of pages faxed (*cannot exceed 32 pages including cover sheet*).

It is mandatory for the Contractor to complete the "Federal Agency Cost Code" block on all USPS mailing statements. The agency cost code for the IRS permit imprint is 67039.

ELECTRONIC DAILY SHIPPING VERIFICATION: Contractor is required to complete and e-mail Form 2040 daily to the IRS when shipping begins. Form 2040 is in a PDF fillable Adobe Acrobat 6.0 file format. The majority of the information will be included in the report from the IRS to the contractor but the contractor is responsible for the verification and correctness of information supplied back to IRS. If there is any information missing or incorrect, please contact Mike Jones on (202) 622-6641.

The contractor **must** update the Electronic Form 2040 and transmit via e-mail to IRS each day. Any delay or missed input could result in delay of payment.

Unscheduled material such as shipping documents, receipts or instructions, delivery lists, labels, etc., will be furnished with the order or shortly thereafter. In the event such information is not received in due time, the contractor will not be relieved of any responsibility in meeting the shipping schedule because of failure to request such information.

Toll Free WATS lines to the GPO are available to successful bidders to report information regarding compliance with schedule requirements under "SCHEDULE". The toll free number is 1-800-424-9470 or 9471 and for calls originating in the Washington, DC area, (202) 512-0516 or 0517. Personnel answering these calls will be unable to respond to questions of a technical nature. These calls cannot be transferred to other telephones in GPO.

OFFERS: Offers must include the cost of all materials and operations for the total quantity ordered in accordance with these specifications. In addition, a price must be submitted for each additional 1,000 copies banded and unbanded. The price for additional quantities must be based on a continuing run, exclusive of all basic or preliminary charges and will not be a factor for determination of award.

Transportation charges for bulk shipments are a factor in determining award.

Contractor **MUST** indicate in his bid the JCP NUMBER and the WEIGHT of the paper; and the FINISHED SIZE of the product he will furnish. This information is needed to evaluate freight and/or mail costs for award purposes. If this information is not indicated in the bid, the bid will be evaluated using the MAXIMUM specified paper weight and trim size.

Contractor must give the location (post office, city and state) from which any required mailing will be made, and the location (city and state) of the plant(s) from which this product will be shipped. NOTE: Unless a different shipping point(s) is indicated by the bidder on GPO Form 910 the city and state shown as the bidder's address thereon will be used for determination of transportation charges. If shipment is not made from evaluation point, contractor will be responsible for any additional shipping costs incurred. Contractor is responsible for all deliveries in own ICC commercial zone, per GPO Pub. 310.2, page 8, paragraph 6.

Bids received based on shipping the specified f.o.b. contractor's city consignments via f.o.b. destination will be considered nonresponsive.

At the same time invoices are submitted to GPO for payment, contractor must submit a duplicate copy to IRS, 1111 Constitution Ave. NW, SE:W:CAR:P:W:T, Rm. 6229, Attn: Mike Jones, Wash., DC 20224

SUBMIT WRITTEN BIDS TO: U.S. Government Printing Office, Bid Section (PPSB), Room C-161, 36 H St. NW, Washington, DC 20404.

FACSIMILE BIDS ARE PERMITTED. Submit facsimile bids to FAX number 202-512-1782, one bid per facsimile. Refer to Solicitation Provisions in GPO Contract Terms (GPO Publication 310.2), Page 1, Para. 6.

Note: With each bid submitted, whether written or facsimile, bidder must provide a duplicate copy.
