Dear Mr. Wright:

I am writing to express my heartfelt thanks for your decisions concerning the spill programs.

Having followed this issue for years, I had become very concerned about the decisions being made regarding some of our federal operations. The millions of dollars being spent on a handful a fish is the best example of waste I can imagine.

The real endangered species are those who stand up to the environmental extremists we are facing. Thank you for standing tall on this issue.

Please do not hesitate to contact me if you have any questions.

With Warmest Regards,

CARY CONDOTTA
12th District Representative
