

## **Project Hub-CAPS**

**LEAD AGENCY/POINT OF CONTACT:** American Airlines, Warren Qualley, Manger of Weather Services, American Airlines, 817-967-7182, warren\_qualley@aa.com

**TRAINING POINT OF CONTACT:** Dr. Kelvin Droegemeier, Center for Analysis and Prediction of Storms, 405-325-0435, kkd@ou.edu

**PROGRAM/PROJECT DESCRIPTION:** Storm-scale weather forecast products for aviation operations. These products are customized and integrated into the American Airlines forecast system for safe and efficient terminal operations. **Current Status:** This cooperative effort between American Airlines and the Center for the Analysis and Prediction of Storms has been completed. These weather services to American Airlines are now provided by Weather Decision Technologies, Inc. by contract. Therefore, Hub-CAPS **training programs are no longer provided.**

**Point of Contact for further information**
