UNITED STATES DISTRICT COURT
DISTRICT OF THE VIRGIN ISLANDS

The JAMS PACER SYSTEM allows outside access to the District Court of the Virgin Islands computer system for case information retrieval only. The system will provide you with information on Civil, Criminal, and Appellate cases filed in the St. Croix and the St. Thomas/St. John offices. You can also look up court calendars, and attorney and defendant information. To look up information on a case you must call the office where the case was filed.

To register or for billing inquiries contact the PACER Service Center in San Antonio, Texas at 800-676-6856.
For questions or problems accessing JAMS please contact the District Court in St. Thomas at 809-774-1371.

Setting Up Your Modem to Access JAMS

View a Criminal Case

Viewing a Criminal Case is similar to viewing a Civil Case. When Criminal Case is selected, You have five choices, you can view Aliases, Counsel, Charges, back of Docket Sheet, or you can Print case information. When Criminal Case is selected, a screen similar to the following will be displayed. After the Criminal choice is selected, enter the case numbers. Criminal case numbers are entered slightly different to Civil numbers, for example, criminal case 1996-11 must be entered as 96-0011-01. The 01 is the defendant number. If more than one defendant is arrested or indicted at the same time and connected to the same case, then they will be assigned to the same case with a multiple defendant status. (NOTE: The letter B in the Magistrate Judge Case signifies This case Belongs to Judge Geoffrey Barnard, and a letter R signifies that this case belongs to Judge Jeffrey Resnick.)
