

APPENDIX VII-1 RPB SUBMISSION FORMATS

Applicability: Ginnie Mae I MBS Program and Ginnie Mae II MBS Program.

The following formats are provided to assist issuers in submitting RPB reports on either of the first two days of each month. These formats are for use in conjunction with instructions contained in Chapter 19 of the Ginnie Mae MBS Guide. Issuers may submit such RPB initial reports by *GinnieNET*, by magnetic tape report, or by computer-to-computer or high speed terminal transmission. All corrections to such initial reports must be submitted using *GinnieNET*, unless the CPTA, pursuant to Section 19-8(C) of the Guide, instructs the issuer to retransmit all of its pool and loan package RPB data by computer-to-computer transmission. Issuers using *GinnieNET* must follow the instructions set forth in the *GinnieNET* Issuer Guide.

Page 1. Transmittal Format for RPB Magnetic Tape Report

Must accompany magnetic tape reports submitted to the RPB Contractor. Complete format and send to the RPB Contractor by overnight courier. All magnetic tape reports must be submitted to the RPB Contractor's Atlanta, Georgia office (see [Addresses](#)).

Page 2 - 4. RPB Data File Reporting Instructions

Must be used by issuers to set up RPB data files submitted to the RPB Contractor on magnetic tape, or transmitted by using computer-to-computer or high speed terminal methods.
