A Department of the Interior Studio

Who We Are

US Film & Video Productions is a full service Department of the Interior Studio. We produce film, video, new media and multi-media programs for all Government agencies.

Partnering with a professional production facility, we offer you access to cutting edge techniques and new developments in the private industry. And as a fellow Government agency, we provide the ease of using an internal resource, eliminating the traditional paperwork and procurement waiting time. You receive professional quality at market rates with no red tape.

Production Crews

Our on-site production crew allows you to gain immediate access to industry experts while you are developing ideas for your program. We help you build your concept around your budget; you don't waste time developing ideas that can't be executed; and you don't have to know anything about the industry.

We match the right crew to your program. Working together with you, we make production-related decisions that will better enable you to meet your program objectives.

Leading Edge Facilities

Our sophisticated studio and postproduction facility includes a stage with full lighting grid, non-linear edit suite, narration suite, and digital audio editing facility. Access to our facility extends beyond our location in Denver. We've developed partnerships with top commercial production and post-production houses nationwide. No job is too big. We have the power to mobilize full production crews to anywhere in the world at a moment's notice.

Make Your Audience Pay Attention

How do you compel people to notice your message? Use the latest high-tech media to increase your visibility with a film, video CD-ROM, DVD, or a laser disk.

Just look at the variety of our products:

- Outreach (schools, community, customers)
- Training (Computer-based training, CD-ROMs, facilitated video sessions or stand-alone)
- Visitor Centers (interactive kiosks, films, video walls, vignettes, animation, interactive)
- Public Service Announcements–PSAs (radio and cablecast, multi-media campaigns)
- Distance Learning (satellite conferences, remote training, multi-lingual programs)
- Documentaries (for broadcast, visitor centers, outreach)
- Living Histories
- Conferences, seminars, guest speakers, special events, document evidence, capture an experiment
- Marketing (demos for your clients, fund-raising, trade shows, conventions)
- Instructional design
- Legislation updates, event announcements, media relations
- Showcase success stories
- Lecture series
- New employee orientation
- Oral presentations, video site visits, distribute designs for comment
- Website video
- Video streaming

We offer one-stop shopping for visitor center development. Working with you and your A&E firm, we can help you develop a complete media experience for your visitors; from the centerpiece film to all the displays, signs and kiosks. We can also design and develop collateral materials for your program: handbooks, brochures, packaging, distribution, CD-ROM/DVD inserts, whatever you need.

Quality

Awards are important because they reflect high quality. The high number of awards received by US Film & Video Productions over the years are the best indication that we can compete successfully in the marketplace. We will proudly share our extensive list of awards and glowing client referrals upon request.

Service with Solutions

Providing you with good old-fashioned customer service is a tradition at US Film & Video Productions. We guide you through every step of the production process and make it easy for you to understand. We have streamlined the paperwork so it's convenient and straightforward.

You tell us your needs and we'll help you develop the programs and products that will get you there. With an infinite variety of options available, we can provide the information you need – the solutions and results that you desire. Then we oversee every step of your production. You are assured of getting exactly what you want.

Save Time, Save Money, Save Resources

You don't have to do any paperwork. We do it for you. From the Statement of Work to Interagency Agreement, all you do is sign on the dotted line. No procurement necessary. Our contract is already in place. No bids to get. You can use another Government Agency directly without competition. No waiting.

We specialize in what we do. We get the Statement of Work right. We assign the right crews to your production. You get to relax, sit back and watch. "Time is money." "Resources are money." Think of what you'll save...

You're Working With The Best

Some of our clients and those of our on-site contractor:

- Department of the Interior (all agencies)

Your Role

You decide how much involvement you'd like in your production. Leave it all up to us, and review your program at critical checkpoints or work alongside the production crew. Your choice.

“I can't believe it's that easy”

-It is! Call us to get started on your program.

Getting Started

- Call or visit and tell us what you want
- We prepare the paperwork (SOW and budget) and get your approval
- We complete the financial agreement
- You sign one piece of paper OR use your credit card
