SUPPLEMENTARY INFORMATION:

Paperwork Reduction Act

The Agency published a notice requesting comments on the collection requirements contained in this NOFA concurrent with the publication of the related proposed rule on June 13, 2003 (68 FR 35321). No comments were received on the paperwork burden. OMB granted a standard approval of the paperwork burden under control number 0570-0045 for this program.

Background

Section 6402 of the Farm Security and Rural Investment Act of 2002 (Pub. L. 107-171) (2002 Farm Bill) authorizes the Secretary of Agriculture to establish up to 10 agriculture innovation demonstration centers (Agriculture Innovation Centers or AICs) in Fiscal Year 2003. The purpose of these centers is to foster the ability of agricultural producers to reap the benefits of producing and marketing value-added products.

Relationship between this NOFA and the earlier published Advance RFP Recognizing that the time requirements for publishing the final rule were very tight, the Agency published a notice on August 1, 2003 (Advance RFP) outlining all of the requirements for applying for FY 2003 grants that were then known. While the Advance RFP anticipated the publication of a final rule implementing the AIC grant program before the end of

FY 2003, we now recognize that it is not likely that a final rule will be published in time to obligate FY 2003 funds under terms and conditions established in a final rule. Accordingly, we are publishing this NOFA now in order to be able to implement this program before the end of FY 2003.

The Advance RFP advised the public that in order to fund AIC grants for FY 2003 there would be an extremely short deadline for the submission of applications. In the Advance RFP interested parties were offered the opportunity of receiving notice of the timing for submission of applications via electronic mail. All parties who requested such electronic notification are receiving an electronic version of this notice.

The policies and procedures incorporated in this NOFA are the same as those outlined in the Advance RFP published on August 1, 2003; the only differences that pertain to this NOFA are that the deadline is firmly established for the receipt of applications and the paperwork burden associated with this program has been approved by OMB.

In the event the RBS is not able to timely obligate FY 2003 funds, applications received will be held for consideration for FY 2004 funding if and when funding is available and after a Final Rule is published. Applicants will then be allowed to revise their applications if the requirements of the Final Rule are different from the policies and procedures outlined for FY 2003 in this NOFA.

Restrictions on Awards

1. RBS will not award more than ten grants for FY 2003.
2. RBS will not make a grant to more than one entity in any one State.
3. A grant award may not exceed the lesser of \$1,000,000 or twice the dollar amount (in cash or in kind) of the resources committed to the Center's operations apart from the program grant funds.

Application

Applicants must file an original and one copy of the required forms and a proposal.

(1) *Required forms.* The following forms must be completed, signed and submitted as part of the application package.

(a) "Application for Federal Assistance."

(b) "Budget Information/Non-Construction Programs."

(c) "Assurances/Non-Construction Programs."

(2) *Proposal.* Each proposal must contain the following elements.

(a) Title Page.

(b) Table of Contents.

(c) Executive Summary. A summary of the proposal should briefly describe the project including goals, tasks to be completed and other relevant information that provides a general overview of the project and the amount requested.

(d) Eligibility. A detailed discussion describing how the applicant meets the eligibility requirements.

(e) Proposal Narrative. The narrative portion of the proposal must include, but is not limited to, the following:

(i) Project Title. The title of the proposed project must be brief, not to exceed 75 characters, yet describe the essentials of the project.

(ii) Information Sheet. A separate one page information sheet listing each of the evaluation criteria followed by the page numbers of all relevant material and documentation contained in the proposal that address or support the criteria.

(iii) Goals of the Project. The first part of this section should list each Provider Service to be offered by the Center. The second part of this section should list one or more specific goals relating to increasing and improving the ability of identified local agricultural producers to develop a market or process for value-added agricultural commodities or products.

(iv) Work Plan. Actions that must be taken in order for the Provider Services to be available from the Center. Each action listed should include a target date by which it will be completed. General start up tasks should be listed, followed by specific tasks listed for each Provider Service to be offered, as well as tasks associated with the start of operations. The tasks associated with the start of operations should include a focused marketing and delivery plan directed to the local agricultural producers that were identified in paragraph (2)(e)(iii) above. The actions to be taken should include steps for identifying customers, acquiring personnel and contracting for services to the Center, including arrangements for strategic alliances.

(v) Performance Evaluation Criteria. Performance criteria suggested by the applicant for incorporation in the grant award in the event the proposal receives grant funding under this subpart. These suggested criteria are not binding on USDA.

(vi) Agricultural Community Support. Evidence of support from the local agricultural community should be included in this section. Letters in

support should reflect that the writer is familiar with the provisions of the Plan for the Center, including the stated goals. Evidence of support can take the form of making employees available to the Center, service as a board member and other in-kind contributions.

(vii) Strategic Coordination and Alliances. Describe arrangements in place or planned with end users (processing and distribution companies and regional grocers) as well as arrangements with entities having technical research capabilities, broad support from the agricultural community in the state or region, significant coordination with end users (processing and distribution companies and regional grocers), strategic alliances with entities having technical research capabilities and a focused delivery plan for reaching out to the producer community. (viii) Capacity. Evidence of the ability of the grantee(s) to successfully establish and operate a Center. A description of the grantee's track record in providing services similar to those listed for Producer Services or evidence that the entity has the capability to provide Producer Services. Resumes of key personnel should be included in this section. Past successes should be described in detail, with a focus on lessons learned, best practices, familiarity with producer problems in value-added ventures, and how these barriers are best overcome should be elaborated on in this section. For every challenge identified, the applicant should demonstrate how they are addressed in the Work Plan (see paragraph (2)(e)(iv) above). All successes should include a monetary estimate of the value-added achieved.

(ix) Legal structure. Provide a description of the legal relationship between the grantee(s) and the proposed Center. If the Center is to be an independent corporate entity, provide copies of the corporate charter, bylaws and other relevant organizational documents. Describe how funds for the Center will be handled and include copies of the agreements documenting the legal relationships between the Center and related parties. If the Center is not to be an independent legal entity, provide copies of the corporate governance documents that describe how members of the Board of Directors for the Center are to be determined.

(x) Evaluation Criteria. Each of the evaluation criteria referenced below must be specifically and individually addressed in narrative form. Supporting documentation, as applicable, should be included in this section, or a cross reference to other sections in the

application should be provided, as applicable.

(xi) **Verification of Adequate Resources.** Present a budget to support the work plan showing sources and uses of funds (1) during the start up period prior to the start of operations and (2) for the first year of full operations. Present a copy of a bank statement evidencing sources of funds equal to amounts required in excess of the grant requested, or, in the alternative, a copy of confirmed funding commitments from credible sources such that USDA is satisfied that the Center has adequate resources to complete a full year of operation. Include information sufficient to facilitate verification by USDA of all representations.

(xii) **Certification of Adequate Resources** Applicants must certify that non-Federal funds identified in the budget pursuant to paragraph (2)(e)(xi) of this section will be available and funded commensurately with grant funds.

Evaluation Criteria and Weights

Each of the following seven evaluation criteria may be awarded up to five (5) points.

(1) **Ability to Deliver.** The application will be evaluated as to whether it evidences unique abilities to deliver Producer Services so as to create sustainable value-added ventures. Abilities that are transferable to a wide range of agricultural value-added commodities are preferred over highly specialized skills. Strong skills must be accompanied by a credible and thoughtful plan.

(2) **Successful Track Record.** The applicant's track record in achieving value-added successes.

(3) **Work Plan/Budget.** The work plan will be reviewed for detailed actions and an accompanying timetable for implementing the proposal. Clear, logical, realistic and efficient plans will result in a higher score. Budgets will be reviewed for completeness and the strength of non Federal funding commitments.

(4) **Qualifications of personnel.** Proposals will be reviewed for whether the key personnel who are to be responsible for performing the proposed tasks have the necessary qualifications and whether they have a track record of performing activities similar to those being proposed. If a consultant or others are to be hired, points may be awarded for consultants only if the proposal includes evidence of their availability and commitment as well. Proposals using in-house employees with strong track records in innovative activities

will receive higher points relative to proposals that out-source expertise.

(5) **Local support.** Proposed Centers must show local support and coordination with other developmental organizations in the proposed service area and with state and local institutions. Support documentation should include recognition of rural values that balance employment opportunities with environmental stewardship and other rural amenities. Proposed Centers that show strong support from potential beneficiaries and coordination with other developmental organizations will receive more points than those not evidencing such support.

(6) **Future support.** Applicants that can demonstrate financial independence in future years will receive more points for this criterion. Points will be awarded only where future funding sources are documented by letters of commitment.

(7) **Performance Criteria.** Criteria suggested by the applicant in the proposal narrative that are ambitious, relevant and quantifiable and reflect serious consideration and seriousness of purpose will score more points than superficial performance criteria that reflect little or no challenge or that do not incorporate variables that reflect value-added results.

In the event of a tied score between two or more applications, the scores for the first individual criterion will be compared, and the highest score for that individual criterion will break the tie. If the scores for the first criterion are tied, the scores for the second criterion will be compared, and so on.

Form of Submission

Applicants are encouraged, but not required, to submit applications and reports in electronic form. A complete, original application may be electronically sent as an e-mail attachment to marc.warman@usda.gov. If applications are submitted electronically, a signature page must be submitted via facsimile to the attention of Marc Warman at (202) 720-4641 or in hard copy to Marc Warman at the address provided at the beginning of this Notice. Alternatively, an original application package plus one paper copy may be submitted to the address provided at the beginning of this Notice.

Evaluation Screening

The Agency will conduct an initial screening of all proposals to determine whether the applicant is eligible and whether the application is complete and sufficiently responsive to the requirements set forth in this Notice to allow for an informed review. Failure to address any of the required evaluation

criteria will disqualify the proposal. Submissions which do not pass the initial screening may be returned to the Applicant. If the submission deadline has not expired and time permits, returned applications may be revised and re-submitted.

Evaluation Process

(1) Applications will be evaluated by agricultural economists or other technical experts appointed by the Agency.

(2) After all proposals have been evaluated and scored, Agency officials will present to the Administrator a list of all applications in rank order, together with funding level recommendations.

(3) The Administrator has not elected to reserve the right to award additional points for this round of competition; the applications will be funded in rank order until all available funds have been obligated.

All tasks completed to date must be specifically identified and documentation provided to support the reported results. If the original schedule provided in the work plan is not being met, the report should discuss the problems or delays that may affect completion of the project. Objectives for the next reporting period should be listed. Compliance with any special condition on the use of award funds should be discussed. Reports are due as provided in paragraph (1). The supporting documentation for completed tasks include, but are not limited to, feasibility studies, marketing plans, business plans, articles of incorporation and bylaws and an accounting of how working capital funds were spent.

(3) Final project performance reports, inclusive of supporting documentation. The final performance report is due within 30 days of the completion of the project.

Confidentiality of Reports

All reports submitted to the Agency will be held in confidence to the extent permitted by law.

Grant Servicing

Grants will be serviced in accordance with 7 CFR part 1951, subparts E and O. Grantees will permit periodic inspection of the program operations by a representative of the Agency. All non-confidential information resulting from the Grantee's activities shall be made available to the general public on an equal basis.

Performance

USDA may elect to suspend or terminate a grant in all or part, or funding of a particular work plan activity, but nevertheless fund the remainder of a request for advance or reimbursement, as applicable, where USDA has determined:

(2) there is reason to believe that other sources of joint funding have not been or will not be forthcoming on a timely basis; or

(3) such other cause as USDA identifies in writing to the grantee (including but not limited to the use of federal grant funds for ineligible purposes).

Other Considerations

(1) *Environmental review.*

All grants made under this subpart are subject to the requirements of 7 CFR part 1940, subpart G or its successor. Applications for technical assistance or planning projects are generally excluded from the environmental review process by 7 CFR 1940.333, provided the assistance is not related to the development of a specific site. Applicants for grant funds must consider and document within their plans the important environmental factors within the planning area and the potential environmental impacts of the plan on the planning area, as well as the alternative planning strategies that were reviewed.

(2) *Civil rights.* All grants made under this subpart are subject to the requirements of title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color and national origin as outlined in 7 CFR part 1901, subpart E. In addition, the grants made under this subpart are subject to the requirements of section 504 of the Rehabilitation Act of 1973, as amended, which prohibits discrimination on the basis of disability;

the requirements of the Age Discrimination Act of 1975, which prohibits discrimination on the basis of age; and title III of the Americans with Disabilities Act, which prohibits discrimination on the basis of disability by private entities in places of public accommodations. This program will also be administered in accordance with all other applicable Civil Rights Law.

(3) *Other USDA regulations.* The grant programs under this part are subject to the provisions of the following regulations, as applicable:

(a) 7 CFR part 3015, Uniform Federal Assistance Regulations;

(b) 7 CFR part 3016, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments;

(c) 7 CFR part 3017, Governmentwide Debarment and Suspension (nonprocurement) and Governmentwide Requirements for Drug-Free Workplace (Grants);

(d) 7 CFR part 3018, New Restrictions on Lobbying;

(e) 7 CFR part 3019, Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Non-profit Organizations; and

(f) 7 CFR part 3052, Audits of States, Local Governments and Non-profit Organizations.

Member Delegate Clause

No member of Congress shall be admitted to any share or part of a grant program or any benefit that may arise there from, but this provision shall not be construed to bar as a contractor under a grant a publicly held corporation whose ownership might include a member of Congress.

Audit Requirements

Grantees must comply with the audit requirements of 7 CFR part 3052. The audit requirements apply to the years in which grant funds are received and years in which work is accomplished using grant funds.

Programmatic Changes

The Grantee shall obtain prior approval for any change to the scope or objectives of the approved project. Failure to obtain prior approval of changes to the scope of work or budget may result in suspension, termination and recovery of grant funds.

Action Affecting Export Privileges; Gunter Kohlke

In the Matter of: Gunter Kohlke currently incarcerated at: Allenwood Federal Corrections Institution, Inmate No. 10080-196, P.O. Box 1500, White Deer, Pennsylvania 17887; and with an address at: Im Dankholz 25, 79798 Jestetten, Germany.

Order Denying Export Privileges

On July 18, 2002, a U.S. District Court in the Eastern District of New York convicted Gunter Kohlke ("Kohlke") of violating section 38 of the Arms Export Control Act (22 U.S.C. 2778 (2000)) ("AECA"). Specifically, the Court found that Kohlke knowingly and willfully attempted to export items on the United States Munitions List, from the United States to Switzerland, without first obtaining the required approval from the Department of State.

Section 11(h) of the Export Administration Act of 1979, as amended (currently codified at 50 U.S.C. app. 2401-2420 (2000)) ("Act")¹ provides that at the discretion of the Secretary of Commerce,² no person convicted of violating any of a number of Federal criminal statutes including the AECA shall be eligible to apply for or use any export license issued pursuant to, or provided by, the Act or the Export Administration Regulations (currently codified at 15 CFR parts 730-774 (2003)) ("Regulations"), for a period of up to 10 years from the date of the conviction. In addition, any license issued pursuant to the Act in which such a person had any interest at the time of conviction may be revoked.

¹ From August 21, 1994 through November 12, 2000, the Act was in lapse.
