## MEMORANDUM FOR DISTRIBUTION

SUBJECT: Acquisition and Logistics Excellence Week

MAY 3 - 2002

Reference memorandum, Under Secretary of Defense Acquisition, Technology and Logistics, March 8, 2002, subject: Acquisition and Logistics Excellence (A&LE) Week (Attachment 1).

In the referenced memorandum, Mr. Aldridge indicated that A&LE Week has been institutionalized throughout the Department, and that instead of a Department of Defense-wide A&LE Week, each service, agency and organization should select a time during the year to focus on acquisition and logistics excellence to share implementation successes and challenges. Organization activities can include case studies, discussion of lessons learned, panels, speeches, classes and simulations. Mr. Aldridge stated "The Defense Acquisition University will support your efforts..."

The purpose of this memorandum is to offer Defense Acquisition University (DAU) support for your A&LE events planning. DAU's regional campuses are available to provide you with training resources and help develop materials tailored to your needs. We have established the attached list of DAU point of contacts for you to obtain support for A&LE activities (Attachment 2). By May 10, 2002, we will open an A&LE Activities website at [www.dau.mil](http://www.dau.mil) to provide A&LE news and to direct you to resources that may be useful. This site will be updated as new materials are developed.

We are excited about the opportunity to team with you and share the benefits provided by DAU's transformation to a regional campus concept. Our goal is to support you in accelerating implementation of the Department's acquisition and logistics initiatives.

*Frank J. Anderson, Jr.*  
FRANK J. ANDERSON, JR.  
President
