BETWEEN THE  
OFFICE OF INSPECTOR GENERAL  
OF THE  
DEPARTMENT OF HEALTH AND HUMAN SERVICES  
AND  
TRAVERSE ANESTHESIA ASSOCIATES, P.C.**

### **I. PREAMBLE**

Traverse Anesthesia Associates, P.C. (“TAA”) hereby enters into this Integrity Agreement (“Agreement”) with the Office of Inspector General (“OIG”) of the United States Department of Health and Human Services (“HHS”) to promote compliance with the statutes, regulations, program requirements and written directives of Medicare, Medicaid, and all other Federal health care programs (as defined in 42 U.S.C. § 1320a-7b(f)) (“Federal health care program requirements”) by TAA. This commitment to promote compliance applies to any entity that TAA owns or in which TAA has a control interest, as defined in 42 U.S.C. § 1320a-3(a)(3), and TAA’s and any such entity’s employees, agents, contractors and all third parties with whom TAA or such entity may choose to engage to act as billing or coding consultants for purposes of claiming reimbursement from the Federal health care programs (“Covered Persons”). Contemporaneously with this Agreement, TAA is entering into a Settlement Agreement with the United States, and this Agreement is incorporated by reference into the Settlement Agreement.

Prior to the execution of this Agreement, TAA voluntarily began establishing a Compliance Program (“Compliance Program”) which provides for a Compliance Officer, a Code of Conduct, written Policies and Procedures and a periodic assessment of compliance with the laws governing participation in the Federal health care programs for the purpose of ensuring TAA’s compliance with the Federal health care programs.

Pursuant to this Agreement, TAA agrees to operate the Compliance Program in a manner consistent with the requirements of this Agreement and to adopt or modify any components of the Compliance Program as necessary in order to be in compliance with all of the corporate integrity obligations under this Agreement.

**Integrity Agreement:  
Traverse Anesthesia Associates, P.C.**

## **II. TERM OF THE AGREEMENT**

Except as otherwise provided, the period of compliance obligations assumed by TAA under this Agreement shall be three years from the effective date of this Agreement. The effective date of this Agreement shall be the date on which the final signatory of this Agreement executes this Agreement.

Sections VII, VIII, IX, X and XI shall remain in effect until OIG has completed its review of the final annual report and any additional materials submitted by TAA pursuant to OIG's request.

## **III. INTEGRITY OBLIGATIONS**

TAA hereby agrees to maintain and, to the extent it has not already done so, establish a Compliance Program that, at minimum, includes the following elements:

### **A. Compliance Officer**

Within 30 days of execution of this Agreement, TAA shall designate a person to be the Compliance Officer for purposes of developing and implementing policies, procedures and practices designed to ensure compliance with the obligations herein and with Federal health care program requirements. In addition, the Compliance Officer is responsible for responding to questions and concerns from Covered Persons and the OIG regarding compliance with the Agreement obligations. The name and phone number of the Compliance Officer shall be included in the Implementation Report. In the event a new Compliance Officer is appointed during the term of this Agreement, TAA shall notify the OIG, in writing, within 15 days of such a change.

### **B. Compliance Committee**

TAA has represented to OIG that, pursuant to its Compliance Plan, it is in the process of creating a Compliance Committee. Accordingly, TAA shall formally maintain a Compliance Committee which shall be responsible for compliance with the integrity obligations in this Agreement and oversight of TAA's compliance program. The Compliance Committee shall, at a minimum, include the Compliance Officer and any other members of senior staff necessary to meet the requirements of this CIA (e.g., physician partners, billing manager, office manager). The Compliance Officer shall chair

the Compliance Committee and the Committee shall support the Compliance Officer in fulfilling his/her responsibilities (e.g., shall assist in the analysis of the organization's risk areas and shall oversee monitoring of internal and external audits and investigations).

Any changes in the composition of the Compliance Committee, or any actions or changes that would affect the Compliance Committee's ability to perform the duties necessary to meet the obligations in this CIA, must be reported to OIG, in writing, within 15 days of such a change.

**C. Posting of Notice**

Within the first 30 days following the effective date of this Agreement, TAA shall post in a prominent place accessible to all patients and Covered Persons a notice detailing its commitment to comply with all Federal health care program requirements in the conduct of its business. This notice shall include a means (i.e., telephone number, address, etc.) by which instances of misconduct may be reported anonymously. A copy of this notice shall be included in the Implementation Report.

**D. Written Policies and Procedures**

Within 90 days of the effective date of this Agreement, TAA agrees to develop, implement, and make available to all Covered Persons written policies that address the following:

1. TAA's commitment to operate its business in full compliance with all Federal health care program requirements;
2. The proper procedures for the honest and accurate submission of claims in accordance with Federal health care program requirements;
3. The proper documentation of services and billing information and the retention of such information in a readily retrievable form;
4. The requirement that all of TAA's Covered Persons shall be expected to report to TAA or the Compliance Officer suspected violations of any Federal health care program requirements or TAA's own Policies and Procedures. Any Covered Person who makes an inquiry regarding compliance with Federal health care program requirements shall be able to

do so without risk of retaliation or other adverse effect.

5. The requirement that TAA not hire, employ or engage as contractors any Ineligible Person. For purposes of this Agreement, an "Ineligible Person" shall be any individual or entity who: (i) is currently excluded, debarred or otherwise ineligible to participate in the Federal health care programs or in Federal procurement or non-procurement programs; or (ii) has been convicted of a criminal offense related to the provision of health care items or services, but has not yet been excluded, debarred, or otherwise declared ineligible. To prevent hiring or contracting with any Ineligible Person, TAA shall check all prospective employees and contractors prior to engaging their services against the HHS/OIG List of Excluded Individuals/Entities (available through the Internet at <http://www.hhs.gov/oig> ) and the General Services Administration's List of Parties Excluded from Federal Programs (available through the Internet at <http://epls.arnet.gov>) and, as appropriate, the state list of exclusions from Medicaid or Medical Assistance programs.

6. The commitment of TAA to remain current with all Federal health care program requirements by obtaining and reviewing program memoranda, newsletters, and any other correspondence from the carrier related to Federal health care program requirements, particularly those pertaining to anesthesia billings and the supervision of CRNAs.

7. The commitment of TAA to ensure that its billings are correct and accurate and that all anesthesia billing regulations are being properly adhered to.

At least annually (and more frequently if appropriate), TAA shall assess and update as necessary the Policies and Procedures. Within 30 days of the effective date of any revisions, the relevant portions of any such revised Policies and Procedures shall be made available to all individuals whose job functions are related to those Policies and Procedures.

Within 90 days of the effective date of the Agreement and annually thereafter, each Covered Person shall certify in writing that he or she has read, understood, and will abide by TAA's Policies and Procedures. New Covered Persons shall review the Policies and Procedures and shall complete the required certification within two weeks after becoming a Covered Person or within 90 days of the effective date of the

Agreement, whichever is later.

Copies of the written policies and procedures shall be included in the Implementation Report. Copies of any written policies and procedures that are subsequently revised shall be included in the Annual Report.

**E. Training and Certification**

Within 90 days following the effective date of this Agreement and at least once each year thereafter, TAA and Covered Persons involved in the delivery of patient care items or services and/or in the preparation or submission of claims for reimbursement from any Federal health care program shall receive at least four hours of training from an individual or entity, other than TAA or another Covered Person. The training shall be conducted by individuals with expertise in the relevant subject areas, e.g., preparation or submission of claims to Federal health care programs for the types of services provided by TAA.

New Covered Persons involved in the delivery of patient care items or services and/or in the preparation or submission of claims for reimbursement from any Federal health care program shall receive the training described above within 30 days after becoming a Covered Person or within 90 days of the effective date of this Agreement, whichever is later. The training for New Covered Persons may either be provided internally by Covered Persons who have completed the required annual training or externally by a qualified individual or entity. Until they have received the requisite training, such New Covered Persons shall work under the direct supervision of a Covered Person who has received such training.

At a minimum, the annual and new employee training sessions shall cover the following topics:

1. Federal health care program requirements related to the proper submission of accurate bills for services rendered and/or items provided to Federal health care program patients, particularly as it relates to anesthesia billings;
2. The written Policies and Procedures developed pursuant to Section III.C., above;
3. The legal sanctions for improper billing or other violations of the Federal health care program requirements;

4. Examples of proper and improper billing practices; and
5. Supervision and presence requirements for anesthesia billings.

Each Covered Person shall annually certify in writing that he or she has received the required training. The certification shall specify the type of training received and the date received. TAA shall retain the certifications, along with the training course materials. The training course materials shall be provided in the Annual Report.

**F. Annual Review Procedures**

1. *Retention of Independent Review Organization.* Within 90 days of the effective date of this Agreement, TAA shall retain a person or entity, such as a nurse reviewer, an accounting, auditing or consulting firm (hereinafter “Independent Review Organization” or “IRO”), to perform a billing review to assess TAA’s billing and coding practices (“Billing Engagement”). The Independent Review Organization retained by TAA shall have expertise in the billing, coding, reporting and other requirements of the particular section of the health care industry pertaining to this Agreement and in the Federal health care program requirements. The IRO shall assess, along with TAA, whether it can perform the IRO engagement in a professionally independent fashion, taking into account any other business relationships or other engagements that may exist.

2. *Frequency of the Billing Engagement.* The Billing Engagement shall be performed at least annually and shall cover each of the one-year periods beginning with the effective date of this Agreement. The IRO shall perform all components of each annual Billing Engagement and prepare the required reports in accordance with the procedures detailed in Appendix A to this Agreement, which is incorporated by reference into this Agreement.

3. *Retention of Records.* The IRO and TAA shall retain and make available to the OIG upon request all work papers, supporting documentation, correspondence, and draft reports related to the engagements.

4. *Independence Certification.* The IRO shall include in its report to TAA a certification or sworn affidavit that it has evaluated its professional independence with regard to the Billing Engagement and that it has concluded that it was, in fact, independent.

5. *Validation Review.* In the event the OIG has reason to believe that: (a) TAA's Billing Engagement fails to conform to the requirements of this Agreement; or (b)

the findings or Claims Review results are inaccurate, the OIG may, at its sole discretion, conduct its own review to determine whether the Billing Engagement complies with the requirements of the Agreement and/or the findings or Claims Review results are inaccurate. TAA agrees to pay for the reasonable cost of any such review performed by the OIG or any of its designated agents so long as it is initiated before one year after the final report is submitted and received by the OIG.

**G. Reporting of Overpayments and Material Deficiencies**

*1. Overpayments*

*a. Definition of Overpayments.* For purposes of this Agreement, an “overpayment” shall mean the amount of money TAA has received in excess of the amount due and payable under any Federal health care program requirements. TAA may not subtract any underpayments for purposes of determining the amount of relevant “overpayments” for purposes of reporting under this Agreement.

*b. Reporting of Overpayments.* If, at any time, TAA identifies or learns of any overpayments, TAA shall notify the payor within 30 days of identification of the overpayment and take remedial steps within 60 days of discovery (or such additional time as may be agreed to by the payor) to correct the problem, including preventing the underlying problem and the overpayments from recurring. Also, within 30 days of identification of the overpayment, TAA shall repay the overpayment to the appropriate payor to the extent such overpayment has been quantified. If not yet quantified, within 30 days of identification, TAA shall notify the payor of its efforts to quantify the overpayment amount along with a schedule of when such work is expected to be completed. Notification and repayment to the contractor should be done in accordance with the contractor policies, and for Medicare contractors, must include the information contained on the Overpayment Refund Form, provided as Appendix B to this Agreement.

*2. Material Deficiencies.*

*a. Definition of Material Deficiency.* For purposes of this Agreement, a “Material Deficiency” means anything that involves:

- (i) a substantial overpayment; and
- (ii) a matter that a reasonable person would consider a probable violation of criminal, civil, or administrative laws applicable to any Federal health care program for which penalties or exclusion may be authorized.

A Material Deficiency may be the result of an isolated event or a series of occurrences.

*b. Reporting of Material Deficiencies.* If TAA determines, by any means, that there is a Material Deficiency, TAA shall notify OIG, in writing, within 30 days of making the determination that the Material Deficiency exists. The report to the OIG shall include the following information:

- (i) If the Material Deficiency results in an overpayment, the report to the OIG shall be made at the same time as the notification to the payor required in section III.F.1, and shall include all of the information on the Overpayment Refund Form, as well as:

- (A) the payor's name, address, and contact person to whom the overpayment was sent; and

- (B) the date of the check and identification number (or electronic transaction number) on which the overpayment was repaid/refunded;

- (ii) a complete description of the Material Deficiency, including the relevant facts, persons involved, and legal and Federal health care program authorities implicated;

- (iii) a description of TAA's actions taken to correct the Material Deficiency; and

- (iv) any further steps TAA plans to take to address the Material Deficiency and prevent it from recurring.

This notification shall include the location of the new operation(s), phone number, fax number, Medicare provider or supplier number(s) (if any), and the corresponding contractor's name and address that has issued each Medicare provider number. #### **IX. DISCLOSURES**

Consistent with HHS's FOIA procedures, set forth in 45 C.F.R. Part 5, the OIG shall make a reasonable effort to notify TAA prior to any release by OIG of information submitted by TAA pursuant to its obligations under this Agreement and identified upon submission by TAA as trade secrets, or information that is commercial or financial and privileged or confidential, under the FOIA rules. With respect to such releases, TAA

**Integrity Agreement:**

shall have the rights set forth at 45 C.F.R. § 5.65(d). TAA shall refrain from identifying any information as exempt from release if that information does not meet the criteria for exemption from disclosure under FOIA.

**X. BREACH AND DEFAULT PROVISIONS**

Full and timely compliance by TAA shall be expected throughout the duration of this Agreement with respect to all of the obligations herein agreed to by TAA.

**A. Stipulated Penalties for Failure to Comply with Certain Obligations**

As a contractual remedy, TAA and OIG hereby agree that failure to comply with certain obligations set forth in this Agreement may lead to the imposition of the following monetary penalties (hereinafter referred to as “Stipulated Penalties”) in accordance with the following provisions.

1. A Stipulated Penalty of \$1,000 (which shall begin to accrue on the day after the date the obligation became due) for each day TAA:
  - a. Fails to have in place a Compliance Officer or Compliance Committee as required in sections III.A and III.B;
  - b. Fails to post the notice required in section III.C;
  - c. Fails to have in place the Policies and Procedures required in section III.D;
  - d. Or each applicable Covered Person fails to attend the training required by section III.E. of the Agreement within the time frames required in that section;
  - e. Fails to retain an IRO within the timeframe required in section III.F.1, or annually submit the IRO’s Claims Review Report and Process Review Report as required in section III.F and Appendix A;  
or
  - f. Fails to meet any of the deadlines for the submission of the Implementation Report or the Annual Reports to OIG.
2. A Stipulated Penalty of \$750 (which shall begin to accrue on the date

the failure to comply began) for each day TAA employs or contracts with an Ineligible Person and that person: (i) has responsibility for, or involvement with, TAA's business operations related to the Federal health care programs; or (ii) is in a position for which the person's salary or the items or services rendered, ordered, or prescribed by the person are paid in whole or part, directly or indirectly, by Federal health care programs or otherwise with Federal funds (the Stipulated Penalty described in this paragraph shall not be demanded for any time period during which TAA can demonstrate that TAA did not discover the person's exclusion or other ineligibility after making a reasonable inquiry (as described in section III.D.5) as to the status of the person).

3. A Stipulated Penalty of \$750 for each day TAA fails to grant access to the information or documentation as required in section VII of this Agreement. (This Stipulated Penalty shall begin to accrue on the date TAA fails to grant access.)

4. A Stipulated Penalty of \$750 for each day TAA fails to comply fully and adequately with any obligation of this Agreement. In its notice to TAA, OIG shall state the specific grounds for its determination that TAA has failed to comply fully and adequately with the Agreement obligation(s) at issue and steps the TAA must take to comply with the Agreement. (This Stipulated Penalty shall begin to accrue 10 days after the date that OIG provides notice to TAA of the failure to comply.) A Stipulated Penalty as described in this paragraph shall not be demanded for any violation for which the OIG has sought a Stipulated Penalty under paragraphs 1-3 of this section.

#### **B. Timely Written Requests for Extensions**

TAA may, in advance of the due date, submit a timely written request for an extension of time to perform any act or file any notification or report required by this Agreement. Notwithstanding any other provision in this section, if OIG grants the timely written request with respect to an act, notification, or report, Stipulated Penalties for failure to perform the act or file the notification or report shall not begin to accrue until one day after TAA fails to meet the revised deadline set by OIG. Notwithstanding any other provision in this section, if OIG denies such a timely written request, Stipulated Penalties for failure to perform the act or file the notification or report shall not begin to accrue until three business days after TAA receives OIG's written denial of such request or the original due date, whichever is later. A "timely written request" is defined as a request in writing received by OIG at least five business days prior to the date by which any act is due to be performed or any notification or report is due to be filed.

#### **C. Payment of Stipulated Penalties.**

1. *Demand Letter.* Upon a finding that TAA has failed to comply with any of the obligations described in section X.A and after determining that Stipulated Penalties are appropriate, OIG shall notify TAA of: (a) TAA's failure to comply; and (b) OIG's exercise of its contractual right to demand payment of the Stipulated Penalties (this notification is hereinafter referred to as the "Demand Letter").

2. *Response to Demand Letter.* Within 10 days of the receipt of the Demand Letter, TAA shall respond by either: (a) curing the breach to OIG's satisfaction, notifying OIG of its corrective actions, and paying the applicable Stipulated Penalties; or (b) sending in writing to OIG a request for a hearing before an HHS administrative law judge ("ALJ") to dispute OIG's determination of noncompliance, pursuant to the agreed upon provisions set forth below in section X.E. In the event TAA elects to request an ALJ hearing, the Stipulated Penalties shall continue to accrue until TAA cures, to OIG's satisfaction, the alleged breach in dispute. Failure to respond to the Demand Letter in one of these two manners within the allowed time period shall be considered a material breach of this Agreement and shall be grounds for exclusion under section X.D.

3. *Form of Payment.* Payment of the Stipulated Penalties shall be made by certified or cashier's check, payable to: "Secretary of the Department of Health and Human Services," and submitted to OIG at the address set forth in section VI.

4. *Independence from Material Breach Determination.* Except as set forth in section X.D.1.c, these provisions for payment of Stipulated Penalties shall not affect or otherwise set a standard for OIG's decision that TAA has materially breached this Agreement, which decision shall be made at OIG's discretion and shall be governed by the provisions in section X.D, below.

#### **D. Exclusion for Material Breach of this Agreement**

1. *Definition of Material Breach.* A material breach of this Agreement means:

- a. a failure by TAA to report a material deficiency, take corrective action and make the appropriate refunds, as required in section III.G;
- b. a repeated or flagrant violation of the obligations under this Agreement, including, but not limited to, the obligations addressed in section X.A;

c. a failure to respond to a Demand Letter concerning the payment of Stipulated Penalties in accordance with section X.C; or

d. a failure to retain and use an Independent Review Organization in accordance with section III.F.

2. *Notice of Material Breach and Intent to Exclude.* The parties agree that a material breach of this Agreement by TAA constitutes an independent basis for TAA's exclusion from participation in the Federal health care programs. Upon a determination by OIG that TAA has materially breached this Agreement and that exclusion should be imposed, OIG shall notify TAA of: (a) TAA's material breach; and (b) OIG's intent to exercise its contractual right to impose exclusion (this notification is hereinafter referred to as the "Notice of Material Breach and Intent to Exclude").

3. *Opportunity to Cure.* TAA shall have 30 days from the date of receipt of the Notice of Material Breach and Intent to Exclude to demonstrate to OIG's satisfaction that:

a. TAA is in compliance with the obligations of the Agreement cited by the OIG as being the basis for the material breach;

b. the alleged material breach has been cured; or

c. the alleged material breach cannot be cured within the 30-day period, but that: (i) TAA has begun to take action to cure the material breach; (ii) TAA is pursuing such action with due diligence; and (iii) TAA has provided to OIG a reasonable timetable for curing the material breach.

4. *Exclusion Letter.* If at the conclusion of the 30-day period, TAA fails to satisfy the requirements of section X.D.3, OIG may exclude TAA from participation in the Federal health care programs. OIG will notify TAA in writing of its determination to exclude TAA (this letter shall be referred to hereinafter as the "Exclusion Letter"). Subject to the Dispute Resolution provisions in section X.E, below, the exclusion shall go into effect 30 days after the date of the Exclusion Letter. The exclusion shall have national effect and shall also apply to all other Federal procurement and non-procurement programs. Reinstatement to program participation is not automatic. If at the end of the period of exclusion, TAA wishes to apply for reinstatement, TAA must submit a written request for reinstatement in accordance with the provisions at 42 C.F.R. §§ 1001.3001-.3004.

## **E. Dispute Resolution**

1. *Review Rights.* Upon OIG's delivery to TAA of its Demand Letter or of its Exclusion Letter, and as an agreed-upon contractual remedy for the resolution of disputes arising under this Agreement, TAA shall be afforded certain review rights comparable to the ones that are provided in 42 U.S.C. § 1320a-7(f) and 42 C.F.R. Part 1005 as if they applied to the Stipulated Penalties or exclusion sought pursuant to this Agreement. Specifically, OIG's determination to demand payment of Stipulated Penalties or to seek exclusion shall be subject to review by an HHS ALJ and, in the event of an appeal, the HHS Departmental Appeals Board ("DAB"), in a manner consistent with the provisions in 42 C.F.R. §§ 1005.2-1005.21. Notwithstanding the language in 42 C.F.R. § 1005.2(c), the request for a hearing involving Stipulated Penalties shall be made within 10 days of the receipt of the Demand Letter and the request for a hearing involving exclusion shall be made within 25 days of receipt of the Exclusion Letter.

2. *Stipulated Penalties Review.* Notwithstanding any provision of Title 42 of the United States Code or Chapter 42 of the Code of Federal Regulations, the only issues in a proceeding for Stipulated Penalties under this Agreement shall be: (a) whether TAA was in full and timely compliance with the obligations of this Agreement for which OIG demands payment; and (b) the period of noncompliance. TAA shall have the burden of proving its full and timely compliance and the steps taken to cure the noncompliance, if any. If the ALJ agrees with OIG with regard to a finding of a breach of this Agreement and orders TAA to pay Stipulated Penalties, such Stipulated Penalties shall become due and payable 20 days after the ALJ issues such a decision unless TAA requests review of the ALJ decision by the DAB. If the ALJ decision is properly appealed to the DAB and the DAB upholds the determination of OIG, the Stipulated Penalties shall become due and payable 20 days after the DAB issues its decision.

3. *Exclusion Review.* Notwithstanding any provision of Title 42 of the United States Code or Chapter 42 of the Code of Federal Regulations, the only issues in a proceeding for exclusion based on a material breach of this Agreement shall be:

- a. whether TAA was in material breach of this Agreement;
- b. whether such breach was continuing on the date of the Exclusion Letter; and
- c. whether the alleged material breach could not have been cured within the 30 day period, but that:

- (i) TAA had begun to take action to cure the material breach within that period;
- (ii) TAA has pursued and is pursuing such action with due diligence; and
- (iii) TAA provided to OIG within that period a reasonable timetable for curing the material breach and TAA has followed the timetable.

For purposes of the exclusion herein, exclusion shall take effect only after an ALJ decision favorable to OIG, or, if the ALJ rules for TAA, only after a DAB decision in favor of OIG. TAA's election of its contractual right to appeal to the DAB shall not abrogate OIG's authority to exclude TAA upon the issuance of an ALJ's decision in favor of OIG. If the ALJ sustains the determination of OIG and determines that exclusion is authorized, such exclusion shall take effect 20 days after the ALJ issues such a decision, notwithstanding that TAA may request review of the ALJ decision by the DAB. If the DAB finds in favor of OIG after an ALJ decision adverse to OIG, the exclusion shall take effect 20 days after the DAB decision. TAA agrees to waive its right to any notice of such an exclusion if a decision upholding the exclusion is rendered by the ALJ

4. *Finality of Decision.* The review by an ALJ or DAB provided for above shall not be considered to be an appeal right arising under any statutes or regulations. Consequently, the parties to this Agreement agree that the DAB's decision (or the ALJ's decision if not appealed) shall be considered final for all purposes under this Agreement.

#### **XI. EFFECTIVE AND BINDING AGREEMENT**

Consistent with the provisions in the Settlement Agreement pursuant to which this Agreement is entered, and into which this Agreement is incorporated, TAA and the OIG agree as follows:

1. This Agreement shall be binding on the successors, assigns and transferees of TAA;
2. This Agreement shall become final and binding on the date the final signature is obtained on the Agreement;
8. Any modifications to this Agreement shall be made with the prior written

consent of the parties to this Agreement;

9. OIG may agree to a suspension of TAA's obligations under this Agreement in the event of TAA's cessation of participation in Federal health care programs. If TAA withdraws from participation in Federal health care programs and is relieved from its Agreement obligations by the OIG, TAA agrees to notify the OIG 30 days in advance of TAA's intent to reapply as a participating provider or supplier with the Federal health care programs. Upon receipt of such notification, OIG will evaluate whether the CIA should be reactivated or modified.
10. The undersigned TAA signatories represent and warrant that they are authorized to execute this Agreement. The undersigned OIG signatory represents that he is signing this Agreement in his official capacity and that he is authorized to execute this Agreement.

IN WITNESS WHEREOF, the parties hereto affix their signatures:

## APPENDIX A

### A. Billing Engagement

The Billing Engagement shall be composed of two separate reviews, a “Claims Review” and a “Process Review.” The IRO shall prepare a Claims Review Report and a Process Review Report to communicate the findings of the reviews.

1. ***Claims Review.*** The IRO shall perform a Claims Review to identify any Overpayments through an appraisal of Paid Claims submitted by TAA to the Medicare program.
2. ***Claims Review Report.*** The IRO shall prepare a report based upon each Claims Review performed (“Claims Review Report”). The Claims Review Report shall be submitted to the OIG in the Annual Report.
3. ***Process Review.*** The IRO shall review TAA’s billing and coding systems and/or operations (the “Process Review”). This review shall examine the coding and claim submission process (e.g., reviewing the process, reviewing the systems edits, automated coding systems).
4. ***Process Review Report.*** The IRO shall prepare a report based upon the Process Review (“Process Review Report”). The Process Review Report shall include the IRO’s findings and supporting rationale regarding the strengths and weaknesses in TAA’s coding systems and/or operations and claims submission process. This report shall also include any recommendations the IRO may have to improve any of these systems, operations, and processes, and a discussion of how TAA can implement such recommendations. The Process Review Report shall be submitted to the OIG in the Annual Report.

## **B. Claims Review**

1. ***Definitions.*** For the purposes of the Claims Review, the following definitions shall be used:

- a. **Claims Review Sample:** A statistically valid, randomly selected sample of items selected for appraisal in the Claims Review.
- b. **Item:** Any discrete unit that can be sampled (e.g., code, line item, beneficiary, patient encounter, etc.).
- c. **Paid Claim:** A code or line item submitted by TAA and for which TAA has received reimbursement from the Medicare program
- d. **Population:** All Items for which TAA has submitted a code or line item and for which TAA has received reimbursement from the Medicare program (i.e., a Paid Claim) during the 12-month period covered by the Claims Review. To be included in the Population, an Item must have resulted in at least one Paid Claim.
- e. **RAT-STATS:** OIG's Office of Audit Services Statistical Sampling Software. RAT-STATS is publicly available to download through the Internet at "[www.hhs.gov/oig/oas/ratstat.html](http://www.hhs.gov/oig/oas/ratstat.html)".

2. ***Description of Claims Review.*** The Claims Review shall consist of an appraisal of a statistically valid sample of Items (the Claims Review Sample) that can be projected to the total Population.

- a. **Claims Review Sample.** Review a minimum 100 Items Claims Review Sample. The 100 Items shall be selected for appraisal through the use of RAT-STATS' "Random Numbers" function. All Paid Claims associated with these Items shall be reviewed and reported on in the Claims Review Report (See Section 2.C, below).
- b. **Item Appraisal.** For each Item appraised, only Paid Claims shall be evaluated. Every Paid Claim in the Claims Review Sample shall be evaluated by the IRO to determine whether the claim submitted was correctly coded, submitted, and reimbursed. Each appraisal must be sufficient to provide all information required under the Claims Review

Report.

c. Paid Claims without Supporting Documentation. For the purpose of appraising Items included in the Claims Review Sample, any Paid Claim for which TAA cannot produce documentation sufficient to support the Paid Claim shall be considered an error and the total reimbursement received by TAA for such Paid Claim shall be deemed an Overpayment. Replacement sampling for Paid Claims with missing documentation is not permitted.

d. Use of First Samples Drawn. For the purposes of the Claims Review Sample discussed in this Appendix, the Paid Claims associated with the Items selected in the first sample (or first sample for each strata, if applicable) shall be used. In other words, it is not permissible to generate a number of random samples and then select one for use as the Claims Review Sample.

**C. Claims Review Report**. The following information shall be included in each Claims Review Report:

1. ***Claims Review Methodology***

a. Claims Review Objective: A clear statement of the objective intended to be achieved by the Claims Review.

b. Sampling Unit: A description of the Item as that term is utilized for the Claims Review. As noted in section B.1.b above, for purposes of this Billing Engagement, the term “Item” may refer to any discrete unit that can be sampled (e.g., claim, line item, beneficiary, patient encounter, etc.).

c. Claims Review Population: A description of the Population subject to the Claims Review.

d. Sampling Frame: A description of the sampling frame, which is the totality of Items from which the Claims Review Sample has been selected and an explanation of the methodology used to identify the sampling frame. In most circumstances, the sampling frame will be identical to the Population.

e. Sources of Data: A description of the documentation relied upon by the

IRO when performing the Claims Review (e.g., medical records, physician orders, certificates of medical necessity, requisition forms, local medical review policies, HCFA program memoranda, Medicare carrier or intermediary manual or bulletins, other policies, regulations, or directives).

f. Review Protocol: A narrative description of how the Claims Review was conducted and what was evaluated.

## ***2. Statistical Sampling Documentation***

- a. The number of Items appraised in the Claims Review Sample;
- b. A copy of the RAT-STATS printout of the random numbers generated by the “Random Numbers” function for the Claims Review Sample; and
- c. The Sampling Frame used in the Claims Review Sample shall be available to the OIG upon request.

## ***3. Claims Review Results***

- a. Total number and percentage of instances in which the IRO determined that the Paid Claim submitted by TAA (“Claim Submitted”) differed from what should have been the correct claim (“Correct Claim”), regardless of the effect on the payment;
- b. Total number and percentage of instances in which the Claim Submitted differed from the Correct Claim and in which such difference resulted in an Overpayment to TAA;
- c. The total dollar amount of all Paid Claims in the Claims Review Sample and the total dollar amount of Overpayments associated with the Paid Claims identified by the Claims Review. (This is the total dollar amount of the Overpayments identified in section C.3.b above.) The IRO may, in its report to TAA, identify underpayments, but any underpayments identified during the Claims Review shall not be offset or “netted out” of the total dollar amount of Paid Claims or of the Overpayments when reporting these amounts in the Claims Review Report to the OIG; and
- d. A spreadsheet of the Claims Review results that includes the following information for each Paid Claim appraised: Federal health care program

billed, beneficiary health insurance claim number, date of service, procedure code submitted, procedure code reimbursed, allowed amount reimbursed by payor, correct procedure code (as determined by the IRO), correct allowed amount (as determined by the IRO), dollar difference between allowed amount reimbursed by payor and the correct allowed amount.

4. ***Credentials.*** The names and credentials of the individuals who: (1) designed the statistical sampling procedures and the review methodology utilized for the Claims Review; and (2) performed the Claims Review.

DATE

F. Annual Review Procedures.

1. *General Description.*

a. Retention of Independent Review Organization. Within 90 days of the effective date of this Agreement, TAA shall retain a person or entity, such as a nurse reviewer, an accounting, auditing or consulting firm (hereinafter “Independent Review Organization” or “IRO”), to perform a review to assist TAA in assessing and evaluating its billing and coding practices and systems. The IRO retained by TAA shall have expertise in the billing, coding, reporting and other requirements of the particular section of the health care industry pertaining to this Agreement and in the general requirements of the Federal health care program(s) from which TAA seeks reimbursement. The IRO shall assess, along with TAA, whether it can perform the IRO review in a professionally independent fashion taking into account any other business relationships or other engagements that may exist. The IRO review shall address and analyze TAA’s billing and coding to the Federal health care programs (“Claims Review”).

b. Frequency of Claims Review. The Claims Review shall be performed annually and shall cover each of the one-year periods beginning with the effective date of this Agreement. The IRO shall perform all components of each annual Claims Review.

c. Retention of Records. The IRO and TAA shall retain and make available to the OIG, upon request, all work papers, supporting documentation, correspondence, and draft reports (those exchanged between the IRO and TAA) related to the reviews.

2. *Claims Review.* The Claims Review shall include a Discovery Sample and, if necessary, a Full Sample. The applicable definitions, procedures, and reporting requirements are outlined in Appendix A to this Agreement, which is incorporated by reference.

a. Discovery Sample. The IRO shall randomly select and review a sample of 50 Medicare Paid Claims submitted by or on behalf of TAA. The Paid Claims shall be reviewed based on the supporting documentation available at TAA or under TAA’s control and applicable billing and coding regulations and guidance to determine whether the claim submitted was correctly coded, submitted and reimbursed.

i. If the Error Rate (as defined in Appendix A) for the Discovery Sample is less than 5%, no additional sampling is required, nor is the Systems Review required. (Note: The threshold listed above does not imply that this is an acceptable error rate. Accordingly, TAA

should, as appropriate, further analyze any errors identified in the Discovery Sample. TAA recognizes that the OIG or other HHS component, in its discretion and as authorized by statute, regulation, or other appropriate authority may also analyze or review Paid Claims included, or errors identified, in the Discovery Sample.)

- ii. If the Discovery Sample indicates that the Error Rate is 5% or greater, the IRO shall perform a Full Sample and a Systems Review, as described below.

b. Full Sample. If necessary, as determined by procedures set forth in Section III.F.2.a, the IRO shall perform an additional sample of Paid Claims using commonly accepted sampling methods and in accordance with Appendix A. The Full Sample should be designed to (1) estimate the actual Overpayment in the population with a 90% confidence level and with a maximum relative precision of 25% of the point estimate and (2) conform with the Centers for Medicare and Medicaid Services' statistical sampling for overpayment estimation guidelines. The Paid Claims shall be reviewed based on supporting documentation available at TAA or under TAA's control and applicable billing and coding regulations and guidance to determine whether the claim submitted was correctly coded, submitted, and reimbursed. For purposes of calculating the size of the Full Sample, the Discovery Sample may serve as the probe sample, if statistically appropriate. Additionally, TAA may use the Items sampled as part of the Discovery Sample, and the corresponding findings for those 50 Items, as part of its Full Sample. The OIG, in its full discretion, may refer the findings of the Full Sample (and any related workpapers) received from TAA to the appropriate Federal health care program payor, including the Medicare contractor (e.g., carrier, fiscal intermediary, or DMERC), for appropriate follow-up by that payor.

c. Systems Review. If TAA's Discovery Sample identifies an Error Rate of 5% or greater, TAA's IRO shall also conduct a Systems Review. Specifically, for each claim in the Discovery Sample and Full Sample that resulted in an Overpayment, the IRO should perform a "walk through" of the system(s) and process(es) that generated the claim to identify any problems or weaknesses that may have resulted in the identified Overpayments. The IRO shall provide to TAA its observations and recommendations on suggested improvements to the system(s) and the process(es) that generated the claim.

d. Repayment of Identified Overpayments. In accordance with section III.G.1 of the Agreement, TAA agrees to repay within 30 days any Overpayment(s) identified in the Discovery Sample or the Full Sample (if applicable), regardless of the Error Rate, to the appropriate payor and in accordance with payor refund policies. TAA

agrees to make available to the OIG any and all documentation that reflects the refund of the Overpayment(s) to the payor.

3. *Claims Review Report.* The IRO shall prepare a report based upon the Claims Review performed (the "Claims Review Report"). Information to be included in the Claims Review Report is detailed in Appendix A.

4. *Validation Review.* In the event the OIG has reason to believe that: (a) TAA's Claims Review fails to conform to the requirements of this Agreement; or (b) the IRO's findings or Claims Review results are inaccurate, the OIG may, at its sole discretion, conduct its own review to determine whether the Claims Review complied with the requirements of the Agreement and/or the findings or Claims Review results are inaccurate ("Validation Review"). TAA agrees to pay for the reasonable cost of any such review performed by the OIG or any of its designated agents so long as it is initiated before one year after TAA's final annual report and any additional materials requested by the OIG are received by the OIG.

Prior to initiating a Validation Review, the OIG shall notify TAA of its intent to do so and provide a written explanation of why the OIG believes such a review is necessary. To resolve any concerns raised by the OIG, TAA may request a meeting with the OIG to discuss the results of any Claims Review submissions or findings; present any additional or relevant information to clarify the results of the Claims Review or to correct the inaccuracy of the Claims Review; and/or propose alternatives to the proposed Validation Review. TAA agrees to provide any additional information as may be requested by the OIG under this section in an expedited manner. The OIG will attempt in good faith to resolve any Claims Review issues with TAA prior to conducting a Validation Review. However, the final determination as to whether or not to proceed with a Validation Review shall be made at the sole discretion of the OIG.

5. *Independence Certification.* The IRO shall include in its report(s) to TAA a certification or sworn affidavit that it has evaluated its professional independence with regard to the Claims Review and that it has concluded that it is, in fact, independent.

## APPENDIX A

### A. Claims Review.

1. **Definitions.** For the purposes of the Claims Review, the following definitions shall be used:

a. Overpayment: The amount of money TAA has received in excess of the amount due and payable under any Federal health care program requirements.

b. Item: Any discrete unit that can be sampled (e.g., code, line item, beneficiary, patient encounter, etc.).

c. Paid Claim: A code or line item submitted by TAA and for which TAA has received reimbursement from the Medicare program.

d. Population: All Items for which TAA has submitted a code or line item and for which TAA has received reimbursement from the Medicare program (i.e., a Paid Claim) during the 12-month period covered by the Claims Review. To be included in the Population, an Item must have resulted in at least one Paid Claim.

e. Error Rate: The Error Rate shall be the percentage of net Overpayments identified in the sample. The net Overpayments shall be calculated by subtracting all underpayments identified in the sample from all gross Overpayments identified in the sample. (Note: Any potential cost settlements or other supplemental payments should not be included in the net Overpayment calculation. Rather, only underpayments identified as part of the Discovery Sample or Full Sample (as applicable) shall be included as part of the net Overpayment calculation.)

The Error Rate is calculated by dividing the net Overpayment identified in the sample by the total dollar amount associated with the Items in the sample.

### 2. **Other Requirements.**

a. Paid Claims without Supporting Documentation. For the purpose of appraising Items included in the Claims Review, any Paid Claim for which TAA cannot produce documentation sufficient to support the Paid Claim

shall be considered an error and the total reimbursement received by TAA for such Paid Claim shall be deemed an Overpayment. Replacement sampling for Paid Claims with missing documentation is not permitted.

b. Use of First Samples Drawn. For the purposes of all samples (Discovery Sample(s) and Full Sample(s)) discussed in this Appendix, the Paid Claims associated with the Items selected in each first sample (or first sample for each strata, if applicable) shall be used. In other words, it is not permissible to generate more than one list of random samples and then select one for use with the Discovery Sample or Full Sample.

**B. Claims Review Report**. The following information shall be included in the Claims Review Report for each Discovery Sample and Full Sample (if applicable).

1. **Claims Review Methodology**.

a. Sampling Unit. A description of the Item as that term is utilized for the Claims Review.

b. Claims Review Population. A description of the Population subject to the Claims Review.

c. Claims Review Objective. A clear statement of the objective intended to be achieved by the Claims Review.

d. Sampling Frame. A description of the sampling frame, which is the totality of Items from which the Discovery Sample and, if any, Full Sample has been selected and an explanation of the methodology used to identify the sampling frame. In most circumstances, the sampling frame will be identical to the Population.

e. Source of Data. A description of the documentation relied upon by the IRO when performing the Claims Review (e.g., medical records, physician orders, certificates of medical necessity, requisition forms, local medical review policies, CMS program memoranda, Medicare carrier or intermediary manual or bulletins, other policies, regulations, or directives).

f. Review Protocol. A narrative description of how the Claims Review was conducted and what was evaluated.

2. **Statistical Sampling Documentation.**

- a. The number of Items appraised in the Discovery Sample and, if applicable, in the Full Sample.
- b. A copy of the printout of the random numbers generated by the “Random Numbers” function of the statistical sampling software used by the IRO.
- c. A copy of the statistical software printout(s) estimating how many Items are to be included in the Full Sample, if applicable.
- d. A description or identification of the statistical sampling software package used to conduct the sampling.

3. **Claims Review Findings.**

a. Narrative Results.

- i. A description of TAA’s billing and coding system(s), including the identification, by position description, of the personnel involved in coding and billing.
- ii. A narrative explanation of the IRO’s findings and supporting rationale (including reasons for errors, patterns noted, etc.) regarding the Claims Review, including the results of the Discovery Sample, and the results of the Full Sample (if any) with the gross Overpayment amount, the net Overpayment amount, and the corresponding Error Rate(s) related to the net Overpayment.

b. Quantitative Results.

- i. Total number and percentage of instances in which the IRO determined that the Paid Claims submitted by TAA (“Claims Submitted”) differed from what should have been the correct claim (“Correct Claim”), regardless of the effect on the payment.
- ii. Total number and percentage of instances in which the Claim Submitted differed from the Correct Claim and in which such difference resulted in an Overpayment to TAA.

iii. Total dollar amount of paid Items included in the sample and the net Overpayment associated with the sample.

iv. Error Rate in the sample.

v. A spreadsheet of the Claims Review results that includes the following information for each Paid Claim appraised: Federal health care program billed, beneficiary health insurance claim number, date of service, procedure code submitted, procedure code reimbursed, allowed amount reimbursed by payor, correct procedure code (as determined by the IRO), correct allowed amount (as determined by the IRO), dollar difference between allowed amount reimbursed by payor and the correct allowed amount. (See Attachment 1 to this Appendix.)

4. **Systems Review.** Observations and recommendations on possible improvements to the system(s) and process(es) that generated the Overpayment(s) in the sample Population.

5. **Credentials.** The names and credentials of the individuals who: (1) designed the statistical sampling procedures and the review methodology utilized for the Claims Review; and (2) performed the Claims Review.
