Valid from: (date in figures and words)

Figures (mm/dd/yyyy):
Date (In words):

Valid until: (date in figures and words)

Figures (mm/dd/yyyy):
Date (In words):

II. Identification of Animal

Microchip Number:	Location of microchip:	
Microchip scanner type:	Age as stated by owner:	
Breed:	Name of animal:	Sex:
Coat color	Markings:	

III.

Name and home
Address of owner/keeper

Zip Code

IV. Veterinary declaration

I, the undersigned, certify that:

- the details given in Section I above are correct;
- a microchip with the number recorded above is implanted in the animal described at Section II;
- the animal showed no clinical signs of rabies infection when this certificate was signed;
- I have seen the record of rabies vaccination for the animal, on which is recorded the microchip number given above which confirms that the animal was vaccinated against rabies after the microchip was implanted. The vaccinal status is currently valid according to the manufacturer's data sheet. In the case of re-vaccination, the current vaccination was carried out on or before the date of expiry of the previous vaccination;
- I have seen a certified record of the result of a serological test for the animal, carried out on a sample taken on ...

Date (mm/dd/yyyy):
Date (In words):

(that being after the first vaccination referred to above) and tested in a laboratory which was at the time of the test recognized by the Department for Environment, Food & Rural Affairs (Defra) for that purpose.

The test result states that the rabies neutralizing antibody titer was equal to or greater than 0.5 IU/ml.
