<sup>1</sup> The "All other" group includes those reporting the race categories of (1a) American Indian and Alaska Native or (1b) Native Hawaiian and Other Pacific Islanders, and (2) those reporting two or more races. As a result of changes in the definition of the race category of "Asians only" and "Asian and others" from census 1990 to census 2000, the numbers of entrants, leavers, and stayers for these two groups do not add up.

<sup>2</sup> The four race groups add to the total. The two ethnic groups also add to the total. Hispanics may be of any race.
