

State Data Contact Directory

Division of Policy and Data
Office of Minority Health
U.S. Department of Health and Human Services

July 1999

Description

This State Data Contact Directory is an update of the 1997 State Data Contact Directory, which was developed by the Office of Minority Health, Office of Public Health and Science, and the Minority Health Statistics Grants Program, National Center for Health Statistics, Centers for Disease Control and Prevention. To assist in the identification of potential sources of state minority health data, the Directory contains contact information by state on the following areas:

- State vital and health statistics;
- State and territorial epidemiologists;
- State minority health entities*;
- Centers for Disease Control and Prevention (CDC) Behavioral Risk Factor Surveillance System;
- CDC's Youth Risk Behavior Surveillance System;
- HIV/AIDS Surveillance;
- STD Program;
- Medicaid offices;
- State substance abuse agency directors;
- Pregnancy Nutrition Surveillance System (PNSS);
- Pregnancy Risk Assessment Monitoring System (PRAMS);
- Pediatric Nutrition Surveillance System (PedNSS);
- Immunization data;
- Cancer registries;
- Childhood lead poisoning prevention and surveillance programs;
- Adult Blood-Lead Epidemiology and Surveillance Program (ABLES); and
- Hospital level data contacts in states with/without legislative mandate.

To further aid in identifying state data contacts and sources, the state Internet address is listed.

Note:

Exclusion of a state database does not necessarily mean that the database cannot provide minority health data. Likewise, inclusion of a state database does not necessarily mean the database can provide minority health data. Please send any corrections, deletions, or additions to this directory to:

Violet Woo, MS, MPH
Office of Minority Health
Division of Policy and Data
5515 Security Lane, Suite 1000
Rockville, Maryland 20852

Phone: (301) 443-9923; Fax: (301) 443-8280; E-mail: vwoo@osophs.dhhs.gov

*The states designated with an asterisk have established an official minority health entity either through executive or legislative branch action. Other states (those without an asterisk) have designated minority health contacts.
