To Our Customers:

The Master Freight Table is published by the Defense Logistics Information Service from data supplied by the Military Traffic Management Command (MTMC) to the Federal Logistics Information System (FLIS) data base. This edition supersedes all previously dated editions.

We are pleased with this new document and have a firm commitment to customer satisfaction. If you have any recommendations, please let us know. You may write to:

Defense Logistics Information Service

## INTRODUCTION

The Master Freight Table is published annually by the Defense Logistics Information Service (DLIS) entirely from data resident on the Federal Logistics Information System (FLIS) data base. The data is current as of the date indicated at the top of the page.

The NMFC/UFC column is 12 characters long and contains 3 pieces of information:

Characters 1-6 comprise the National Motor Freight Classification (NMFC) Code.

Character 7 is the National Motor Freight Classification Sub-Item Code. Codes A-W will correspond with the Sub-Number shown in the NMFC. Example: Sub Items 1, 2 and 3 will be shown as A, B and C. Code X indicates that there is no Sub-Number and a Code Z indicates that a NMFC item contains Subs, but the proper Sub cannot be determined. The letters I, O, and Y are invalid codes.

Characters 8-12 comprise the Unified Freight Classification (UFC) Code (Modified)

The Freight Description column contains a 35 character clear text, often abbreviated commodity description.

Class Rating Code identifies the Class Rating applicable to the item of supply under the National Motor Freight Classification System. See FLIS, Volume 10, Table 86 for a complete listing of these codes.

Copies of this publication may be obtained from, or in accordance with the following:

### ***Department of the Army***

Appropriate Adjutant General (AG) publication channels as prescribed in Army Regulations 310-2.

### ***Department of the Navy***

Commanding Officer, Naval Publications and Forms Center, 5801 Tabor Avenue, Philadelphia, PA. 19120.

### ***Department of the Air Force***

HQ AFMC/LGISA, 74 North Washington, Battle Creek, Michigan 49017-3094, DSN 932-5061, (Comm) 269-961-5061, in accordance with USAF S-2A-1, Index.

***Marine Corps***

In accordance with Section III, Part 3 of Marine Corps Order P5600.31, Marine Corps Publications and Printing Regulations.

***Civil Agencies***

Federal Property Management Regulations, Subpart 101-30.2.

***Defense Logistics Agency Activities***

Commander, Defense Logistics Information Service, ATTN: DLIS-VPH, Federal Center, Battle Creek, Michigan 49017-3084, in accordance with DLA regulation 5025.9.

***All Others***

Unless otherwise specified by contractual agreement with the Federal Government, copies of this publication may be obtained through purchase from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Orders for this publication shall be accompanied by remittance in full made payable to the Superintendent of Documents

Comments and suggestions regarding the Master Freight Table should be addressed to:
