

INVASIVE AND EXOTIC PLANT SPECIES

PLAYBOOK

• STATE	Connecticut
DOES STATE HAVE AN INVASIVE SPECIES COUNCIL	YES X NO
Name of council	Connecticut Invasive Plant Working Group (CIPWG)
	Connecticut Invasive Plants Council www.eeb.ucon.edu
Groups included (state, federal, non profit, etc.)	The Connecticut Agricultural Experiment Station, Connecticut Nursery and Landscape Association, Connecticut Department of Agriculture, Connecticut Nursery and Landscape Association/Sprucedale Gardens, Connecticut Department of Environmental Protection, Connecticut Federation of Lakes, Invasive Plant Atlas of New England (IPANE), University of Connecticut, and The Nature Conservancy.
Coordinator (Name, address, phone, email)	Donna Ellis, University of Connecticut,
	Storrs, CT
	860-486-6448, donna.ellis@uconn.edu
■ NAME OF AGENCIES OR GROUPS RESPONSIBLE FO R	State of Connecticut, Public Act No. 03-136, "An Act
INVASIVE PLANT REGULATORY AND LEGAL	Concerning Invasive Plants" on June 26, 2003.
RESPONSIBILITY	Department of Europe and Al P. (1)
Contact Person (Name, address, phone, email)	Department of Environmental Protection
	Author J. Rocque, Jr., Commissioner 79 Elm Street, Hartford, CT 06106-5127,
	860-424-3000, dep.webmaster@po.state.ct.us
• IS THERE A STATE INVASIVE PLANT LIST?	YES X NO
Where are copies obtained?	www.eeb.ucon.edu
Is the list officially accepted by the state?	YES X NO
is the list officially decepted by the state.	TES A TO
Completed or in draft status?	COMPLETED X JANUARY 2004 DRAFT
What is the legal regulatory status of the list?	Public Act No. 03-136
List the top 3 invasive plant species problems in the state	 Oriental Bittersweet Celastrus orbiculatus Multi-flora Rose Rosa multiflora Eurasian watermilfoil Myriophyllum spicatum
■ LIST CURRENT INVASIVE PLANT CONTROL PROJECTS IN STATE	 Research at The Connecticut Agricultural Experiment Station includes control of oriental bittersweet, black swallow-wort, and common reed grass Research at The Connecticut Agricultural Experiment Station includes control of aquatic invasive weeds.
List plants being controlled	Oriental bittersweet, black swallow-wort, common reed grass and aquatic invasive weeds
Reason for control	 To improve open water quality, habitat for wildlife and aid in flood erosion control. Wetland habitat improvement and water quality
Name the control methods used	Researching control methods
Funding source	The USDA and in part by the Nature Conservancy
Explain survey protocols used to inventory invasive plant populations	Early detection, coupled with a rapid assessment and a quick and effective response is viewed as one of the best and cost-efficient ways of dealing with invasive species problems.
PLACES TO CALL AND/OR WEBSITES	www.hort.uconn.edu/cipwg/ www.invasivespecies.gov www.eeb.ucon.edu www.invasive.org/eastern/

■ STATE	Delaware
DOES STATE HAVE AN INVASIVE SPECIES COUNCIL	YES X NO
Name of council	Delaware Invasive Species Council (www.udel.edu/DISC)
Groups included (state, federal, non profit, etc.)	4 Committees: Biology, Education, Research, Data Mgmt 30 representatives from federal, state, and local agencies; as well as private organizations
Coordinator (Name, address, phone, email)	Faith B. Kuehn, Plant Industries, DE Department of Agriculture, S. Dupont Hwy., Dover, DE 19901, 302-698-4587, 2320 faith.kuehn@state.de.us
NAME OF AGENCIES OR GROUPS RESPONSIBLE FO R	Delaware Department of Agriculture, Plant Industries
INVASIVE PLANT REG ULATORY AND LEGAL	http://www.state.de.us/deptagri/plantind/noxious.htm
RESPONSIBILITY	Delaware Noxious Weed Law, 3DelC., Chapter 24 (LAW)
Contact Person (Name, address, phone, email)	Terry Van Horn, 2320 S. Dupont Hwy., Dover, DE 19901, 302-698-4580, Terry.VanHorn@state.de.us.
■ IS THERE A STATE INVASIVE PLANT LIST?	YES X NO
Where are copies obtained?	Noxious Weed List www.dnrec.state.de.us/fw/nonnative%20plants03.pdf
Is the list officially accepted by the state?	YES X NO
Completed or in draft status?	COMPLETED X DRAFT
What is the legal regulatory status of the list?	See: Delaware laws at: www.invasivespecies.gov/laws/state/de.shtml
List the top 3 invasive plant species problems in the	1. Johnson grass, Sorghum halepense
state	2. Canada Thistle, <i>Cirsium arvense</i>
	3. Bur cucumber, Sicyos angulatus
	4. Giant Ragweed, Ambrosia trifida
• LIST CURRENT INVASIVE PLANT CONTROL PROJECTS	The main objective is to provide management assistance to
INSTATE	farmers, landowners and homeowners
List plants being controlled	Johnson grass, Sorghum halepense, Canada Thistle, Cirsium arvense, Bur cucumber, Sicyos angulatus, Giant Ragweed, Ambrosia trifida
Reason for control	Delaware law requires that these weeds not be allowed to exceed 24 inches in height or be allowed to produce seed.
Name the control methods used	chemical and mechanical
Funding source	State funds
Explain survey protocols used to inventory invasive plant populations	
PLACES TO CALL AND/OR WEBSITES	www.udel.edu/DISC. www.invasivespecies.gov/laws/state/de.shtml, www.dnrec.state.de.us/fw/nonnative%20plants03.pdf www.state.de.us/deptagri/plantind/noxious.htm

• STATE	Illinois
DOES STATE HAVE AN INVASIVE SPECIES COUNCIL	
Name of council	YES NO X (PREVOIUS BUT FUNDING WAS CUT)
Groups included (state, federal, non profit, etc.)	US Fish & Wildlife Service, Department of Agriculture, Master Gardener, Chicago Wilderness, TNC
Coordinator (Name, address, phone, email)	Randy Heidorn, Illinois Nature Preserve Commission, Department of Natural Resources, 217-782-4923, rheidorn@dnrmail.state.il.us
 NAME OF AGENCIES OR GROUPS RESPONSIBLE FO R INVASIVE PLANT REGULATORY AND LEGAL RESPONSIBILITY 	Bureau of Environmental Programs. 2002. Illinois Noxious Weed Law and Rules. Illinois Department of Agriculture.
Contact Person (Name, address, phone, email)	Charles A. "Chuck" Hartke, Director, Illinois Department of Agriculture, State Fairgrounds, P.O. Box 19281 Springfield, IL 62794-9281, 217-782-2172, pio@agr084r1.state.il.us www.arg.state.il.us/aboutcontacts.html
■ IS THERE A STATE INVASIVE PLANT LIST?	YES X NO
Where are copies obtained?	USDA plant data base http://plants.usda.gov
Is the list officially accepted by the state?	YES NO
Completed or in draft status?	COMPLETED DRAFT
What is the legal regulatory status of the list?	
List the top 3 invasive plant species problems in the state	Purple Loosestrife <i>Lythrum salicaria</i> L. Garlic Mustard <i>Alliaria petiolata</i> (Bieb.) Cavara & Grande Amur Honeysuckle <i>Lonicera maackii</i> (Rupr.) Herder
■ LIST CURRENT INVASIVE PLANT CONTROL PROJECTS IN STATE	Prairie Restoration Midewin Restoration, Cache River Bottom Restoration
List plants being controlled	Purple loosestrife, Kudzu, Garlic Mustard, Chinese Yam
Reason for control	Uncontrolled spread and destruction of native habitat
Name the control methods used	Biocontrol (beetle) for purple loosestrife Herbicides for Kudzu
Funding source	USDA Forest Service Northeastern Area Grants
Explain survey protocols used to inventory invasive plant populations	DNR and Nature Preserves Commission
PLACES TO CALL AND/OR WEBSITES	Illinois Dept. of Nat. Res., Division of Resource Protection & Stewardship (dnr/state.il.us.conservation/naturalheritage), Glen Kruse, 217-785-8774
	Illinois Nature Preserves Com. (dnr.state.il.us/INPC/Index_files.htm), Carolyn Grosboll, 217-785-8686

- Gm. m	T 1'
• STATE	Indiana
DOES STATE HAVE AN INVASIVE SPECIES COUNCIL	YES X NO
Name of council	Invasive Plant Species Assessment Working Group (IPSAWG)
Groups included (state, federal, non profit, etc.)	State and federal regulatory agencies, natural areas managers,
	academia, environmental groups, forage council members,
	seeds men, nursery, landscape, cooperative extension service,
Coordinator (Name address whose amail)	Indiana Academy of Science -Robert D. Waltz, State Entomologist, 402 W. Washington,
Coordinator (Name, address, phone, email)	Room W-290, Indianapolis, IN 46204, 317-232-4120,
	bwaltz@dnr.state.in.us
	-Ellen Jacquart, Nature Conservancy, 1505 N Delaware,
	Indianapolis, IN 46202, 317-951-8818
NAME OF AGENCIES OR GROUPS RESPONSIBLE FO R	Indiana Dept. of Natural Resources, Div. of Entomology &
INVASIVE PLANT REGULATORY AND LEGAL	Plant Pathology, 402 W. Washington, Room W-290
RESPONSIBILITY	Indianapolis, IN 46204
Contact Person (Name, address, phone, email)	Robert D. Waltz, State Entomologist, 402 W. Washington,
(· · · · · · · · · · · · · · · · · · ·	Room W-290, Indianapolis, IN 46204, 317-232-4120,
	bwaltz@dnr.state.in.us
• IS THERE A STATE INVASIVE PLANT LIST?	YES X NO
Where are copies obtained?	USDA plant data base
	http://plants.usda.gov
Is the list officially accepted by the state?	YES NO X
Completed or in draft status?	COMPLETED DRAFT X
What is the legal regulatory status of the list?	Some species such as loosestrife have state regulations
	governing them others use recommendations or may be
	prohibited or listed as noxious weeds
List the top 3 invasive plant species problems in the	1. Bush Honeysuckles (Lonicera supp.)
state	2. Garlic Mustard <i>Alliaria petiolata</i> (Bieb.) Cavara & Grande 3. <i>Eleagnus spp</i> .
LIST CURRENT INVASIVE PLANT CONTRO L PROJECTS	Invasive Species Control Projects DNR and US Forest Service
INSTATE	invasive species Control Projects DNR and OS Polest Service
List plants being controlled	Kudzu, purple loosestrife, Lonicera, red canary grass,
List plants being controlled	buckthorn, garlic mustard
Reason for control	Species are negatively affecting the ecotypic quality of Indiana
11011001101	natural areas
Name the control methods used	Mechanical and chemical controls.
	Biological controls would be considered if they were available
Funding source	Operational funds of the managing organizations and USDA
	Forest Service
Explain survey protocols used to inventory invasive	Surveys to access cover or site aggressiveness in natural areas.
plant populations	Some informal statewide inventories are being conducted
 PLACES TO CALL AND/OR WEBSITES 	Indiana Dept. of NR Dr. Robert Waltz, 317-232-4120
	Mr. Gary Simon, USDA APHIS, PPQ, SPHD 765-446-0267
	Mr. Ken Collins, USDA NRCS 317-290-3200 x356
	Lee Casebrer, Nature Preserves 317-232-4052

■ STATE	Iowa
DOES STATE HAVE AN INVASIVE SPECIES COUNCIL	YES NO X
Name of council	Ad hoc Invasive species Working Group
Groups included (state, federal, non profit, etc.)	Seed Weed Commissioner, Iowa State University
Coordinator (Name, address, phone, email)	John Harris, Entomology and Seed Lab, Iowa Dept. of Agriculture and Land Stewardship, Wallace State Office Bldg. Des Moines, IA 50319, 515-242-5138, john.harris@idals.state.ia.us
 NAME OF AGENCIES OR GROUPS RESPONSIBLE FO R 	Iowa Dept. of Agriculture & Land Stewardship. The Iowa
INVASIVE PLANT REGULATORY AND LEGAL RESPONSIBILITY	Weed Law, Iowa Dept. of Agriculture and Stewardship
	Noxious Weeds, Iowa Code 317, Agriculture and Stewardship [21] Chapter 58
Contact Person (Name, address, phone, email)	John Harris, Entomology and Seed Lab, Iowa Dept. of Agriculture and Land Stewardship, Wallace State Office Bldg. Des Moines, IA 50319, 515-242-5138, john.harris@idals.state.ia.us
• IS THERE A STATE INVASIVE PLANT LIST?	YES X NO
Where are copies obtained?	USDA plant data base
	http://plants.usda.gov
Is the list officially accepted by the state?	YES X NO
Completed or in draft status?	COMPLETED X DRAFT
What is the legal regulatory status of the list?	
List the top 3 invasive plant species problems in the state	 Garlic Mustard <i>Alliaria petiolata</i> (Bieb.) Cavara & Grande Honeysuckle <i>Anisacanthus</i> Buckthorn <i>Frangula</i> P. Mill.
■ LIST CURRENT INVASIVE PLANT CONTROL PROJECTS IN STATE	Awareness Action Plan Garlic Mustard control at White Pine Hollow State Forest Garlic Mustard control at Lake McBride State Park Honeysuckle control at Lake McBride State Park Buckthorn control at Browns Woods Reserve near DSM
List plants being controlled	Garlic Mustard, Honeysuckle, Buckthorn
Reason for control	To restore native ecosystems
Name the control methods used	Mechanical, chemical and considering biological
Funding source	In-kind funding for state and county personnel, EPA 319 water quality grant for honeysuckle efforts, donations, USDA Forest Service funding to Iowa State for survey protocol
Explain survey protocols used to inventory invasive plant populations	Invasive plant species surveys to determine locations and severity of garlic mustard, honeysuckle, buckthorn and multiflora rose across the state. Iowa State U. protocol.
PLACES TO CALL AND/OR WEBSITES	www.forestry.iastate.edu/Invasive_Species/Invasive.html www.state.ia.us/forestry http://www.nemw.org/ansstatelaws.htm

■ STATE	Maine
DOES STATE HAVE AN INVASIVE SPECIES COUNCIL	YES X NO
Name of council	Maine Invasive Species Council
Groups included (state, federal, non profit, etc.)	State and federal agencies, conservation organizations,
The state (and state at) and the state of t	academia, and private environmental consultants
Coordinator (Name, address, phone, email)	Maine Natural Areas Program, 93 State House Station
	Augusta, Maine 04333-0093, 207-287-8044
	mnap@state.me.us Ann Gibbs
NAME OF AGENCIES OR GROUPS RESPONSIBLE FOR	Maine Department of Conservation, Maine Natural Areas
INVASIVE PLANT REGULATORY AND LEGAL	Program Management of Invasive Non-native Plants in Maine
RESPONSIBILITY	And Cittle Meine Deut of Anni 20 Cteta Henry Ctetion
Contact Person (Name, address, phone, email)	Ann Gibbs, Maine Dept. of Agri, 28 State House Station, Augusta ME 04333, 207-287-3891, ann.gibbs@state.me.us
• IS THERE A STATE INVASIVE PLANT LIST?	YES X NO
Where are copies obtained?	USDA plant data base
Where are copies obtained.	http://plants.usda.gov
Is the list officially accepted by the state?	YES NO
The state of the s	
Completed or in draft status?	COMPLETED DRAFT
What is the legal regulatory status of the list?	Public Laws of Maine Ch. 722. 1999. An Act to Prevent the Spread
	of Invasive Aquatic Plants. State of Maine
List the top 3 invasive plant species problems in	1. Purple Loosestrife <i>Lythrum salicaria</i>
the state	2. Japanese barberry Berberis <i>thunbergii</i> DC.
- I was a supplied by a supplied of the supplied by a supp	3. Oriental bittersweet <i>Celastrus orbiculatus</i> Thunb
LIST CURRENT INVASIVE PLANT CONTROL PROJECTS IN STATE	Habitat Restoration Projects
List plants being controlled	Marsh plants -pickerel weed and bull rush
List plants being controlled	Warsh plants-pickerer weed and bull rush
Reason for control	Fragmented wildlife habitats and water quality
Name the control methods used	Vegetation control and education outreach
Funding source	In part by a grant from the Maine Outdoor Heritage Fund
Explain survey protocols used to inventory invasive	1) assess and track the most invasive plant species in Maine,
plant populations	2) educate landowners, land managers, nursery groups, and the
	general public about native alternatives to non-native plants for use in gardening, landscaping, and restoration work,
	3) Generating educational materials on the ecology and
	management of at least five of the most invasive non-native
	plants in Maine.

Is the list officially accepted by the state?	YES NO
Completed or in draft status?	COMPLETED DRAFT
What is the legal regulatory status of the list?	No legal status for list and no state authority.
	Noxious weeds yes
List the top 3 invasive plant species problems in the	1. Oriental Bittersweet
state	2. Japanese Knotweed
	3. Morrow Honeysuckle
■ LIST CURRENT INVASIVE PLANT CONTROL PROJECTS	Japanese Stilt Grass – Control phase
IN STATE	TNC Burkshire Chapter – Jap Knotweed – 30,000 acres
	Silvio-conte Refuge – water chestnut
List plants being controlled	Stilt grass, barberry, and water chestnut some with herbicide
	Lesser celandine becoming problem
Reason for control	
	Promote native habitat restoration
Name the control methods used	Mechanical and herbicide
Funding source	Federal and State
Explain survey protocols used to inventory invasive	U. Conn. – Invasive plant Atlas for New England training
plant populations	Citizen Volunteers. Nursery committee stopped distribution of
	color guide
PLACES TO CALL AND/OR WEBSITES	Steve Somers 610-458-8192 or Ken Gooch 413-442-8928

■ STATE	Michigan
DOES STATE HAVE AN INVASIVE SPECIES COUNCIL	YES X NO
Name of council	Michigan Invasive Plant Council (MIPC)
Groups included (state, federal, non profit, etc.)	State, federal, nonprofit, and nursery groups.
	DNR, MDA, USFA, TNC, Beekeepers, MDOT, Military,
	University, Nursery & Landscape, private, Wildflower Assoc.
	of MI, Parks, Seney Wildlife Refuge, Municipal Arborists, Soil
	Conservation Service
Coordinator (Name, address, phone, email)	Dr. Robert Schutzki, Michigan State University, College of
	Agriculture and Natural Resources
	PO Box 464, Newaygo, Michigan 49337,
- Name of a grant of the state	517- 353-5487 schutzki@msu.edu.us
NAME OF AGENCIES OR GROUPS RESPONSIBLE FO R INVASIVE BLANE RECLU ATORY AND LEGAL	Michigan Department of Agriculture
INVASIVE PLANT REGULATORY AND LEGAL RESPONSIBILITY	
Contact Person (Name, address, phone, email)	Ken Rauscher, 517-373-4087, Rauscherk@michigan.gov
Contact I cison (Ivame, address, phone, eman)	Mike Byran, 517-373-2977, bryanm@michigan.gov

	Lansing, Michigan 48909, 1-800-292-3939
• IS THERE A STATE INVASIVE PLANT LIST?	YES X NO
Where are copies obtained?	Contact MDA 517-373-1087 or Mike Byran, 517-373-2977 for
-	a list or access at: USDA plant data base, http://plants.usda.gov
Is the list officially accepted by the state?	YES X NO
Completed or in dr aft status?	COMPLETED DRAFT X
What is the legal regulatory status of the list?	Personal contact
List the top 3 invasive plant species problems in the	Purple Loosestrife Lythrum salicaria
state	Garlic mustard <i>Alliaria petiolata</i>
	3. Buckthorn <i>Frangula</i> P. Mill.
■ LIST CURRENT INVASIVE PLANT CONTROL PROJECTS	
INSTATE	
List plants being controlled	Purple loosestrife, Garlic Mustard, European Buckthorn
Reason for control	Displacing native plant species, changing/simplifying native
	ecosystems
Name the control methods used	See biocontrol of Purple loosestrife at www.miseagrant.org/pp
Name the control methods used	Norway Maple, Spotted Knapweed, and smooth buckthorn
	Two way Wapie, Spotted Khapweed, and Shlooth Sackthorn
Funding source	Michigan Sea Grant
Explain survey protocols used to inventory invasive	MIPC is currently developing an invasive plant monitoring
plant populations	system and protocol. Plans are to begin with garlic mustard,
	European Buckthom, and purple loosestrife and include others
	as needed.
