MEMORANDUM FOR UNDER SECRETARY OF DEFENSE (COMPTROLLER)

SUBJECT Fiscal Year/Calendar Year 2003 Medical and Dental Reimbursement Rates

The attached document contains the complete and final reimbursable rate package for medical and dental services for fiscal year and calendar year 2003. These reimbursement rates are effective May 1, 2003, and include all of the additives applied by your office

The submission of this package was delayed due to the Center for Medicare and Medicaid Services' (CMS) late release of its annual rates schedule The outpatient reimbursable rates included within this package are based on the CHAMPUS Maximum Allowable Charge (CMAC) rates. CMAC rates, which are calculated from CMS reimbursable rates, were not published until April 1, 2003.

The Office of Management and Budget publishes the reimbursement rates contained within this attachment in the *Federal Register* due to the public's interest in the Department of Defense's tortiously liable third party medical and dental rates

My point of contact for this action is Major JoAnn Kelsch, TRICARE Management Activity (TMA) Uniform Business Office (UBO) She can be reached at (703) 681-3492, ext 4068

As stated

MEDICAL AND DENTAL SERVICES REIMBURSEMENT RATES

The Fiscal Year (FY) and Calendar Year (CY) 2003 Department of Defense (DoD) reimbursement rates for inpatient, outpatient, and other services are provided in accordance with Title 10, United States Code, section 1095. Due to size, the sections containing the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) Maximum Allowable Charges (CMAC, section II), Dental (section III. F), Pharmacy (section III. D), and Durable Medical Equipment/Durable Medical Supplies (DME/DMS) (section III. K) are not included in this package. Those rates are available from the TRICARE Management Activity (TMA) Uniform Business Office (UBO) website: http://www.tricare.osd.mil/ebc/rm_home/ubo_documents_rates_tables.cfm.

The inpatient medical rates in this package and referenced above on the UBO website became effective October 1, 2002. The outpatient rates will have an effective date of May 1, 2003. The inpatient Adjusted Standardized Amount (ASA) rates will continue on a fiscal year update cycle and will be effective October 1, 2002 through September 30, 2003. Pharmacy rates are updated quarterly.

A government billing calculation factor (percentage discount) for billing outpatient International Military Education and Training (IMET) (58.57% of full rate), and Interagency and Other Federal Agency Sponsored Patients (IAR) rate (93.14% of full rate), will be applied to the line item charges calculated for outpatient medical and ancillary services using CMAC or anesthesia charges.

INPATIENT, OUTPATIENT, AND OTHER RATES AND CHARGES

I. INPATIENT RATES

A. All Inpatient Services
(Based on Diagnosis Related Groups (DRG) 1/ 2/)

1. Average FY 2003 Direct Care Inpatient Reimbursement Rates

Adjusted Standard Amount (ASA)	IMET	IAR	Other (Full/Third Party)
Large Urban	$3,521.00	$6,434.00	$6,748.00
Other Urban/Rural	$4,316.00	$7,191.00	$7,575.00
Overseas	$4,443.00	$9,879.00	$10,344.00

2. Overview

The FY 2003 inpatient rates are based on the cost per DRG, which is the inpatient full reimbursement rate per hospital discharge weighted to reflect the intensity of the principal diagnosis, secondary diagnoses, procedures, patient age, etc. involved. The average cost per Relative Weighted Product (RWP) for large urban, other urban/rural, and overseas facilities will be published annually as an inpatient adjusted standardized amount (ASA) (see paragraph I.A.1., above). The ASA will be applied to the RWP for each inpatient case, determined from the DRG weights, outlier thresholds, and payment rules published annually for hospital reimbursement rates under CHAMPUS pursuant to 32 CFR 199.14(a)(1), including adjustments for length of stay (LOS) outliers. Each military treatment facility (MTF) providing inpatient care has a separate ASA rate. The MTF-specific ASA rate is the published ASA rate adjusted for area wage differences and indirect medical education (IME) for the discharging hospital (see Attachment 1). The MTF-specific ASA rate submitted on the claim is the rate that payers will use for reimbursement

purposes. An example of how to apply a specific military treatment facility's ASA rate to a DRG standardized weight to arrive at the costs to be recovered is contained in paragraph I.A.3., below.

3. Example of Adjusted Standardized Amounts for Inpatient Stays

Figure 1 shows examples for a non-teaching hospital (Reynolds Army Community Hospital) in an Other Urban/Rural area.

a. The cost to be recovered is the MTF's cost for medical services provided. Billings will be at the third party rate.

b. DRG 020: Nervous System Infection Except Viral Meningitis. The RWP for an inlier case is the CHAMPUS weight of 2.1159. (DRG statistics shown are from FY 2002.)

c. The FY 2003 MTF-applied ASA rate is $7,152.00 (Reynolds Army Community Hospital's third party rate as shown in Attachment 1).

d. The MTF cost to be recovered is the RWP factor (2.1159) in subparagraph 3.b., above, multiplied by the amount ($7,152.00) in subparagraph 3.c., above.

e. Cost to be recovered is $15,134.00

Figure 1. Third Party Billing Examples

DRG Number	DRG Description	DRG Weight	Arithmetic Mean LOS	Geometric Mean LOS	Short Stay Threshold	Long Stay Threshold
020	Nervous System Infection Except Viral Meningitis	2.1159	7.6	5.5	1	29

Hospital	Location	Area Wage Rate Index	IME Adjustment	Group ASA	MTF-Applied ASA

#3	35 days	6	2.1159	.7617	2.8776	$20,581.00

* DRG Weight

** Outlier calculation = 33 percent of per diem weight × number of outlier days
= .33 (DRG Weight/Geometric Mean LOS) × (Patient LOS - Long Stay Threshold)
= .33 (2.1159/5.5) × (35-29)
= .33 (.38471) × 6 (extend to five decimal places)
= .12695 × 6 (extend to five decimal places)
= .7617 (extend to four decimal places)

II. OUTPATIENT RATES 2/ 3/ 4/

A. CMAC Rates The CHAMPUS Maximum Allowable Charge (CMAC) rates, established under 32 CFR 199.14(h), are used for determining the appropriate charge for services in an itemized format, based on Healthcare Common Procedure Coding System (HCPCS) methodology. The CMAC rates are available on the TMA UBO website at http://www.tricare.osd.mil/ebc/rm_home/ubo_documents_rates_tables.cfm. The CMAC rate tables contain the rates for radiology, laboratory, clinic procedures/services, and Evaluation and Management (E/M) Current Procedural Terminology (CPT) codes.

CMAC is organized by 90 distinct "localities," which account for differences in geographic regions based on demographics, cost of living, and population. Each MTF Defense Military Information System identification (DMIS ID) will map to a locality code to obtain the correct rates. For the complete DMIS ID locality table please refer to the DMIS ID website at http://www.dmisid.com/cgi-dmis/default.

In each locality, there are three sub-tables of rates: CMAC, Component, and Non-CMAC. The CMAC rate table determines the payment for individual professional services and procedures identified CPT and HCPCS codes. The Component rate table is based on component rates comprising professional, technical and global rates. The Non-CMAC rate table captures pricing for procedure codes at the local or state level. Each state/locality does not have the same set of prevailing rates. When rates are pulled from the Non-CMAC table, the prevailing local fee is used in all cases.

Within the CMAC tables, the rates are based not only on HCPCS but on a "Provider Class" based on medical specialty of the provider. Each provider is mapped to a provider class to calculate the correct rate.

B. Per ClinicVisit With implementation of OIB, an all-inclusive rate per clinic visit will no longer be charged. Instead, charges will be based on services provided and will be itemized.

C. Ambulatory Procedure Visit (APV) - Per Visit 5/ APV charges are based on the CPT codes of the procedures performed. An itemized bill will be produced for the charges associated with the APV including ancillaries and anesthesia as applicable.

III. OTHER RATES AND CHARGES

A. Immunization The charge for immunizations, allergen extracts, allergic condition tests, and the administration of certain medications when these services are provided in a separate immunizations or shot clinic, are based on CMAC rates in cases in which such rates are available. In cases in which such rates are not available, rates will be based on the average full cost of these services, exclusive of any costs considered for purposes of any outpatient visit. A separate charge shall be made for each immunization, injection or medication administered. If there is no CMAC rate available for an immunization or injection then the flat rate of $34.00 will be billed.

B. Subsistence Rate 6/ The standard and discount rates for subsistence are available from the DoD Comptrollers website, Tab G: http://www.dod.mil/comptroller/ratesindex2003.html.

C. Family Member Rate $12.72 (with exception of spouses and other dependents of enlisted personnel in pay grades E-1 through E-4, who are charged the discount meal rate – See Comptrollers website, Tab G: http://www.dod.mil/comptroller/ratesindex2003.html.

D. Pharmacy 7/ All medications, both internal and external, are billable. The rates for pharmacy are based on the average full cost of these drugs. These rates will be updated quarterly. These rates in this table are based on National Drug Code (NDC) codes. This rate table may be found on the TMA UBO website at http://www.tricare.osd.mil/ebc/rm_home/ubo_documents_rates_tables.cfm.

E. Ancillary Services - Per Procedure 8/ All Laboratory and Radiology procedures will be billed per CMAC Rates, including those associated with a clinic visit.

F. Dental Rate - Per Procedure 9/

CDT/CPT	Clinical Service	IMET	IAR	Other (Full/Third Party)
	Dental Services ADA code weight multiplier	$44.00	$60.00	$63.00

G. Ambulance Rate - Per Hour 10/

CDT/CPT	Clinical Service	IMET	IAR	Other (Full/Third Party)
A0999	Ambulance	$102.00	$140.00	$147.00

H. AirEvac Rate - Per Trip (24-hour period) 11/

Clinical Service	IMET	IAR	Other (Full/Third Party)
AirEvac Services – Ambulatory	$361.00	$494.00	$518.00
AirEvac Services – Litter	$1,047.00	$1,435.00	$1,503.00

I. Observation Rate - Per Hour 12/ Under OIB, observation services will be billed according to applicable CPT codes.

J. Anesthesia The flat rate for anesthesia services is based on an average DoD cost of service in all MTFs. The range of HCPCS codes for anesthesia is 00100–01999. The flat rate for anesthesia will be $174.00.

K. Durable Medical Equipment/Durable Medical Supplies (DME/DMS) Durable Medical Equipment (DME) and Durable Medical Supplies (DMS) are based on the Medicare Fee Schedule floor rate. The HCPCS codes contained in this table are for A4212–A7509, E0100–E2101, K0001–K0551, L0100–L8670, and V2020–V2780. This rate table may be found on the TMA UBO website at http://www.tricare.osd.mil/ebc/rm_home/ubo_documents_rates_tables.cfm.

NOTES ON COSMETIC SURGERY CHARGES:

a/ Charges for Inpatient surgical care services are based on the cost per DRG.

b/ Charges for outpatient surgical care services are based on the cost per CPT code.

c/ All required DoD guidelines and instructions for APVs must be followed. An ambulatory procedure visit is defined in DoD Instruction 6025.8, “Ambulatory Procedure Visit (APV),” dated September 23, 1996, as immediate (day of procedure) pre-procedure and immediate post-procedure care requiring an unusual degree of intensity and provided in an ambulatory procedure unit (APU). An APU is a location or organization within an MTF (or freestanding outpatient clinic) that is specially equipped, staffed, and designated for the purpose of providing the intensive level of care associated with APVs. Care is required in the facility for less than 24 hours. All expenses and workload are assigned to the MTF-established APU associated with the referring clinic.

d/ Refer to Office of the Assistant Secretary of Defense (Health Affairs) policy on Vision Correction Via Laser Surgery For Non-Active Duty Beneficiaries, April 7, 2000, for further guidance on billing for these services. The policy can be downloaded from: http://www.ha.osd.mil/policies/2000/00_003.pdf.

e/ The attending physician is to document and record the appropriate DRG/CPT code to indicate the procedure followed during cosmetic surgery. It is up to the physician to decide whether or not the services are considered medically necessary or elective.

f/ Each regional lipectomy shall carry a separate charge. Regions include head and neck, abdomen, flanks, and hips.

NOTES ON REIMBURSABLE RATES:

1/ The cost per Diagnosis Related Group (DRG) is based on the inpatient full reimbursement rate per hospital discharge, weighted to reflect the intensity of the principal and secondary diagnoses, surgical procedures, and patient demographics involved. The ASA per RWP for use in the direct care system is comparable to procedures used by the Centers for Medicare and Medicaid Services (CMS) and CHAMPUS. These expenses include all direct care expenses associated with direct patient care. The average cost per RWP for large urban, other urban/rural, and overseas will be published annually as an adjusted standardized amount (ASA) and will include the cost of inpatient professional services. The DRG rates will apply to reimbursement from all sources, not just third party payers.

MTFs without inpatient services, whose providers are performing inpatient care in a civilian facility for a DoD beneficiary, can bill payers the percentage of the charge that represents professional services as provided above. The ASA rate used in these cases, based on the absence of an ASA rate for the facility, will be based on the average ASA rate for the type of metropolitan statistical area the MTF resides, large urban, other urban/rural, or overseas (see paragraph I.A.1.). The UBO must receive documentation of care provided in order to produce a bill.

2/ Percentages can be applied when preparing bills for inpatient services. Pursuant to the provisions of 10 U.S.C. 1095, the inpatient Diagnosis Related Groups percentages are 96 % hospital and 4 % professional charges. When preparing bills for outpatient services, professional fees are based on the E/M charges, the hospital fees are based on the charges for ancillary services, pharmacy and supplies.

3/ The Medical Expense and Performance Reporting System (MEPRS) code is a three digit code which defines the summary account and the subaccount within a functional category in the DoD medical system. MEPRS codes are used to ensure that consistent expense and operating performance data is reported in the DoD military medical system. An example of the MEPRS hierarchical arrangement follows:

	MEPRS CODE
Outpatient Care (Functional Category)	B
Medical Care (Summary Account)	BA
Internal Medicine (Subaccount)	BAA

5/ Ambulatory procedure visit is defined in DoD Instruction 6025.8, "Ambulatory Procedure Visit (APV)," dated September 23, 1996, as immediate (day of procedure) pre-procedure and immediate post-procedure care requiring an unusual degree of intensity and provided in an ambulatory procedure unit (APU). An APU is a location or organization within an MTF (or freestanding outpatient clinic) that is

specially equipped, staffed, and designated for the purpose of providing the intensive level of care associated with APVs. Care is required in the facility for less than 24 hours. All expenses and workload are assigned to the MTF-established APU associated with the referring clinic.

6/ Subsistence is billed under the Medical Services Account (MSA) Program only. The MSA office shall collect subsistence charges from all persons, including inpatients and transient patients not entitled to food service at Government expense. Please refer to DoD 6010.15–M, Military Treatment Facility UBO Manual, April 1997, and the DoD 7000.14–R, "Department of Defense Financial Management Regulation," Volume 12, Chapter 19 for guidance on the use of these rates.

7/ Third party payers (such as insurance companies) shall be billed for prescription services when beneficiaries who have medical insurance obtain medications from MTFs that are prescribed by providers both internal and external to the MTF (e.g., physicians and dentists). Eligible beneficiaries (family members or retirees with medical insurance) are not liable personally for this cost and shall not be billed by the MTF. Medical Services Account (MSA) patients, who are not beneficiaries as defined in 10 U.S.C. 1074 and 1076, are charged at the "Other" rate if they are seen by an outside provider and only come to the MTF for prescription services. The standard cost of medications includes the DoD-wide average cost of the drug, calculated by lowest cost for the generic drugs with the same dosage and strength. The prescription charge is calculated by multiplying the number of units (e.g., tablets or capsules) by the unit cost and adding $6.00 for the cost of dispensing the prescription. Dispensing costs include overhead, supplies, and labor, etc. to fill the prescription.

The list of drug reimbursement rates is too large to include in this document. Those rates are available from the TMA's UBO website, http://www.tricare.osd.mil/ebc/rm_home/ubo_documents_rates_tables.cfm.

8/ Charges for ancillary services requested by an internal (associated with a clinic visit) or an outside provider (e.g., physicians and dentists) are relevant to the Third Party Collection Program. Third party payers (such as insurance companies) shall be billed for ancillary services when beneficiaries who have medical insurance obtain services from the MTF which are prescribed by providers external to the MTF.

Eligible beneficiaries (family members or retirees with medical insurance) are not personally liable for this cost and shall not be billed by the MTF. MSA patients, who are not beneficiaries as defined by 10 U.S.C. 1074 and 1076, are charged at the "Other" rate if they are not seen by an outside provider and only come to the MTF for ancillary services.

9/ Dental service rates are based on a dental rate multiplied by the DoD established weight for the American Dental Association (ADA) code performed. For example, for ADA code 00270, bite wing single film, the weight is 0.15. The weight of 0.15 is multiplied by the appropriate rate, IMET, IAR, or Full/Third Party rate to obtain the charge. If the Full/Third Party rate is used, then the charge for this ADA code will be $9.45 ($63 x .15 = $9.45).

The list of CY 2003 ADA codes and weights for dental services is too large to include in this document. This rate table may be found on the TMA's UBO website at http://www.tricare.osd.mil/ebc/rm_home/ubo_documents_rates_tables.cfm .

10/ Ambulance charges shall be based on hours of service in 15-minute increments. The rates listed in section III.G. are for 60 minutes or 1 hour of service. Providers shall calculate the charges based on the number of hours (and/or fractions of an hour) that the ambulance is logged out on a patient run. Fractions

of an hour shall be rounded to the next 15-minute increment (e.g., 31 minutes shall be charged as 45 minutes).

11/ Air in-flight medical care reimbursement charges are determined by the status of the patient (ambulatory or litter) and are per patient during a 24-hour period. The appropriate charges are billed only by the Air Force Global Patient Movement Requirement Center (GPMRC). These charges are only for the cost of providing medical care. Flight charges are billed by GPMRC separately.

12/ Observation Services are billed based on applicable CPTs. If the status of a patient changes to inpatient, the charges for observation services are added to the DRG assigned to the case and not separately billed. If a patient is released from observation status and is sent to an APV, the charges for observation services are not billed separately but are added to the APV rate to recover all expenses.

13/ Family members of active duty personnel, retirees and their family members, and survivors shall be charged elective cosmetic surgery rates. Elective cosmetic surgery procedure information is contained in section IV. The patient shall be charged the rate as specified in the CY 2003 reimbursable rates. The charges for elective cosmetic surgery are at the full reimbursement rate (designated as the "Other" rate) for inpatient care services based on the cost per DRG or CPT. The patient is responsible for the cost of the implant(s) and the prescribed cosmetic surgery rate. (Note: The implants and procedures used for the augmentation mammaplasty are in compliance with Federal Drug Administration guidelines.)
