

MILITARY CHILD CARE
SCHOOL YEAR 2000/2001

Chapter 88 of Title 10, United States Code (as added by section 568 of the National Defense Authorization Act for 1996, which codified the Military Child Care Act of 1989) requires DoD to prescribe uniform fee regulations for Military Child Development Centers. Fees are to be based on total family income and apply to all children attending a Military Child Development Center. The fee ranges for the 2000/2001 school year must be implemented between August 1, 2000 and October 1, 2000. The fee ranges for school year 2000/2001 and are as follows:

FEE RANGES FOR THE 2000/2001 SCHOOL YEAR

Notes:

^{1/} The Child Development Center should review DD Form 2652 to verify total family income (TFI). Military income includes Base Pay, Basic Allowances for Housing (BAH) and Basic Allowance for Subsistence. The most recent copy of the spouse's W-2 or a leave and earnings statement should be used to verify income for nonmilitary personnel. Minimum BAH is not available on the Service Member's LES, but DoD Military Personnel Policy/Compensation will publish an annual chart of Minimum BAH. In order to calculate TFI, the Service member's Minimum BAH will be determined by the chart.

^{2/} Installations may authorize up to a 20 percent reduction of fees charged for each additional child from the same family.

^{3/} The optional high cost range may be used where it is necessary to pay higher wages in order to compete in the local labor market.
