APPENDIX B - ANALYSIS OF ENERGY EFFICIENCY

ECRV DAYS USED AND MILES DRIVEN

Station Name	FY	AP	Number of Vehicles	Sum of Days Assigned	Sum of Days Not Used	Sum of Days Used	Sum of Days In Shop	Sum of Miles Driven	Avg Miles/Day
--------------	----	----	--------------------------	----------------------------	----------------------------	------------------------	---------------------------	---------------------------	------------------

Notes for Appendix B.1 - Days Used and Miles Driven

1. A limited procedure for Quality Control was implemented. Data were changed only when it was clear that there were arithmetic inaccuracies.
2. Items noted in bold are values, which were corrected during the Quality Control review, or represent a total.
3. Spaces left blank in columns 5 through 8 (days) indicate that no data were available from the Postal Service.
4. Spaces left blank in column 10 indicate that the data in previous columns was inadequate to calculate a reliable estimate of the miles per day.
5. The table for Harbor City has a second total for last five APs only. For this period, there were no EPICs onsite.
6. The mileage table for White Plains includes a separate total for the miles during 2003 only.

*Note: For an explanation of the items in bold and any blank cell refer to the last page of appendix B.1.*
