Full Replacement of CR 3415, 3rd Update to the 2004 Medicare Physician Fee

Schedule Database. CR 3415 Is Rescinded

### **Provider Types Affected**

Physicians, providers, and suppliers.

### **Provider Action Needed**

Physicians, providers, and suppliers should note the changes to the Medicare Physician Fee Schedule Database and identify those changes that affect their practice.

## **Background**

Payment files were issued to carriers based upon the November 7, 2003 and January 7, 2004 Final Rules. This instruction amends those payment files and replaces CR 3415.

CR 3415 included changes to the Professional Component/Technical Component (PC/TC) indicator for Current Procedural Terminology (CPT) codes 96400, 96408, 96425, 96520, and 96530 from a 5 to 0.

Changes to the PC/TC indicator for these codes should not have been included.

# **Implementation**

The implementation date for this instruction is October 4, 2004.

### Additional Information

The actual changes to the fee schedule involve numerous CPT/HCPCS codes and the actual effective dates vary. These changes to the revised 3rd Update to the 2004 Medicare Physician Fee Schedule Database are described in the following table.
