## *Skilled Nursing Facility Consolidated Billing as It Relates to Dialysis Coverage*

### Provider Types Affected

Skilled Nursing Facilities (SNFs), physicians, end-stage renal disease (ESRD) facilities, and hospitals

### Provider Action Needed

This Special Edition is an informational article that describes SNF Consolidated Billing (CB) as it applies to dialysis coverage for SNF residents. See Medlearn Matters article SE0431 for a detailed overview of SNF CB, including a section on services excluded from SNF CB. This article can be found at:

<http://www.cms.hhs.gov/medlearn/matters/mmarticles/2004/SE0431.pdf> .

### Background

Dialysis furnished to an SNF resident during a covered Part A stay falls within the scope of the SNF benefit under the Social Security Act, Section 1861(h)(7), as long as the SNF elects to provide the dialysis itself, either directly or under an “arrangement” with a qualified outside supplier in which the SNF itself assumes the Medicare billing responsibility. When covered in this manner, the dialysis would be included in the global Medicare Part A per diem payment that the SNF receives under the Prospective Payment System (PPS).

However, the SNF PPS legislation also gives SNFs the option of “unbundling” the dialysis and, thereby, allowing an outside supplier to furnish the dialysis services and submit a bill directly to its Medicare Part B carrier.

If the SNF elects this option, dialysis services that meet the requirements for separate coverage under the Part B dialysis benefit (as described in the Social Security Act, Section 1861(s)(2)(F)) are excluded from SNF CB. As such, these services can be furnished and billed directly to the Medicare Part B carrier by the outside dialysis supplier itself. In addition, effective April 1, 2000, the Balanced Budget Refinement Act of 1999 (BBRA 1999, Section 103) excluded from SNF CB those ambulance services that are necessary to transport an SNF resident offsite to receive the Part B dialysis services (Social Security Act, Section 1888(e)(2)(A)(iii)(I)).

As noted previously, if the SNF **elects** to provide the dialysis services under Part A, either directly or under an arrangement with an outside supplier, these services would be included in the SNF’s PPS per diem

payment (since dialysis services that SNFs furnished in this manner during the PPS base period would have been included on their cost reports and reflected in the PPS base).

Further, since the Social Security Act (Section 1833(d)) expressly prohibits payment under Part B for any service that is covered under Part A, such services would not be excluded from SNF CB, since they would no longer meet the statutory criteria (Section 1888(e)(2)(A)(ii)) of being items and services that meet the requirements for coverage under the separate Part B dialysis benefit of the Social Security Act (Section 1861(s)(2)(F)).
