[For the Securities and Exchange Commission statement of organization, see the *Code of Federal Regulations*, Title 17, Part 200]

The Securities and Exchange Commission administers Federal securities laws that seek to provide protection for investors; to ensure that securities markets are fair and honest; and, when necessary, to provide the means to enforce securities laws through sanctions.

The Securities and Exchange Commission was created under authority of the Securities Exchange Act of 1934 (15 U.S.C. 78a-78jj) and was organized on July 2, 1934. The Commission serves as adviser to United States district courts in connection with reorganization proceedings for debtor corporations in which there is a substantial public interest. The Commission also has certain responsibilities under section 15 of the Bretton Woods Agreements Act of 1945 (22 U.S.C. 286k-1) and section 851(e) of the Internal Revenue Code of 1954 (26 U.S.C. 851(e)).

The Commission is vested with quasi-judicial functions. Persons aggrieved by its decisions in the exercise of those functions have a right of review by the United States courts of appeals.

Activities

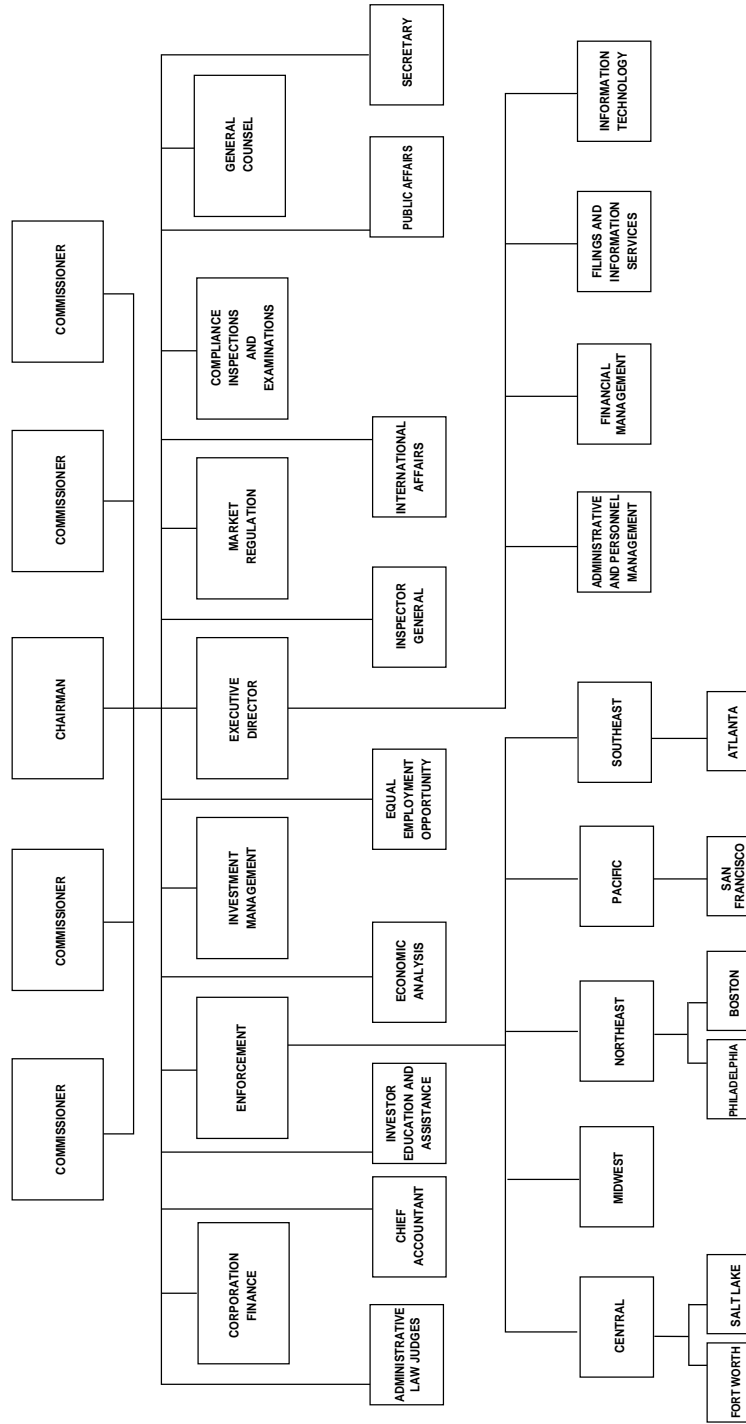

Full and Fair Disclosure The Securities Act of 1933 (15 U.S.C. 77a) requires issuers of securities and their controlling persons making public offerings of securities in interstate commerce or through the mails to file with the Commission registration statements containing financial and other pertinent data about the issuer and the securities

being offered. There are limited exemptions, such as government securities, nonpublic offerings, and intrastate offerings, as well as certain offerings not exceeding \$1.5 million. The effectiveness of a registration statement may be refused or suspended after a public hearing if the statement contains material misstatements or omissions, thus barring sale of the securities until it is appropriately amended.

Regulation of Companies Controlling Utilities The Commission regulates the purchase and sale of securities and assets by companies in electric and gas utility holding company systems, their intrasystem transactions and service, and management arrangements. It limits holding companies to a single coordinated utility system and requires simplification of complex corporate and capital structures and elimination of unfair distribution of voting power among holders of system securities.

The purchase and sale of utility properties and other assets may not be made in contravention of rules, regulations, or orders of the Commission regarding the consideration to be received, maintenance of competitive conditions, fees and commissions, accounts, disclosure of interest, and

similar matters. In passing upon proposals for reorganization, merger, or consolidation, the Commission must be satisfied that the objectives of the act generally are complied with and that the terms of the proposal are fair and equitable to all classes of securities holders affected.

Regulation of Investment Advisers

Persons who, for compensation, engage in the business of advising others with respect to securities must register with the Commission. The Commission is authorized to define what practices are considered fraudulent or deceptive and to prescribe means to prevent those practices.

Regulation of Mutual Funds and Other Investment Companies

The Commission registers investment companies and regulates their activities to protect investors. The regulation covers sales load, management contracts, composition of boards of directors, and capital structure. The Commission must also determine the fairness of various transactions of investment companies before these actually occur.

The Commission may institute court action to enjoin the consummation of mergers and other plans of reorganization of investment companies if such plans are unfair to securities holders. It also may impose sanctions by administrative proceedings against investment company management for violations of the act and other Federal securities laws and file court actions to enjoin acts and practices of management officials involving breaches of fiduciary duty and personal misconduct and to disqualify such officials from office.

Regulation of Securities Markets The Securities Exchange Act of 1934 assigns to the Commission broad regulatory responsibilities over the securities markets, the self-regulatory organizations within the securities industry, and persons conducting a business in securities. Persons who execute transactions in securities generally are required to register with the Commission as broker-dealers. Securities exchanges and certain clearing agencies are

required to register with the Commission, and associations of brokers or dealers are permitted to register with the Commission. The act also provides for the establishment of the Municipal Securities Rulemaking Board to formulate rules for the municipal securities industry.

The Commission oversees the self-regulatory activities of the national securities exchanges and associations, registered clearing agencies, and the Municipal Securities Rulemaking Board. In addition, the Commission regulates industry professionals, such as securities brokers and dealers, certain municipal securities professionals, government securities brokers and dealers, and transfer agents.

Rehabilitation of Failing Corporations

In cases of corporate reorganization proceedings administered in Federal courts, the Commission may participate as a statutory party. The principal functions of the Commission are to protect the interests of public investors involved in such cases through efforts to ensure their adequate representation, and to participate in legal and policy issues that are of concern to public investors generally.

Representation of Debt Securities Holders

The Commission safeguards the interests of purchasers of publicly offered debt securities issued pursuant to trust indentures.

Enforcement Activities

The Commission's enforcement activities are designed to secure compliance with the Federal securities laws administered by the Commission and the rules and regulations adopted thereunder. These activities include measures to:

- compel compliance with the disclosure requirements of the registration and other provisions of the relevant acts;
- prevent fraud and deception in the purchase and sale of securities;
- obtain court orders enjoining acts and practices that operate as a fraud upon investors or otherwise violate the laws;
- suspend or revoke the registrations of brokers, dealers, investment companies, and investment advisers who

willfully engage in such acts and practices;
 —suspend or bar from association persons associated with brokers, dealers, investment companies, and investment advisers who have violated any provision of the Federal securities laws; and
 —prosecute persons who have engaged in fraudulent activities or other willful violations of those laws.
 In addition, attorneys, accountants, and other professionals who violate the securities laws face possible loss of their privilege to practice before the Commission.

To this end, private investigations are conducted into complaints or other indications of securities violations. Evidence thus established of law violations is used in appropriate administrative proceedings to revoke registration or in actions instituted in Federal courts to restrain or enjoin such activities. Where the evidence tends to establish criminal fraud or other willful violation of the securities laws, the facts are referred to the Attorney General for criminal prosecution of the offenders. The Commission may assist in such prosecutions.

[For the Selective Service System statement of organization, see the *Code of Federal Regulations*, Title 32, Part 1605]

The mission of the Selective Service System is to provide untrained manpower to the Armed Forces in an emergency, and to operate an Alternative Service Program during a draft for men classified as conscientious objectors.

The Selective Service System was established by the Military Selective Service Act (50 U.S.C. app. 451-471a). The act requires the registration of male citizens of the United States and all other male persons who are in the United States and who are between the ages of 18 and 26. The act exempts members of the active Armed Forces and

nonimmigrant aliens. Proclamation 4771 of July 20, 1980, requires male persons born on or after January 1, 1960, and who have attained age 18 but have not attained age 26 to register. Registration is conducted at post offices within the United States and at U.S. Embassies and consulates outside the United States.
